

CADZOOKS! Do you know of any French person who wants to learn English? If so, we have an excellent book for students of English, which we recently purchased in Paris. Excellent because thorough. The lists of adverbs, prepositions, interjections, etc., are very complete. Here is a sample from the interjection list:

Gadzooks! Egad! Huzzah! Zounds!
S'death! Odd's heart! Odsbodikins!

The rules and explanations are of course all in French. Do you pity the poor French pupil who has to learn this stuff? Spare your pity for those nearer home. There is just as bad as this in some of your French grammars, from which you are vainly trying to learn French. There is nothing of this kind in the **De Brisay Analytical Method**, the only scientific system ever devised for teaching Latin, French and Spanish.
