

## Article 1

### Scope of application

1. This Convention shall apply in the event of any accident involving facilities or activities of a State Party or of persons or legal entities under its jurisdiction or control, referred to in paragraph 2 below, from which a release of radioactive material occurs or is likely to occur and has resulted or may result in an international transboundary release that could be of radiological safety significance for another State.

2. The facilities and activities referred to in paragraph 1 are the following:

- (a) any nuclear reactor wherever located;
- (b) any nuclear fuel cycle facility;
- (c) any radioactive waste management facility;
- (d) the transport and storage of nuclear fuels or radioactive wastes;
- (e) the manufacture, use, storage, disposal, and transport of radioisotopes for agricultural, industrial, medical and related scientific and research purposes; and
- (f) the use of radioisotopes for power generation in space objects.

## Article 2

### Notification and information

In the event of an accident specified in article 1, (hereinafter referred to as a "nuclear accident"), the State Party referred to in that article shall:

- (a) forthwith notify, directly or through the International Atomic Energy Agency (hereinafter referred to as the "Agency"), those
