

PEDLAR'S "PERFECT" TONCAN METAL CULVERTS

Strongest and Most Durable

PEDLAR'S Culverts give the greatest assurance against washouts. They will not break from the effects of frost, ice or unexpected internal stresses. Their enormous strength is equal to the heaviest live or dead loads to which they may be subjected. When a Pedlar Culvert of the proper capacity is installed it will never fail from any cause, but will stand right up to its work year in and year out, reducing maintenance cost to the minimum.
