

**HISTORY OF THE NORMAN HORSE.**—This horse, known as the Crawford horse, was brought from over Canada, about 60 miles below Quebec, March, 1850, when he was three coming four years old, by T. H. Hussey and Alexander Crawford, of Skowhegan, in this State. Mr. C. kept him ever since. He is therefore fifteen years old this spring. He is of a light chestnut bay, and weighs from twelve to thirteen hundred pounds. He has not been trained for trotting, and yet he has gone at our cattle shows in but three minutes. He was sired by the famous horse Trudell, and out of a Norman mare. He has always done a fair business until within the last year or two, in which time he has very much increased. His colts are generally well known over the county, and are all good size, weighing from ten to thirteen hundred pounds, and are generally smart travellers, and good trotters. Norman has got more trotting colts than all other horses that have been kept in the county since he has been in the county. His colts have sold for more money than the colts of any other horse kept in the county. He sold at the State Show in Augusta, four of his colts took premiums. Brookside, owned by J. Gilman, one of his colts, made 242. At the Show of the Central Agricultural Society, in Somerset, the same year, there were eleven entered for trotting and eight were young ones. The famous Harvill colt, a Norman, matched against the Crockett horse of New York, in which the Harvill colt led in three heats. Harvill colt was five years old and weighed eleven hundred and seventy pounds at the time. He has since been sold in New York for \$2000. I think Norman took all the races where they were matched at this Show. At the Farmington Show the same year, two Normans took the two first purses—Benjamin, the other by Samuel Jacobs, called the Strickings. Last fall, at Anson, three were offered and one bet made, in which Norman was entered and took two purses and a bet. Last fall, at Skowhegan Show, a year or years old mare trotted in three minutes and a second, without making a skip. She was owned by Mr Walker, and raised by H. K. of Corville.—*Maine Farmer.*

hundred pounds of red beet contain of 10 lbs., of water 89, and ash 1.

hundred pounds of oats contain of husk starch gum 46.1 of gluten, albumen, &c. fatty matter 6.7.

hundred pounds of barley straw contain dry nutriment, and 49.81 of heat and 3.2.

### A Thorough Bred 2 Year Old BERKSHIRE BULL
