The Weekly Monitor.

WEDNESDAY, MARCH 17th, 1886.

—The matter of the Chase-Townley Estate, (supposed value $800,000,000), was brought up in the Local House of Assembly last week, where it was shown to be a fraud. With scarcely an exception, investigation of these wonderfully rich estates in foreign countries that are supposed to be awaiting heirs, proves them if not fictitious to be beyond the reach of the so-called heirs.

—The Liberal-Conservative candidates for this County, recently tendered their formal resignation to the party, and a mass meeting is called for the 25th inst., when five delegates from each ward are expected to be present, and new candidates will be chosen, the late candidates being eligible for re-election.

—"Grip" in its last issue has an excellent cartoon for its frontispiece. It represents Canada as a pretty young girl carrying a basket of fish on her head; near by a portly individual stands in a door-way with his hands in his pockets, while over his head is a sign "John Bull." An American fisherman is represented wearing the characteristic fuzzy high hat, swallow tail coat and strapped and striped pantaloons. The latter is stealing fish from the girl's basket, and says as he does so:—

"The old man won't interfere, I know; and as for the gal herself, I kin thrash *her* if she tries to stop me from stealing her fish."

Judging by the remarks of a number of papers, and of individuals in Congress adverse to the appointment of a fisheries commission, this is about the manner in which the Americans expect to reap a benefit from our fisheries, for which they are unwilling to exchange anything. We venture to say that if any American fishermen try the thieving game, they will not find it either very easy or very pleasant.

—In the Dominion Parliament, the member for Hastings, Mr. Robertson, has introduced a bill to provide that persons convicted of burglary should be imprisoned for life. Such a bill could scarcely be allowed to become law. The punishment would be entirely disproportionate to the offence. To many a man, hanging would be preferable to life-long imprisonment. The revival of the whipping post would have a deterrent effect upon many of the hardened criminals.

—The March term of the County Court convened at Annapolis last Tuesday morning and closed on the following day. The following were the causes tried:—

James Slocumb and J. A. Morse, Sheriff. Action of trover. Parker & Daniels for pltff. Ervin for dfdt. Judgment reserved.

Wm. A. Ritchie and Stanley B. Hall. Action for money had and received. Ritchie & Ritchie for pltff. Parker & Daniels for dfdt. Judgment reserved.

Court adjourned Wednesday night, immediately before the court opened for legal business on Tuesday morning, Judge Savary, on behalf of the Dominion Government, presented Mr. Bernard Dolan, of Annapolis, with a handsome Waltham silver watch, in recognition of his bravery in rescuing from drowning, young Remson, when he fell from the Ferry Steamer, into the Annapolis River last spring. His Honor, in making the presentation to Mr. Dolan, made a few remarks to the effect that such brave acts as the young hero had performed merit and should always receive due acknowledgement, and that the watch which he now presented him with, should always be treasured by him and his family as a memento of a noble and generous act. J. M. Owen, Esq., then proposed three cheers for Mr. Dolan, which were given with a hearty good will. Mr. Dolan, bore his honors with becoming modesty. Bravery is instinctively admired by all the human race, and when this estimable quality is brought into recognition in connection with the saving of human life from deadly danger, it becomes doubly admired, and Mr. Dolan is certainly to be congratulated upon the regard his brave deed has won for him.

Bear River Items.

It is currently reported that an American Company has bought the Welch Mills and lands from T. S. Whitman, Esq.

The Baptist Church is still without a pastor. The Rev. H. H. Hall, of Acadia College, has been supplying the pulpit for a couple of Sabbaths.

The late visit and address of the Hon. J. W. Longley and the publication of the Electoral lists have occasioned quite a stir amongst the politicians of the place.

The Bear River has been open nearly all winter.

Two vessels have already cleared from this port, a third is loaded, and the rest will soon begin their regular trips.

Four or five hundred dollars have lately been subscribed for the purpose of continuing the New Road along the river to Victoria bridge. A large petition is being circulated asking assistance from the government towards this object. This road is very much needed. It would be the only level exit from Bear River and would be the regular route of travel to and from with Digby and Annapolis.

