J. L. Fellows, Esq. St. Johns, N. B.—Dear Sir.
We are happy to be able to record the favor with which
your Symp of Hypophosphiles is received wherever in
troduced in Canada. The sales, nowithistanding the bith
price of the article, and the short time it has been before
the public, have attained very large preportions. Aur
own sales during the past year lave exceeded Syvin
Hundred Dozens. We have no hesitation in recommending it to our friends as a preparation of undoubted
murit.

Tours very truly.

Yours very truly, LYMANS, CLARE & CO.

#### TORONTO MARKETT.

Fifth Year.

REPRESENTATIVE AND CHAMPION OF AMERICAN ART.

#### ALDINE THE AN ILLUSTRATED MONTHLY JOURNAL

claimed to be the HANDSOMERT PAPER IN THE WORLD.

"Give my love to the artist workmen of THE ALDINE who are striving to make their profession worthy of admication for beauty, as it has always been for usefulness."—Henry Ward Beccher.

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature and a collection of pictures, the rarest specimens, of artistic skill, in black and white. Although each succeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness as compared rivale of a similar class, THE ALDINE is a unique and original conception—alone and unsproached—absolutely without competition or in price or character. The possessor of the volume just completed cannot duplicate the quantity of ane paper and engravings in any other shape or rumber of volumes for ten times its cost.

The labor of getting THE ALDINE, ready on the press is so great that reprinting is out of the question. With the exception of a small number specially reserved for binding, the edition of 1871 is already exhausted and it is now a scarce as well as valuable book.

# New Features for 1872.—Art Department.

The enthusiastic support so readily accorded to their enterprise, wherever it has been introduced has convinced the publishers of THE ALDINE of the soundness of their theory that the American public would recognize and heartily support any sincere effort to elevate the tone and standing of illustrated pupilications. That so many weekly wicked sheets exist and thrive is no evidence that there is no market for anything better—indeed the success of THE ALDINE from the start is direct proof of the contrary. With a population so wast, and of such varied taste, a publisher can choose his patrons, and his paper is rather indicative of his ewn than of the tasts of the country. As guarantee of the excellence of this department, the publishers would beg to announce during the coming year, specimens from the following eminent American Artists.

W. T. RICHARDS.

GRANT. PERKING.

W. T. RICHARDS, WM. HART, WM. HART, GEORGE SMILLY, AUG. WILL, JAMES SMILLY, FRANK BEARD, J. HOWS.

GRANY, PERKINS, F. O. C. DARLLY, VICTOR NEHLIG, WM. H. WILCOX, JAMES H. BERRD, R. E. PIGUET, PAUL DIXON,

The pictures are being reproduced without regard to expense by the very best engravers in the country, and will bear the very severest critical comparison with the best foreign work, it being the determination of the publishers that THE ALDINE shall be a successful vindication of American taste in competition with any existing publication in the world.

# LITERARY DEPARTMENT.

Where so much attention is paid to illustration and get up of the work, to much dependance on appearances may very naturally be feated. To anticipate such misgivings, is only necessary to state that the editorial management of THE ALDINE has been intrusted to Mr. Richard Henry Stoddart, who has received assurances of assistance from a lost of the most popular writers and poets of the country.

# THE VOLUME FOR 1872,

will centain nearly 900 pages, and about 250, fine engravings. Commencing with the humber for January, every third number will contain a beautifully tinted picture on plate paper, inserted as a frontispiece.

The Christmas number for 1572, will be a splendid volume in itself, containing fifty engravings, liour in tint) and, although retailed at \$1 will be sent without extra charge to all yearly subscribers

## A Chromo to every Subscriber

was a very popular feature last year, and will be repeated with the present volume. The publishers have purchased and reproduced, at great expense, the beautiful oil painting by Seis, entitled "Dame Nature's School." The chromo is 11 x 13 inches, and is an exact fac-simile, in size and appearance, of the original picture. No American obrome, which will at all compare with it, has yet been of fered at retail for less than the price asked for THE. ALDIRE and it together. It will be delivered free, with the January number, to every subscriber who pays for one year in advance.
