

THE Fourth Edition of the **Canadian Textile Directory** is almost completely sold out. Those who order the book after December 31st, 1901, will have to pay its full price. Orders received this month will be accepted at \$1.00.

Address,

BIGGAR, SAMUEL & CO., Montreal.

THE LATEST

**IMPROVED DOUBLE-BED
ROTARY**

CLOTH PRESS

The bed plates are self-adjusting, the levers that operate them being mounted upon sliding steel fulcrum bars within the frames. The trussing apparatus of the bed plates is so arranged as to permit not only a forcing of the centres of the bed plates in a forward direction, toward the cylinder, but also away from it, which is of the utmost importance if the bed plates should ever become sprung. Bed plates and cylinder after being cold finished, are ground absolutely true while heated by steam at 75 lbs pressure, insuring perfectly straight and uniform pressing surfaces. Pressure is applied and removed instantaneously, and by power.