—An order in Council has been passed, declaring that in Nova Scotia no person shall fish for, catch, kill, buy, or have in possession, any smelts between the 15th day of April and the 15th day of May, both days inclusive, in each year; smelts shall not be fished for, caught or killed by means of any bag nets having meshes of a size less than one inch and a quarter extension measure. The use of bag nets for catching smelts is prohibited under special license from the Minister of Fisheries.

—The Post Master Inspector of St. John, is trying to trace the whereabouts of a lost registered letter package. It is reported to contain all the way from $1000 to $5000. It was first mailed from Chatham.

—Connecticut's House has passed the bill requiring a text-book upon the effect of alcohol upon the human system by a decided vote.

—We would draw our readers' attention to the advertisement of B. Laurence's Perfected Spectacles, on this page. These Spectacles have a deservedly high reputation. Mr. John E. Sancton, of this town, watchmaker and jeweler, has been appointed agent. A full stock will be found at his establishment.

—Three employees of the Foundry Co., Messrs. Bishop, Wade and Beckman, during about a day and a half's fishing on Lake Alma last week, secured between fourteen and fifteen dozen fine trout.

If there is any other young man in Annapolis County that can beat this, we would like to hear from him.

—A Digby despatch to the St. John *Globe* says: "Three dories of the Schr. F. A. Horton, Joseph Snow, of Digby, with two men in each, while running their trawls on Tuesday last, 15 miles west of Briar Island, lost their vessel in a driving storm. Two of the men, Edgar Poste and Herbert Daley, were picked up in their dory yesterday, 25 miles west of Briar Island, by the Schr. Grace Rice, of Weymouth. They were frost bitten and swollen. No tidings of the vessels or of the other two dories have been received here."

—The Presbyterian *Witness*, comments as follows, on the Queen vs. Jones case:—

ANNAPOLIS.—A colored man named Ebenezer Jones, and his son, have been committed to jail charged with the murder of a boy named Wallace Carter. We have seen no evidence in the case that justifies the committal of Jones. There should surely be something more than has been yet published to warrant the imprisonment of a man whose character thus far has been free from suspicion.

—The residence of Albert Dunn, of Inglisville, was the scene of a pleasant occasion, on Wednesday evening, 10th inst. The occasion was the marriage of his daughter Clara, to Mr. Earnest L. Balcom, of the firm of E. L. Balcom & Co., mill owners. The ceremony was performed by Rev. R. D. Porter. A large number of invited guests were present, and after tea was served, the residue of the evening was spent in social conversation, music etc. The bride was the recipient of a large number of valuable presents.

—The Yarmouth *Telegram* states in its last issue that upon investigation it finds the Indian, Steve Labrador, did not die under such distressing circumstances as first reported. He was amply provided with the necessities of life at the time of his death. The report was given circulation through the statement of another Indian.

—An arrangement has been come to between the Nova Scotia Sugar Refinery and the Merchants' Bank. Debenture stock is to be issued for $650,000, of which the bank will take $200,000. Of the balance the bank is to be paid $50,000 cash, leaving $100,000 working capital for restarting the refinery.

—The Guy family performed in this town last week on three nights to good houses the first and last nights, and of a fair one the second. They are very good variety performers. Mr. G. R. Guy as the leading actor, and is certainly a good comedian. There is a brass band in connection with the "family" and the band parades the street in uniform upon the entrance of the troupe, and give some first rate music much to the delight of the ubiquitous small boy.

—J. W. Beckwith is now daily receiving invoices of his English Dry Goods which comprise all the leading novelties and makes of Dress Goods, Silks, Satins, Pekins, Velvets, Woolens, and Lace Flouncings. Also Sacque Materials, in Silks, Satins, Velvets, and Wool, for spring and summer wear. His assortment of Ribbons will excel anything ever shown in the place. Also Ladies' Jerseys in large variety, ranging in price from $1.50 upwards. A large variety of Muslin Goods in a variety of shades will also be shown. Hamburgs and Laces will be among his specialities. The increase of his business has induced him to increase his stock, therefore, his importations will exceed any previous season. Three invoices Boots and Shoes just received. 1i

