

ceipts there is no accumulation of stock yet. The Buffalo Lumber Exchange is taking some enjoyment in a body this summer. On the 11th of July it made a trip to Chataqua Lake, going fifty strong and filling the special car engaged for the purpose, and giving up a whole day to the occasion. The second trip is set down for August 8th, which will be spent at the Bedell House on Grand Island, which is the old stamping ground of the exchange. Manager A. P. Strong, of the Superior Lumber Company, who is at the head of the entertainment committee, is an excellent travelling host and sees that nothing is wanting.

James T. Hurd and Knowlton Mixer are on western trips, looking into the pine situation up the lakes.

The planing mill and sash and blind firm of Dohn & Fischer at Black Rock, which does considerable business in Canada when tariff permits, has taken a new partner, G. W. Beyer, who will represent the Fischer estate in the firm without changing the capital invested.

Pan-American will not require much lumber this year, unless the fence is built this fall, which will be of hemlock.
