The base ball match was closely watched by thousands of the spectators. When the game was two-thirds finished it looked like an easy victory for the Middleton Club...

Two thousand four hundred tons of coal were shipped at the Sydney and Lunenburg pier at Sydney, Monday. This is the largest shipment from one pier since the opening of the history of Nova Scotia's coal trade...

Honors List.—Messrs F. A. Clarke & Sons, of Herwick, were unfortunate last week in losing two valuable horses valued at about \$276. One died from inflammation and the other is supposed to have been poisoned...

A hundred and fifty-one infants, under one year old, died in Montreal last week, 52 not having attained the age of six months. No less than sixty died of cholera infantum and thirty-eight of diarrhoea. The largest record of deaths from cholera infantum last year was twenty-two in the last week of June.

The death is announced of Mr. John Costley, formerly of Pictou, engaged in education work for many years, afterwards as editor of journals in Halifax and elsewhere, and also Deputy Postmaster of Halifax. He was born in 1818 and died on the 27th of June. He was a scholar and of vigorous intellect, and made quite a mark during a busy life.

Miss Blanche Bishop, of A. Greenwell, Nova Scotia, with success Miss Caroline Fair as teacher of modern languages at the Montreal Ladies' College. She graduated from Acadia College, Nova Scotia, and has resided for two years in Germany, studying special studies. As a contributor to the periodical press she is favorably known.

The following figures show the number of failures and amount of liabilities in the province of Nova Scotia for the half year ending June 30th, 1890: 1st quarter, 25 failures—\$145,884 liabilities. 2nd quarter, 20 failures—\$71,000 liabilities. For the half year, 45 failures—\$216,884 liabilities. There were 52 failures with an estimated liability of \$245,580.

A Labor Canon or Deacon.—The attempt to legislate for the laboring class in Liverpool with what is claimed to be the largest cargo of dynamite shipped from the St. Lawrence, amounting to 1000 tons, was also carried 200 tons of phosphates in her hold. The dynamite was specially built for the lumber trade.

Walker Bell, the eight-year-old son of Mr. Charles W. Bell, Hazen street, was with a very serious accident on Monday morning. The boy stepped out of the dormer window on the front roof of the house and slipped, falling to the sidewalk below, a distance of over 30 feet. Dr. Christie was immediately summoned and found several fractures, a broken scapula, and partial paralysis of the spine. Last evening the injured lad was resting somewhat easier and hopes are entertained of his recovery.

The Yarmouth Times of the 5th inst. says:—We regret to record this morning the death of Mr. John Hood, of W. W. Postmaster Hood and Messrs S. C. Hood, A. S. Hood and H. A. Hood, Jr., of Yarmouth, B. S. Hood, of Boston, and Arthur Hood, Shelburne, were some of the deceased, and with their daughters, Mrs. Robert Mellett, of Waltham, Mass., Mrs. Robert Mellett, of Waltham, Mass., and Mrs. John Hood, of Waltham, Mass., were some of the survivors.

Mrs. Joseph Howe, widow of the late Hon. Joseph Howe, died at her residence, Sunday last, at the advanced age of eighty-four years. The deceased lady, who was a daughter of Captain John Macdonald, of the late Nova Scotia and New Brunswick, was born at Newfoundland in 1807, but a few years later removed with her parents to Nova Scotia and resided at McNab's island until her marriage in 1823. For 45 years she was a faithful and devoted wife, taking a deep interest in her husband's plans and sharing his victories and defeats during a stormy political life. She was possessed of a vigorous mind, a kind and good sense, and was greatly esteemed by her husband's associates as well as by a large circle of friends. Though she was in the home for the past few years, she was interested in all the political and social changes of the last sixty or seventy years. She was the mother of a large family, of whom only two or three survive.

Telegraph Notes for the Week. TO ERASE AN OBSERVATORY. Montreal, July 6.—McGill university is to erect a new observatory on the roof of the building on top of Mount Royal, for which Sir Wm. Dawson and Prof. McLeod have obtained a site from the city.

DROWNED IN A WHIRLPOOL. St. John, N. S., July 4.—An Englishman named John Hewitt, a hired man, was drowned at the falls under the suspension bridge here this morning. He and several others were bringing a log through when the whirlpool caught the log and threw it around. The handle struck Hewitt and knocked him into the water, whence he was drawn into the whirlpool and came up after a minute's time. Then he disappeared never to be seen again.

SHOCKING MURDER. Toronto, July 4.—A shocking murder occurred during the night at 12 Grand street, where John Thomson, 68 years of age, was placed on a visit to a friend named Hutton at that address. Hutton was away, and the house was a woman of dissolute character who lived with a man named Angus Patterson in one of the rooms. The woman was drunk and assaulted Thomson. During the melee Patterson came in and saw the old man insensible with an iron lamp. The place was covered with blood when the neighbors rushed in. Thomson died at the hospital at one o'clock this morning.

LAND SAVED FROM CORRUPTION. Zanzibar, June 27.—A letter has been received from Dr. Peters, the explorer, dated Barage, June 8. He describes the results of his expedition to the island of Wadali. He says that a lack of ammunition prevented him from marching to Wadali. He also says that he found a number of skulls and bones at the place where Bishop Manning and his party were murdered. A letter has also been received from Lieut. Tedman of Dr. Peters' party, in which he describes the encounters of the expedition. He says Uganda is a land of waste. Everywhere are seen skeletons of corpses, showing traces of murder by burning and every other horrible method.

