**THE MAKING  
OF ALE.**

**THE INGREDIENTS—**

The formula for the making of ale is exceedingly simple. Barley malt, hops, and water are the only necessary materials, and they alone should be found in good ales.

There are many grades of malt, many varieties of hops, and water differs widely in its adaptability to brewing purposes. The very best of all three, brewed by experts in a perfectly equipped brewery, go to make up Carling's Ales and Porter.
