

Delightful Books for Boys and Girls

MOTHER GOOSE'S BICYCLE TOUR

By M. S. G. Freely illustrated. Cover designed in gold and colors. Cloth, back, cardboard sides, 90c.; full cloth, \$1.25.

Her Gracious Majesty Queen Alexandra, Her Royal Highness the Duchess of Cornwall and York, and Her Excellency Lady Minto—all were pleased to receive copies of this delight book, and to acknowledge to the author—a gifted Canadian lady—their appreciation of it. The scheme of the book is the freshening up of the old familiar nursery rhymes by the substitution here and there of piquant French phrases for the English lines. The illustrations (a reduced *fac-simile* of one of which is here shown) are very cleverly drawn and most amusing.

GALOPPOFF, THE TALKING PONY

By TUDOR JENKS. Illustrated. Cloth, 243 pages, \$1.00.

The immediate effect of reading the first chapters of "Galopoff" to the reviewer's children was to make the father of those children order a dozen copies of the book for the fathers of other children. "Galopoff" is just the volume which those fathers need to turn to when, at the close of day, weary and worn, they set home and are immediately besieged by the youngsters for "a story." "Galopoff" will take its place with those universal favorites of childhood, Grimm's "Fairy Tales" and "Alice in Wonderland."

'TILDA JANE

By MARSHALL SAUNDERS. Paper, 75c.; cloth, \$1.25.

A new, bright, wholesome story of child life by the author of "Beautiful Joe." The precocious and incorrigibly clever little orphan, whose name gives the story its title, by her piquant chat and amusing ways at once wins the interest of the reader.

IN NATURE'S WORKSHOP