—A native of this County, who is a teacher in the Halifax Deaf and Dumb Institution sends us the following:—

The teachers and pupils of the Deaf and Dumb Institution, Halifax; through the kindness of Mr. Sarre, spent a very pleasant afternoon at his rink, in the Exhibition Building, Wednesday, March 10th. The ice was in a splendid condition, being plenty hard enough, to which many of the inexperienced could testify. This treat has been given annually by Mr. Sarre since he has been proprietor, for which he receives many heartfelt thanks. In fact, the people of Halifax, (Dartmouth not excepted) are very kind to these unfortunate children, giving them gratuitous passes to all entertainments enjoyable by sight, and, it is noteworthy of the Principal that he is ever on the alert to take advantage of everything that will tend to promote the welfare of the pupils, intellectually or physically.

AN EMERGENCY MEETING OF THE MUNICIPAL COUNCIL.—Pursuant to a requisition signed by the requisite number of Councillors, addressed to the Warden of this Municipality of the County of Annapolis, a special meeting of the council, will be held at the Court House, Annapolis, on Wednesday, March 24th inst., at 10 o'clock, a. m., to take into consideration the following matters, viz:—

PERSONAL.—The Halifax *Recorder* says:—

"E. L. Thorne has been appointed cashier of the Union Bank. Mr. Thorne has been acting in that capacity for some months, and we are pleased to hear of his permanent appointment to the position."

Mr. Thorne is a native of this town. His father James H. Thorne, Esq., is now residing in Kentville. The new cashier of the Union Bank, has been in the employ of the corporation for a number of years, and his capability has secured him rapid promotion. We tender our congratulations.

MIDDLETON.—There will be a meeting at Middleton, on Friday evening, March 19th, at 7½ p. m., to consider the advisibility of holding a county exhibition at that place. Officers of the respective societies throughout the county, are especially requested to attend.

—Mr. W. J. Nelson, proprietor of Minard's Liniment, has sold out to Messrs. Richards & Cann, of Yarmouth. Mr. Nelson is in failing health and is about removing to the United States.

The Yarmouth *Telegram* says:—

Mr. Harris Gavel, Gaveiton, this week caught a salmon, which weighed 21 lbs. He disposed of it to Mr. Wentworth Brayne, for $21,00—$1 per lb. The first salmon of the season was shipped to Boston per Dominion last Saturday. The Tusket river is now free of ice.

—The road from the Annapolis Court House, extending across the Allen Creek bridge, is in an impassible state, owing to the damage done to the dyke by the late storm.

—Apples do not bring very encouraging prices in the English market at present. The following from Keeling & Hunt's report of 23rd ult., will give an idea of the low prices ruling during last month:—

Baldwins, 5s to 12s, and a few 15s; Nonpariel, 6s to 17s, and one lot 190 N. Spy, 14s to 16s, Vandevere, 6s to 10s; Greening, 6s to 9s 6d.

—Rev. James Ross, D.D., recently retired from the position of principal of Dalhousie College, died at his residence in Dartmouth on Monday morning last. He was one of the oldest and most eminent divines of the Presbyterian Church.

PERSONAL.—Mr. Fred. R. Fay, who has been spending a few months at his home in this town, left on Monday last for British Columbia where he will probably again take a contract on the Canadian Pacific Railway.

—The Annapolis river has been ice bound for some distance below this town for the past week. It was confidently expected that it would remain entirely open for the whole winter. The last cold spell, however, prevented these expectations from being realized.

—The members of the Seymour Division, Middle Granville, propose having a dramatic and musical entertainment, on Saturday, 20th inst. Among the points of interest are the following plays: "Out in the Streets," a temperance drama in three acts, "Thirty minutes for Refreshments," etc

—We have an original poem by Miss Sadie O. Prince, upon the late John B. Gough, which we will publish in our next.

—Rev. W. H. Warren, M. A., Baptist pastor of this town, delivered an interesting lecture upon the Temperance Hero, the late John B. Gough, on Tuesday night of last week, in the Baptist Church, of this town. A good audience was present, and listened with interest to the lecturer, as he graphically depicted the life of the champion of teetotalism.

