## SPECIAL LEGISLATION.

Brantford, Peterboro and Kingston are probably interested in the Gooderham bill, as well as London, Hamilton, Ottawa and Toronto. It is intended to prevent a vote of the ratepayers being taken on bylaws at any date except the day of the annual election. An amendment which only makes it less unwise restricts it to cities over 25,000 population. The idea is that cities like London, Hamilton, Ottawa and Toronto are not fit to manage their own affairs, or are too corrupt to do so, as Mr. Gooderham suggested, while lesser municipalities may do as they please.

As the admission is freely made that the object of the bill is merely to postpone the taking of a vote on the street railway purchase as long as possible, and the other cities were lured in to give it an appearance of general legislation instead of special, there is no need of using arguments which are obvious enough to anyone who considers the bill unprejudicially as to the bad principle of such legislation. The supporters of the bill, we venture to think, will be the first to be hoist with their own petard. But it is in the last degree unwise that such a precedent should be set by Mr. Gooderham in such a cause with such a case. Had any similar action been taken under the Ross government to help out a municipal minority in Toronto, there would have been an earthquake in all the haunts which Mr. Gooderham most frequents.

Mr. McPherson very sensibly tried to counteract the folly of the bill by an amendment that in cases of emergency the railway board might permit a vote. But Mr. Gooderham's following in the committee could imagine no emergency but the one that presently beset them, and it now remains for the legislature to say whether it will establish a bad precedent and sanction a bad principle.

## HAS THE WEST NO GRIEVANCE?

The Regina Province is so devoted to the service of the railway that it has lost its head. It says: "The World tried to stampede the Borden government into placing a limit on railway capitalization." Well, that's what the Borden government is putting in the new railway act now before parliament. And that's what the Borden government will put in any agreement it may make to help out the Canadian Northern. Nor does this pro-railway paper believe in parliament intervening and securing equality of railways all over Canada. Our esteemed contemporary has evidently entered on a mission to preach that the West should pay higher railway rates, higher interest rates for money, and that the West has no use for the American market for its wheat. We cannot find much fault with Sir Thomas Shaughnessy taking such a view; but why a western paper?

## THE IRISH PLAYERS.

People who want a direct view of the Irish situation will have an opportunity next week during the visit of the "Irish Players." They are not actors in the ordinary stage sense, but men and women from peasant homes, off the little farms, from the little towns and villages, who are Irish thru and thru, but who have something of the wider vision that art gives to those who cultivate it. For the Irish Players are artists, and, in the judgment of many of the best English and American critics, great artists. But whatever the status of their art, the interest which enfolds them comes from the perfect identity with which they reproduce Irish types of character. It is not to be forgotten that the Irish theatre, plays, actors, and all, grew out of a desire to have something absolutely Irish for the stage, and so simple that the Irish peasantry themselves could enjoy the fun and the feeling, the poetry and the pleasure of it among themselves. The huge success of these plays among the Irish at home has been repeated among others, and the simple reason lies in their truth and naturalness.

There has been some talk of opposing the production of "The Play-Boy of the Western World." J. M. Synge's great work. When it is seen, the wonder to outsiders is why an Irishman with all his humor and quick wit should raise any objection to it. The explanation appears to be that it isn't Irishmen who object to "The Play-Boy." One might have expected some Irish objec-

tions to "The Patriots," which depicts the new Ireland which has grown up in the last twenty or thirty years, and which very few Irishmen even seem to be familiar with. "The Rising of the Moon" belongs to an older political period, but is a picture equally faithful to its time. "Kathleen Ni Houlihan" presents the vision which dwells in the heart of all Irishmen alike, and each interprets it in his own way.

The only play not Irish which the company will present is Bernard Shaw's "Showing Up of Blanco Posnet." Had the committee which is reported to be waiting for the "Play-Boy" devoted its attention to Blanco Posnet, its action would have been slightly more intelligible in Toronto, where objections are usually made to the stage displacing the pulpit. But when Shaw is the preacher, the pews are generally full.

## TORONTO REAL ESTATE IS SOUND.

LONDON, April 16.—The principal member of a leading firm of London stock brokers, who is especially concerned as a trustee of stocks, and publishes his impressions in The Canadian Gazette.  
He regards investments in Montreal real estate as excellent and very remunerative, even in the new and undeveloped parts of the city, and reports large buying on English account.  
He says: "A vast amount of capital will be required practically to rebuild Montreal. The principal streets of the city are occupied by a medley of shacks and fine buildings, of which the former is in large preponderance. The shacks eventually must come down, but Montreal today impresses the Londoner as distinctly provincial. "Toronto stands to Montreal as Sheffield does to Liverpool, and the impression I gathered is that the financial soundness of Toronto does not approach that of Montreal. A heavy fall occurred in real estate values in Toronto, but real estate in Montreal has not been so serious an extent purchased or borrowed capital, hence values have been maintained."

The above from a member of the London Stock Exchange who was too bashful to give his name can scarcely carry much weight. Perhaps this gentleman when in Canada made a trip thru Toronto on a train and spent much time at the Windsor Hotel in Montreal. He no doubt in this way acquired a much better knowledge of Montreal than of Toronto. But his eulogies of Montreal are blurred when he states that "the principal streets are occupied by a medley of shacks." Had he inspected Toronto he could at least have said that Toronto's financial district presented a much better appearance than even his own dear London. Notwithstanding the fact that Montreal is so largely composed of shacks, "he regards investments in Montreal real estate as excellent." Not so with Toronto. "A heavy fall occurred in real estate values in Toronto" is a conclusion he arrives at but on what evidence he fails to disclose. If this visitor will return, The World will be pleased to disabuse his mind of this idea, and to prove beyond a doubt that instead of a fall in prices, the reverse is actually the case.

