CROP ALARMISTS CREATE A FLURRY

Damage Reports From Oklahoma and Kansas Give Bulls Encouragement.

CHICAGO, May 21 .- More life and rength developed in the wheat market and from southern and western Kansas. Closing prices were %c to 1½c
over last night. Corn made a net gain
of %c to ½c. Oats were up %c to 1c,
and provisions at a decline of 2½c to

GRAIN AND PRODUCE.

Bullish news from the southwest came first in Kansas City despatches asserting that Kansas prospects for wheat were nothing like so rosy as had been painted. The crop in the state was said to be deteriorating in many sections, and near Anthony, Kansas, was declared to look almost a failure. Recent dry weather had apparently been more injurious than was generally supposed. Chinch bugs complaints, too, have been growing in number.

Rumors of Export Sales.

Rumors of export sales, altho denied, were influential against the bears. The latter in the early part of the session had everything their own way, mainly because of plentiful moisture in the spring crop belt. Selling was overdone, however, and the consequence was a lively shaking up of the short interest, especially in the last 15 minutes.

'Corn rallied with wheat and as a result of curtailment of offerings from lowa and Nebraska. Trade, tho, was not large. Oats closed at the highest of the season except for May. The rise was largely due to action of wheat, but also because Illinois rains were said not to be helping much.

Liquidating sales by longs weakened provisions. Steady 'prices for hogs served only as a temporary prop.

NORTHWEST RECEIPTS.

EUROPEAN MARKETS.

The Liverpool market closed unchanged to ¼d lower on wheat and unchanged on corn. Paris wheat was ½c to 1c lower. Budapest ¼c lower, Berlin %c lower, and Antwerp unchanged.
