The following Circular has been addressed by the Committee at Montreal to the leading members of the Church in that District.

Montreal, July 1st, 1850.

SIR,

A new Diocese having been erected, entitled the Diocese of Montreal, coextensive with the District of that name, and provision having been made, from funds raised in England, for the income of the Bishop to the amount of One Thousand Pounds currency, it appears but reasonable that the Members of the Church in the new Diocese should contribute in some way to the maintenance of Episcopal supervision within it.

It should not be forgotten, in reflecting upon this duty, that the proposed income for the Bishop is small—that he will be expected to exercise a modest hospitality towards his Country Clergy, and to set an example of liberality in assisting to support various charities throughout the Diocese. He will also, necessarily, have to incur considerable expense in annually holding visitations, confirmations, ordinations &c., in different and remote Parishes, and in instituting in his Theological College, rewards for deserving students, whom it is incumbent upon every Dignitary of the Church in Canada to aid and encourage, in order to supply the growing Spiritual wants of the country.

The erection or purchase of a house, as a residence for the Bishop having been considered the most advisable mode of enabling him to retain an adequate portion of his income, for the above mentioned purposes, the present Lord Bishop of Montreal has appointed a Committee of which we have been chosen the officers to provide means, by voluntary contributions, for attaining this desirable end. It is hoped that Three Thousand Pounds may be raised for this purpose, and it is intended to advertise for a suitable house within the limits of the city of Montreal, and if such offers, to purchase it for a residence for the Bishop. We therefore beg leave most respectfully, but most earnestly to solicit
