

MANAGEMENT COMMITTEE JUSTIFIES HAGARTY, WHO NOW WANTS A MOON TAKEN

Resolution Expressing Resentment at Attitude of University Professors Passed With Enthusiasm—Criticism Levelled at Night Schools.

The whole-hearted and enthusiastic way in which Principal Hagarty of Harbord Collegiate was backed up and endorsed on account of his recent patriotic speech to the pupils was a feature of the meeting of the management committee of the board of education yesterday.

The letter from Professors Squibb, J. H. Cameron, R. Davidson, F. B. Allan, H. J. Baillie and A. B. Macallum, in which Principal Hagarty was censured for "the harassment to his pupils" was read to the committee.

Trustee Shaw moved: "That while it may be true that Principal Hagarty used strong language in addressing his pupils, we commend him for the words he used to impress upon them the principles of loyalty and devotion to the empire, and that we resent the criticism contained in the communication."

This was passed cheerfully and with enthusiasm. Chairman McTaggart declared: "That the public schools are the proper place to test loyalty, and that the board wouldn't allow itself to be governed by representatives of a country with which Canada was at war. If positions were reversed, and the professors were English ones in Germany, they wouldn't live very long."

Principal Hagarty was told that he would be lowering himself if he made a speech to the committee defending his course, but that it would be all right to attend the board meeting. He said that he wished that some certain action be taken against the professors. It was decided, on motion of Trustee Fairbairn, that copies of the governing committee's letter be sent to all the public and high school teachers in the city.

Need Keying Up. Trustee Shaw criticized the way the night schools were being run. He said things needed keying up. He said that the principal of each school should be responsible for the night work. Trustee Hopkins favored an entire separate night school staff. It was decided to have the night school committee—Steele, McTaggart, and McTaggart—investigate the situation.

Form Junior Cadets. On recommendation of the cadet committee, it was decided to establish junior cadet companies in all schools where possible; to place gallery ranges in the schools, the government to supply the targets, guns and ammunition; to devote half an hour each week for drill, and to transfer Cadet

Co. No. 2 from Dawson to McMurich school. The suggestion that the cadet movement be extended to all the high schools in the city, corps to be formed in all of them and equipment provided, was passed, but this will depend on the amount of money available in 1915.

The employment of night school teachers who can speak Yiddish and English in McCaul, Ogden and Hester High schools three nights a week was moved by Trustee Vokes, and urged by Rabbi Price and Louis Burofski, who addressed the committee. The motion was approved.

Additional Teachers. The request for two additional teachers for Oakwood Collegiate and one for the new school at Riverdale was granted.

A motion to provide additional rooms for the following schools was carried: Carleton school, two rooms; Queen Victoria school, shed; Clinton, one room; Bedford Park, portable; Sackville, one room; John Fisher, one; Manning, two; Ryerson, one; Earl Grey, two; Frankland, three; Pauline Essex and Alexandra, kindergartens; Dovercourt, one room; Williamson road, four rooms.

The recommendations of the sub-committee on medical inspection were passed, as follows:

Dr. Tanner, Dr. Carruth and Dr. Zimmerman be appointed to the staff.

For Mental Defectives. That consideration of Dr. Steele's motion that the education department be asked to recognize the chief medical inspector as a regular inspector, under the same regulations as other inspectors, be held in abeyance until the government issues the regulations governing medical inspection of schools.

Dr. Conboy, who attended an international educational convention at St. Paul as the representative of the board, presented a report to the committee, and said he would move as follows at the meeting next Thursday: "That the board of education engage a competent psychologist to have charge of the examination of mentally defective children; that auxiliary classes for backward children be organized at convenient city centres; that a special school be established outside the city for the very backward children (mentally defective) who cannot be placed in the regular schools; that the government be requested to place gallery ranges in the schools, the government to supply the targets, guns and ammunition; to devote half an hour each week for drill, and to transfer Cadet

MAYOR PROMISES HYDRO STATEMENT

Will Discuss Situation at Postponed Council Meeting This Morning. HOT ARGUMENT LIKELY

"Wobbling" is How Controller Church Describes Commission's Course.

Controller Thomas L. Church has galloped into the limelight again. For several weeks he has not been seen attending to the city's affairs in the council chamber but at this morning's meeting he threatens to have much to say.