But this broker's views, as cabled to The Montreal Star, are not so objectionable as that they were used by The Star and The Globe newspapers of this city, who must be convinced as ourselves that the statements are untrue and prejudicial. The Canada Gazette, which is responsible for the interview, is owned by a director of the C.P.R., and naturally has a friendly feeling for Montreal. Perhaps The Globe and Star will say a word in justifiable defence of their own city.

As a matter of fact there is no city on the American continent where real estate values are as sound as those of Toronto. Toronto is known as a city of home builders and home owners. Its manufacturers and merchants are solid and aggressive, and it has a homogeneous, virile British population.

If anything more is needed to further disprove the remarks of this London broker, we need only refer him to the assessment for 1913 and 1914, the former \$438,330,015 and for 1914 \$516,489,032, an increase of \$80,159,017.

Next Friday is to be clean-up day. A lot of us have been preparing material for it.

It is becoming easier all the time to pick out the really nice girls. The cigarette test is the latest.

# FOUGHT WITH LORD ROBERTS

Veteran of Crimean War and Indian Mutiny Suffered Horribly With Rheumatism, Until "Fruit-a-tives" Brought Welcome Relief

GEORGE WALKER, ESQ.

Chatham, Ont., April 3rd, 1913.  
"I am a veteran of the Crimean War and the Indian Mutiny, volunteering from the Royal Artillery into the Royal Engineers, and served under Lord Roberts during the Indian Mutiny, and am a pensioner of the British Government. Fierce hand-to-hand fighting and continual exposure, left me a great sufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I had only one passage a week until I got to using 'Fruit-a-tives.' They cured me of both the Constipation and Rheumatism. Today, my bowels move immediately after breakfast, and in my regular employment, I walk thirty miles a day and enjoy perfect health. No matter how I publish this letter and my photo if it will be advantageous to 'Fruit-a-tives.'"  
This letter of Mr. Walker tells how to cure Rheumatism, but does not tell WHY 'Fruit-a-tives' cures this trouble. Rheumatism is the result of poisoned blood, due to weakness or faulty action of the bowels, kidneys or skin. In Mr. Walker's case, Rheumatism was the result of excessive Constipation. Waste material remained too long in the system, was absorbed by the blood and inflamed the nerves and membranes in his legs. When he started to take 'Fruit-a-tives,' these tablets immediately acted on the liver. More bile was given up to move the bowels. As the bowels were cleaned, the poisonous waste matter was removed, the blood became clear and the nerves were no longer irritated. Today, Mr. Walker is enjoying vigorous health that was his when he fought with Lord Roberts and helped him plant the British Flag firmly in our Overseas Possessions. He is as active as a man of forty and cannot praise 'Fruit-a-tives' too highly. Try them yourself, 50c a box, 6 for \$2.50, trial size 25c, at all dealers or from Fruit-a-tives Limited, Ottawa.

Vancouver, T. J. Moore and Joseph Merder of Quebec, Matthew Eadale of Edmonton.  
The congress dinner was held at McCoolley's, followed by the production of the H. S. Griffin drama, "The Revised Proof," at the Temple Building. The various roles were effectively taken by Milton C. Lee, Colin Harris, C. R. S. Fleming, C. P. Cummings, K. S. Zimmerman, J. G. Wilson, Fred Hamby, J. I. Lewis, Granville A. Irwin, L. F. Godfrey, H. O. Edwards, Clarence James, Miss Ethel Stocks and Miss Grace Webster.

## LEGION OF FRONTIERSMEN.

Mayor Hocken to Attend a Gathering of the Association.

The Legion of Frontiersmen held their weekly meeting last Thursday at the new headquarters of the club, 275 Yonge street, near Wilton avenue. It was announced that Mayor Hocken would attend a meeting in the very near future. An interesting proposal was put forward by the legion have a uniform turnout at the coming church parade. The secretary will be pleased to welcome any interested member at the next meeting, April 23, at 275 Yonge street.

## TWO BISHOPS WILL SPEAK

An interesting meeting is in prospect dealing with the subject of work among men, to increase their zeal in church work and attendance at services. The meeting will be held next Friday evening, and is open to all churchmen. The Bishop of Fredericton, Dr. Richardson, and the Bishop of Columbia, Dr. Roper, the latter having been in the city a few years ago.

## SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills for Pale People are an all-around tonic and blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the winter months. There is no other reason when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuritis, dyspepsia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes new life that the blood must seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not cure anything. On the other hand Dr. Williams' Pink Pills act on the whole system, reaching every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

Re John Ross, an Infant—A. R. Haasard, for mother, moved on return of habeas corpus for custody of child. W. B. Raymond for guardian of child, and for Children's Aid Society. Judgment: I have given this matter anxious consideration, and having regard for the welfare of the boy, and at the same time not forgetting the duty of his mother and the natural desire on her part to have her son with her, my conclusion is that the custody of the boy should not be given to the mother, but that he should be returned to and retained by the Children's Aid Society of Toronto. The boy has been well clothed and cared for. He is now learning how to do useful work of the farm and country life. At the boy's present age, living in the city with no other boys of his own household, and association with would be a constant trial and temptation to which under all the circumstances the boy should not be subjected.