NO FIRE IN BOSTON. Boston, July 2nd.—The territory bounded by Clinton and South Market streets, Quincy Row and Atlantic Avenue, was almost entirely burned over to-night. Twenty or more fire and produce dealers who carried considerable stock, which together with large and costly refrigerators which they carried, were destroyed. The estimated aggregate loss is estimated at \$100,000. It is thought the fire was caused by an electric light wire.

Boston, July 3.—Early this morning a fire in a five-story building at the corner of Essex street caused the following losses: John J. Callaghan & Co., manufacturers of ladies' cloaks \$50,000; John J. Callaghan & Co., manufacturers of ladies' cloaks \$50,000; Smith, Woollett & Co., aggregate loss \$50,000. All insured. Building damaged \$500.

Answer This Question. Why do so many people wear around us necks to prefer to suffer and be made miserable by indigestion, Constipation, Dizziness, Loss of Appetite, Coming up at the Food, Yellow Skin, when for 75 cents we will sell them Shiloh's System Vitalize, guaranteed to cure them? Sold by druggists & Primeiros, Bridgetown, and Dr. Morse, Lunenburg.

What Say They. In popularity increasing. In reliability secured. In merit the first. In fact the best remedy for all summer complaints, diarrhoea, dysentery, cramps, colic, cholera infantum, etc. Dr. Fowler's Extract of Wild Strawberry. All medicine dealers sell it.

Provincial Paragraphs.

The cable between Halifax and Bermuda has been successfully laid and communication is established. Edward Albro, retail hardware dealer, Halifax, has resigned to C. J. Wyler. Liabilities \$8,500; assets \$4,000.

Dr. Goodspeed, editor of the Messenger and Pastor of the Methodist Episcopal Church, has been appointed to a chair in Theology in McMaster University, Toronto.

The Hon. Edward LeBlanc, while bathing in the Avon river, between Windsor and Falmouth, Thursday, met his death by drowning.

Two thousand four hundred tons of coal were shipped at the Sydney and Lunenburg pier at Sydney, Monday. This is the largest shipment from one pier since the opening of the history of Nova Scotia's coal trade.

Services for Sunday, July 15th.

PROVINCIAL (METHODIST) CHURCH.—Rev. F. H. Wright, Pastor, Grandville, H. M., 10:30 a.m. 7 p.m. General Assembly, 7:30 p.m. (General Assembly, 7:30 p.m.)

BAPTIST CHURCH.—Rev. F. M. Young, P. M., Pastor, 10:30 a.m. 7 p.m. Young People's Meeting, 7:30 p.m. (Young People's Meeting, 7:30 p.m.)

UNITED METHODIST CHURCH.—Rev. H. B. DeLisle, Pastor, 10:30 a.m. 7 p.m. (United Methodist Church, 10:30 a.m. 7 p.m.)

LAWRENCEVILLE CHURCH.—Rev. J. T. Eaton, Pastor, 10:30 a.m. 7 p.m. (Lawrenceville Church, 10:30 a.m. 7 p.m.)

THE BEGINNING OF DEATH. Disease is the beginning of death, its approach should be met at once by appropriate remedies. No better means exists than the use of Parkland Blood Purifier when symptoms of any disease of the stomach, liver, bowels or blood appear. B. B. B. is the best blood preserver.

LONG CANALS DEAD.—The Right Hon. Henry Howard, Member of Parliament, died at the Earl of Camaroun, died in London, Eng., on the 28th ult., after a long and severe illness. He was born in 1831, took a prominent part in affairs affecting Canada and was ever pushing the Dominion's interest.

Dr. Oberston, specialist for old complaints, at Wilton, N. S., begs of the people to give the faculty doctors a fair trial before applying to him. He has adopted the plan of manufacturing medicine to order, long thereby to benefit the greater number, and his success in curing chronic diseases of every type—except true consumption—lung—has silenced all criticism. His cures are effected by restoring the blood, and building up the worn and debilitated system by a judicious use of tonics, changing the medicines as the case demands. He cures dyspepsia, acid stomach, etc., with disease of the heart, liver, kidneys, spine, brain, air tubes, sick headache, nervous debility, catarrh, falling list, etc., and all diseases of the urinary system, factory proof of the above statements, when requested, Place of residence, Montreal, A. Dugas, Esq., Wilton, N. S.

John Page, chief engineer Dominion channels, died in his office at Ottawa on the 2nd inst. He has been employed by the government for 48 years. He was the projector and constructor of the new Welland Locks, and the Welland Canal, the Lawrence Canal and the Soo canal, now being built. His demise is a great loss to Canada.

A Labor Canon or Deacon.—The attempt to legislate for the laboring class in Liverpool with what is claimed to be the largest cargo of dynamite shipped from the St. Lawrence, amounting to 1000 tons, was also carried 200 tons of phosphates in her hold. The dynamite was specially built for the lumber trade.

Walker Bell, the eight-year-old son of Mr. Charles W. Bell, Hazen street, was with a very serious accident on Monday morning. The boy stepped out of the dormer window on the front roof of the house and slipped, falling to the sidewalk below, a distance of over 30 feet.
