

3. The Commission shall request the non-Contracting Party identified in paragraph 2 to cooperate fully with the Commission either by becoming a Contracting Party or by agreeing to apply the conservation and management measures adopted by the Commission. Subject to such terms and conditions as the Commission may establish, such a cooperating non-Contracting Party to this Convention may enjoy benefits from participation in the fisheries commensurate with, *inter alia*, its commitment to comply with and its record of compliance with conservation and management measures in respect of the relevant fisheries resources and any financial contribution it makes to the Commission.
4. Each member of the Commission shall take measures consistent with this Convention, the 1982 Convention, the 1995 Agreement and other relevant international law to deter the activities of fishing vessels entitled to fly the flags of non-Contracting Parties to this Convention that undermine the effectiveness of conservation and management measures adopted by the Commission.
5. Each member of the Commission shall take appropriate measures, in accordance with its laws, aimed at preventing vessels entitled to fly its flag from transferring their registration to non-Contracting Parties to this Convention for the purpose of avoiding compliance with the provisions of this Convention.

Article 21

Cooperation with Other Organizations or Arrangements

1. The Commission shall cooperate, as appropriate, on matters of mutual interest with FAO, with other specialized agencies of the United Nations and with relevant regional organizations or arrangements, especially with those regional fisheries management organizations or arrangements with responsibility for fisheries in marine areas near or adjacent to the Convention Area.
2. The Commission shall take into account the conservation and management measures or recommendations adopted by regional fisheries management organizations and arrangements and other relevant intergovernmental organizations that have competence in relation to areas adjacent to the Convention Area or in respect of fisheries resources not covered by this Convention, species belonging to the same ecosystem or dependent upon or associated with the target stocks, and that have objectives that are consistent with and supportive of the objective of this Convention.
3. The Commission shall seek to develop cooperative working relationships and may enter into agreements for this purpose with intergovernmental organizations that can contribute to its work and have competence for ensuring the long-term conservation and sustainable use of living resources and their ecosystems. It may invite these organizations to send observers to its meetings or those of any of its subsidiary bodies. It may also seek to participate in meetings of these organizations as appropriate.
