THE EXTREME SPEED LIST. inary Record of the Trotting-

Sire Pacer This Year.

In the matter of extreme speed the present year will far surpass either 1893 or any preceding year, says The Chicago Inter-Ocean, and continues: Already the records show more miles in 2.10 or better, with six weeks of trotting yet remaining, than were made during all of last year. Last year there were 26 new 2.10 performers and 133 miles in 2.10 or better, including both time and race performances. Up to the present time this year has added exactly the same number of new performers, 26, while the miles in 2.10 or better number no less than 166. Of these 120 are to the credit of the pacing brigade and 46 belong to the trotters. The number of winning heats and exhibition miles in 2.10 or better to the credit of the various performers up Sire Pacer This Year.

to date for this you	
PACI	ERS.
Robert J.	Reflector Rowdy Joe Vassar W. Wood Ethel A Fidol Gazette. Guy. Merry Chimes Moonstone Rubenstein Whirligig Will Kerr Total

mances of Alix, Directly and other champions, last week was a record-breaker in another way, and it stands unique as the only week in history with five new 2.10 performers to its credit. They are as follows: Ethel A. 2.10, and Seal 2.08 3-4, at Galesburg: Gazette 2.09 3-4 and Merry Chimes 2.08 1-2 at Tiffin, Ohio, and Fidol 2.10 at Dubuque, Iowa. Three of them were bred in Iowa, one in New York and one in Kentucky. All five of them are trotting bred, being descended in direct male line from Hambletonian 10.

There have been occasions this season There have been occasions this season when Lord Clinton, Ryland T., Rowdy Joe, or some other of like unfashionable blood lines had spurted into prominence for a day, so that those who always look for points to criticise and carp at rather than to commend, have pointed to them

than to commend, have pointed to them as examples of how little breeding really has to do with speed.

A study of the breeding of the new 2.10 pacers of the year shows such remarkable uniformity that it will soon come to be a granted fact that a distinct type has been established, and speed is to be looked for from a certain system of breeding as sure as Concord grapes will grow on Concord grape vines.

There have been 19 pacers that have taken 2.10 rank this year for the first time. Of these one is a grandson of Hambletonian Fidol, Eight are grandsons, Ethel A., Gazette, Merry Chimes, Rubenstein, Joe Patchen, Ed Easton, Carbonate and Bourbon Patchen. Seven others trace to Hambletonian in direct male line at one further remove, namely, Seal, Vassar, John R. Gentry, Online, Whirligig, Doc Sperry and Directly. This leaves but three that are not in a direct line from Hambletonian—Moonstone, Reflector and Rowdy Joe. The former gets the Hambletonian blood through her dam. Reflector is a Tennessee pacing-bred horse, while Rowdy Joe is a Missouri product of practically unknown breeding. It is worthy of notice also that five of product of practically unknown breeding. It is worthy of notice also that five of the newcomers are sired by sons of George Wilkes, and three others by his grandsons. The more the extreme speed list is examined the greater becomes the conviction that the trotting-bred pacer has come to stay.

Racing in New York Doomed. New York, Sept. 25.—Just now the racing fraternity of this State is pondering and discussing the following amendment passed Friday last by the constitu-

ment passed Tritudy itself of the consti-tional convention:

Section 10 of article 1 of the consti-tution is hereby amended so as to read as follows:

Section 10. No law shall be passed abridging the right of the people peace-fully to assemble and to petition the Government, or any department thereof; nor shall any divorce be granted other-wise than by due judicial proceedings; nor shall any divorce be granted other-wise than by due judicial proceedings; nor shall any lottery or the sale of lot-tery tickets, poolselling, bookmaking or any other kind of gambling hereafter be authorized or allowed within this State, and the Legislature shall pass appro-priate laws to prevent offences against any of the provisions of this section. Jockey Club stewards who pass upon their own horses and who whitewash rascals are particularly distressed, as this amendment means they must go to work. It interests the gentlemen who work. It interests the gentlemen who work. It interests the gentlemen who are so anxious to keep up a game by which the public are daily robbed without redress to know that the passage of this amendment will make unprofitable the art of running horses short. It will also destroy the profession of sending horses ever their distance, of making horses arry more weight than they can horses carry more weight than they can win with, and other various and mani-fold ways by which a gentleman engaged in the horse-owning business can turn

It is an admitted fact that among It is an admitted fact that among those who appeared to know anything about it that horse racing was never so croked as it is right now in New York. The Guttenburg methods have been improved, that's all, but the end is near. The amendment will be intorce before another season, and racing will be as dead in New York State as it is now in New Jersey. Lovers as it is now in New Jersey. Lovers of the legitimate game will be able to answer their own question, "Who is to be blamed?"

The finals of the Toronto Athletic Club's Lawn Tennis Tournament took place yesterda yafternoon. Results: Ladies' novice-Miss G. Elmslie beat Miss Maule 2-6, 7-5, 6-1.

Ladies' doubles—Miss Maule and Miss
Scott beat Miss Taylor and Miss E. Tayor 6-2, 6-2.
Final handicap—Bain, half thirty, beat
Lyon, scratch, 6-2, 6-2, 6-4.
Semi-final championship—Lyon beat
Bain 6-2, 6-2; final, Lyon and Ferguson A large and fashionable assembly was present. Prof. Goldwin Smith presented the prizes.

for use at Summer Resorts 143 Yonge-street, Toronto.

world's wheat crop 35 per cent. above necessities. Export clearances less than 200,000. Primary receipts 773,000,small-er than last year and not over 1-2 the year before. But the liquidation of long lines, added to such bear news as there was kent the market coing down until the was,kept the market going down until the close. New low records were made, cash wheat got to 51 cents. Continued cool wheat got to 51 cents. Continued cool weather, favorable weekly crop bulletins, lack of cash demand and lower cables broke corn a cent and closed it weak. The official statement from the different states reported corn out of the way of frosts. Provisions opened weak and had a fair rally on covering by leading shorts and some good local buying. Later the weakness in corn turned these buyers in o sellers, which made a soft slumpy maraket. Considerable long stuff was thrown over by holders, both local and outside. The closing was steady, but still at lowest prices of day. The speculative situation is weak and lower prices probable, unless the market gets some help from higher corn.
