Cheese, Butter, Calves.

Beaver Manufacturing Co., Galt.

Gentlemen,—I have fed Herbageum according to directions and found it to be profitable. I fed my three cows 4 lbs each, costing 50c. per cow. I commenced 3 weeks before they came in, and fed for about three weeks after, and then put them on grass. My neighbors had full better cows, yet on no better pasture, mine at the end of the six months' delivery, Nov. 1st, returned me from \$4 to \$6 more per cow. One of them had 30 cows. I urged him to test Herbageum. He replied, "It costs too much." Mine returned me over \$6 per cow more than his, and apparently, \$15 invested for them in Herbageum would have returned him \$16 extra profit. I find it equally good for calves and horses. **E. M. YORK.**
 Belrock, Nov. 27th, 1894.

REPORT CONFIRMED.

We are the cheese manufacturers to whom the milk from the cows above referred to by E. M. York, Esq., was delivered. We have examined our books and find the above reported differences correct.