"P. W. Ellis, Mr. Black and Mayor Hocken have wobbled all over the lot on the question of rate reduction," he is quoted as saying. But from start to finish he says that they have refused to make a step toward rate reduction until they ascertain if such a move is in accord with Toronto people's interests.

Here is one statement by Engineer Couzens yesterday to The World: "I would like to see rate reduction. It will mean more business for the city. But what the Toronto commission has insisted on first knowing is—can the provincial commission's rate reduction order be followed and Toronto's business remain sound? It was apparent from the engineer's statements that the Toronto commission did not intend to decide either for or against reduction until it had all the facts."

And these facts are now being gathered. They will be ready probably within two weeks. Mayor Hocken stated that a unit cost system was being established. Since New Year's men had been at work on it. For some time, Mayor Hocken, the principal, and Engineer Couzens, for the Toronto commission, have been busy directing the work. It is on these facts and not on personal opinion that the Toronto commission is basing its decision. In all likelihood an agreement will be reached in two weeks.

Controller Church may or may not have known it when he talked today to such a great length yesterday but Mayor Hocken purposes to make a statement of the Toronto hydro affairs to council this morning. In it he is expected to show that the Toronto commission had exercised ordinary business precaution and looked before leaping.

Collegiate Cadets. Cadet corps will be formed in all the high and technical schools in Toronto. At present regular corps exist in Parkdale, Harbord and Jarvis Collegiate schools. Owing to the large number of aspirants at Harbord Collegiate it is likely that two companies will be formed there. Oakwood has the largest number of recruits, the total being 100.

Home Guard to Parade. Toronto's Home Guard will parade tonight at Bayville Park, when the full strength of the organization, comprising it will be inspected. The inspecting party will consist of General Officer, colonel-in-chief; General Leslie, colonel; Sir William Meredith, major; Sir Edmund Osler, Sir D. Mann, Archdeacon Cody, Cawthra Mulock, W. K. McNaught, W. S. Dinwiddie, W. K. George, J. E. Clarke, C. C. L. C. Fortier, W. H. Fairbairn, and Mayor Hocken.

Offered Exhibition Park. Mayor Hocken returned from Ottawa yesterday, where he had been attending the Methodist Conference, made a formal offer to the militia department of the use of the Exhibition grounds for housing the troops. As the mayor pointed out, it would be a good thing for Toronto, as the location of 20,000 troops here would open up new business for merchants and tradesmen. Also, the pay of \$1.10 a day of the soldiers would be largely spent in Toronto.

Insurance Rifle Club. The first meeting of the newly formed Insurance Rifle Club, under Capt. J. F. Weston, general manager of the Imperial Life Assurance Co., was held in the armories yesterday afternoon. The results of the competition, including a number of managers and other prominent officials of the various insurance companies, were as follows: Staff-Sergeant Medford, 1125; Colour-Sergeant Bullock and the Colour-Sergeant, 1125; Sergeant of the scores aggregating 22 out of a possible 25. The next meeting will take place in the armories Tuesday afternoon at 445. On Wednesday afternoon the club will hold a general meeting. Considerable enthusiasm is being shown by the insurance men in the club, and plans are now being laid for the recruitment of which a short time result in the club becoming a most efficient unit.

The officers are: J. F. Weston, Imperial Life, captain; Alfred Wright, London and Lancashire, treasurer; W. K. Kerr, Canada Life, secretary; A. M. Kirkpatrick, Aetna; J. B. Laidlaw, Norwich Union; Percy Quinn, Royal; C. S. Walworth, Western; C. E. Withers, Dominion of Canada; Accident, and C. W. L. Woodland, Employers' Liability, committee.

Last night's parade of the Royal Grenadiers at the armories, was not only the largest since the first detachment left for Valcartier, but the most enthusiastic was above the average, some 350 men were present.

While the troops were parading out, the armories the regimental band tendered a concert, and when "The Long Road to Tipperary" was played the 1500 people who lined the gallery would not let them stop until several encores.

The 36th Foot regiment, under Maj. Heron, paraded and drilled at Mimico last night. The officers are surprised at the number of recruits, as over 50 recruits have applied.

It is understood that the 600 old Lee Enfield rifles used by the Queen's Own Rifles were taken to Quebec Wednesday, have been condemned.