—The carnival held in the Annapolis Rink on Monday night last, was a success financially and otherwise. The attendance was not quite as large as at the February carnival held in this rink, but still was good. Many of the costumes were very pretty. Miss Maud Willett, of Annapolis secured the prize for the most original lady's costume, and Mr. Malcom of the firm of Mosher & Malcom secured the prize for the most original gentleman's costume. A Mr. Jefferson, was the lucky holder of the ticket that drew the barrel of flour. The services of the Bridgetown Brass Band were engaged for the evening, and they supplied excellent music. Several of the best players of the Digby Brass Band, and five members of the local band, which has become somewhat disorganized, were also present and gave some fine music.

—On Monday last in this town during a difficulty between two young men named Averd Lonergan, Archibald Ramey and a boy named Augustus Gibson, Lonergan struck Ramey over the head, with a revolver it is alleged, inflicting quite a severe cut. Ramey entered a complaint before Stipendiary Forsythe against Lonergan and an investigation of the matter took place yesterday, when Lonergan was committed for trial at the next Supreme Court, or give bonds for his appearance. The trouble arose out of snowballs being fired at Ramey by Gibson on the Saturday night previous, and upon the former taking the latter to task, Lonergan interfered, and then it is alleged by the plaintiff, produced a knife and metal knuckles. Nothing more serious transpired then, but on Monday Lonergan, assisted by Gibson, renewed the attack, with the result as related above. Ramey did not enter a complaint against Gibson as he is only a boy of 14 or 15 years of age, and he did not see any offensive weapons in his possession.

The music and recitations were all of a first class order, and where the recitations were all so well rendered they scarcely admit of distinctive praise. Jennie's complaint by Miss Jennie Phinney, a girl of four summers, against the baby sister claimed to have recently appeared in her home richly merited the encore which it received. A large amount of talent and good training were displayed throughout the exercises and merited the large appreciative audience, who were present to enjoy the treat. At the close of the concert a bountiful repast was awaiting the Sabbath School in the vestry. A sumptuous tea was also prepared for such of the visitors as chose to partake of it. The whole affair was a decided success, both financially and in its enjoyable character. ONE PRESENT.

—The students of Acadia College have been amusing themselves lately by holding a mock parliament, with a personel representing the Dominion House. We give the names, as we see a number of them are Annapolis County boys:—

Speaker—Hon. J. S. Balcom.
Clerk—W. S. Black.
Sergeant-at-arms—J. S. Prescott.

Leaders of the Government.

Premier—H. A. Lovett.
Minister of Public Works—F. H. Knapp.
Minister of Railways—C. W. Corey.
Minister of Finance—G. E. Whitman.
Minister of the Interior—J. B. Morgan.
Minister of Marine and Fisheries—A. E. Shaw.

Leaders of the Opposition.

W. B. Hutchinson (Blake).
F. H. Beals (Laurier).
H. B. Smith (Patterson of Brant).
O. S. Miller (Cartwright).
E. R. Morse (Mills).
W. B. Wallace (L. H. Davies.)
A. W. Foster (W. B. Vail.)
Government whips—White and C. Eaton.
Opposition whips—C. H. Miller and Wickwire.

At a meeting of the "Parliament" the other evening, the leader of the opposition moved a resolution generally adverse to the government and its policy and in favor of abolishing the senate.

The *Chronicle* devotes half a column to the report, and says:—

Mr. A. W. Foster, (of Bridgetown,) seconded the motion in a neat and well prepared speech, concerning the senate. The leaders were well chosen and filled their positions admirably, both by participating in the debate and by their sometimes witty interpolations. Other than these, Mr. E. R. Morse, of the opposition, and Mr. A. E. Shaw, of the government, made the speeches of the evening, the first attacking the government on the question of "provincial rights," the second defending the policy of the government in regard to the fisheries. Party feeling ran high, excitement was great, cheering enthusiastic. By the intelligent manner in which they treated their subjects, the boys showed that they had not been ransacking "blue books" during the week for nothing.

