

VACCINE VIRUS.

IN order to meet properly the continued demand upon us for ANIMAL VIRUS, we have established stables for its propagation upon carefully selected heifers. The lymph used is of the well-known "Beaugency" stock, imported by ourselves expressly for this purpose. The result of several years' experience in supplying this lymph leads us to believe that its excellence is unsurpassed. The establishment is under the care of a competent physician, who will spare no pains to produce a perfectly RELIABLE and PURE article, which we are prepared to furnish FRESH, DAILY.

We can also furnish, to those who prefer it, HUMANIZED VIRUS, from healthy children, procured for us by physicians of undoubted reliability.

All our virus is put up in strong, *air-tight, sealed packages*, for safe conveyance by mail or express and will be sent (postpaid if by mail) upon the following terms:

From the Heifer, 10 large Ivory Points, well charged on both sides	.	.	\$1.50
5 large Ivory points,	"	"	.80
Large Ivory Points, less than 5,	"	"	.25
1 Crust, new method, in air-tight Glass Capsule	.	.	2.00
From Healthy Infants, 10 small Ivory Points	.	.	1.50
1 Crust from Unruptured Vesicles	.	.	2.00

Directions for vaccinating with either form of Virus, derived from methods successfully employed, will be furnished with Virus if requested.

We will warrant every package of Points and every Crust, giving a fresh supply in case of failure reported within fifteen days for Points, thirty days for Human, and ninety days for Kine Crusts. We can usually furnish Crusts one remove from the heifer if preferred.

On account of their unreliability, we have hitherto furnished the usual form of Kine Crust unwillingly. Under our new method of taking and preserving them, however, after careful tests and an experience extending over several months, the results attained have been so satisfactory that we now offer them as not less active and reliable than other forms of Virus, while less liable to become inert with lapse of time. We now offer them on very favorable terms, and recommend them for transmission to a distance, and in all cases where it is desired to preserve Virus for some weeks or months, or to keep a supply on hand for emergencies.

We also furnish UNCHARGED IVORY POINTS, for physicians' use, at the following rates:

Small	per 100, 25 cents; per 1,000, \$2.00
Large	per 100, 50 cents; per 1,000, \$4.00

Orders by mail or telegraph answered by return train.

Liberal discounts upon large supplies for Cities, Towns and Institutions.
