This overskirt is quite different from any other, though very simple and graceful. The cash or paper back effect is produced by the novel way of draping, and, though it has the appearance of a separate part, it is all one thing, and one of its chief attractions is its convenient shape for making over by any other pattern. It is intended for any kind of goods, and will be a great favorite for wash materials the coming summer. Paris houses are now using it for their model in preparing suits for the spring season.

Price of Pattern with Cloth Model, 50 Cents, Mailed

SMITH'S INSTANT DRESS ELEVATOR.