At the final division of the house the year numbered 35, and the nays 31. Good order prevailed and the services of the sergeant-at-arms were not once drawn upon during the session. The triumphant Liberals and the defeated Conservatives afterwards gathered in Chipman hall, and political jealousies gradually disappeared with the oysters.

—The Parlor Concert advertised to be held at the residence of G. E. Chesley, Middleton, last evening, has been postponed until Friday evening next, 19th inst.

Shipping Intelligence.

VINEYARD HAVEN, March 10.—Schr. Frank L. was floated last night, apparently not much damaged.

CUTLER, Me., March 5.—Schr. Etta, of Anapolis, N. S., was towed in here a few days ago, is repairing damages and will soon proceed on her voyage.

BOSTON, MASS., March 9.—The hydrographic office has just issued its pilot chart of the North Atlantic for March. A special feature is the unusual number of wrecks reported on the coast of the United States. Between Key West and Cape Sable there are no less than twenty-eight reported to be floating waterlogged, while unknown numbers of them have gone down. Spread over the North Atlantic generally, within the limits of the gulf stream, about twenty other wrecks are reported floating in dangerous proximity to the great ocean highway. The ice limit is rapidly extending southward, so that a safe route between New York and Boston and England lies along the fortieth degree of north latitude as far as the forty-fifth meridian, when a safe northwesterly course can be pursued. Heavy field ice and bergs are general over the Grand Banks and as far south as Cape Sable Island Whales are reported numerous in the same vicinity.

Schr. R. E. Hart, from Annapolis, for Havana, which put into Portugal 7th ult., leaky, has abandoned the voyage and the cargo will be taken to port of destination by schooner Grace Davis.

Local House of Assembly.

Below we outline the progress of a portion of the business before the House, during the last week, that is of general interest.

The bill for subsidising the south-western shore steam service between Yarmouth and Halifax and intermediate ports, has passed its third reading and was sent up to the Council for concurrence, where it also passed.

Mr. Fraser asked leave to present a petition, which he thought was one of a very unusual character. It was a petition from a gentleman who had taught in the public schools of the province for a period of thirty years, and now aked for a retiring allowance. The salary received by teachers was not sufficient to enable them to lay up a sufficient sum of money to keep them after their retirement and it was probable that this subject was one that would have to be faced by the legislature sometime. It was too much to expect that gentlemen should give their services to the public for such a length of time and then retire with nothing to live on.

The petition was referred to the committee on education.

The financial returns were brought down, which will be found elsewhere.

The bill relating to imprisonment for debt was read a second time and referred to the committee on law amendments.

Mr. C. H. Munroe presented a petition from the overseers of the poor of district 10, in the County of Annapolis.

The petition was referred to the committee on humane institutions.

Mr. Longley introduced a bill to legalize jury lists and panels and assessment rolls and revisors' lists for the present year.

Dr. Haley of Windsor, moved for the second reading of the bill to provide in school assessments that property shall be taxed where it is situated and not where the owner resides. Passed.

Hon. Mr. Fielding, pursuant to notice given a day or two previously, moved that the correspondence submitted to this house in relation to the financial position of the province in the union to be submitted to a select committee of this house, and that the legislative council be requested to appoint a committee to join a committee of this house.

The motion was put and passed.

Hon. Mr. Johnson presented a petition from Philip Bowers and 100 others asking aid toward the completion of a road between Shelburne and Annapolis. The petition was referred to the government.

NICTAUX AND ATLANTIC RAILWAY.

Hon. Mr. Fielding also submitted in reply to information asked for by Mr. Whidden, a statement of the moneys paid on account of the Nictaux and Atlantic Railway, with a statement of the manner in which the moneys were expended. The amount paid for subsidy for the Nictaux and Atlantic railway for the years 1877, 1878, 1879, 1884, and 1885, was $122,549.88; only two of the items composing this amount were paid during the term of the present government—namely, $14,891 in 1884, and $11,962 in 1885. The remainder had been paid in former years. There were charges on account of engineers' expenses, etc., amounting to $4,196.53, which were not chargeable against the company.

—Don't forget the donation visit at Dr. Armstrong's to morrow evening.
