

FROM THE
STRATHCONA PROFESSOR OF PATHOLOGY
PATHOLOGICAL INSTITUTE
MCGILL UNIVERSITY,
MONTREAL.

22nd July 1924.

Dear Sir Arthur,

I should appreciate it very highly to receive your signed photograph for the pathological Institute. It would be a worthy record of the time which marks the greatest forward step in Pathology at Mc Gille. To work in the new building after years of misery is to my staff and myself like the awakening out of a nightmare.

Ever sincerely yours
Horn Overt.
