GAVE HIMSELF UP AT POLICE OFFICE

Emil Nerlich Surrenders on Seeing Report That He Was Wanted.

FROM SUNDAY WORLD

W. H. Carrie, Former Bookkeeper Examined in Union Life Case.

On a charge that he assisted a member of the German army to escape from Canada, Emil Nerlich, of the firm of Nerlich & Co., was arrested in the detective office on Saturday. He had given himself up after reading a report that he was wanted by the police.

Douglas McAndrew was charged with shooting with intent to kill before Magistrate Kingsford Saturday morning. It is alleged that he stole two revolvers and cartridges from J. A. Varley. T. C. Robinette, K.C., appeared for the accused and asked for an examination as to his client's sanity.

Thomas Faulkner appeared in the police court on a charge of drunkenness. He was fined $5 and costs. William Patrick was sent to jail for 90 days, and Mike Ross to the jail farm for 60 days, both charged with vagrancy.

Utterances made by Dr. John R. Mott have created quite a sensation in Canadian mission circles. It is stated that he made a plea for Germany at a secret conference of delegates, held at Long Island, near New York.

Union Life Case.

Saturday's session of the Union Life conspiracy case was devoted to the examination of W. H. Carrie, who was formerly a bookkeeper of the Union Life and National Agency. He was re-examined by E. E. A. DuVernet, K.C., for the crown, with regard to the assets of the companies. Mr. Carrie stated, in answer to a question, that to the best of his knowledge they lost in several years that they were in business. No allowances were made for any reserve. The National Agency supplied the funds to the Union Life from 1902 to 1906 or 1907. England was tried in the latter part of 1910.

Artillery Practice.

Real live shells will be used by the soldiers this week for artillery target practice. They will be discharged from the shore front at floating targets on the lake.

Nine additional military police have been placed on duty. A motor party succeeded in passing the guards at the entrance of the camp on Saturday, but were speedily caught and warned not to repeat the offence.

Several sporting events were held Saturday, conducted by the Y.M.C.A.

MEN ENJOY BREAKFAST.

In spite of the bitter weather yesterday morning there were 378 men out to the Sunday morning free breakfast at Yonge Street Mission. The singing was entered into with great zest by the men, and several solos were rendered, after which Rev. Albert Marretts of Olivet Congregational church, gave an address. Superintendent J. G. Davis will greatly appreciate contributions of any kind to help in the work. A phone message to Main 2546 or a post card will receive prompt attention.

Cuthbert Tour to Panama Exposition.

There will be no Cuthbert-Shaffer tour to Europe during 1915, but one of their old-time private trains will leave Toronto early in July to make the tour of the west, including San Diego and San Francisco Expositions, returning via Canadian Pacific, Vancouver and Winnipeg, enabling party to view the magnificent Rocky Mountain scenery and visit the palatial Canadian Pacific hotels, which have a world-wide reputation for the high standard of service offered to the traveling public.

The hundreds of patrons who have made this trip under their management will testify that there is no cheaper, jollier, more comprehensive or comfortable way to go. Write for particulars up to Feb. 15th to E. Y. Cuthbert, Pasadena, Calif., R.R. No. 1; after Feb. 15th to 321 Jarvis street, Toronto.

DEATH OF REV. W. FLEMING.

BELLEVILLE, Ont., Jan. 24.—Rev. William Fleming, 87, Anglican clergyman, died in this city yesterday after being ill for some time. He was the oldest minister in the diocese of Ontario. He was engaged in the ministry for upwards of half a century. He was a member of Boulder's Masonic Lodge, Ottawa. A widow, one son of this city and a daughter, residing in Toronto, survive him.

FORM LETTER LEAGUE TO HELP SOLDIERS

Proposal Has Been Made for Promoting Correspondence and Meeting Will Be Held.

A proposal has been made to form a "soldiers' letter league" for the purpose of promoting correspondence with the members of our Canadian contingents who have gone or are going to the front, more especially with those who, without some such organized effort, would not be likely to receive many letters from home.

This proposal has been endorsed in many quarters, and his lordship the bishop of Toronto has kindly consented to call a meeting of those interested and likely to help, and has placed the synod office at their disposal for the occasion.

Formal notice will be sent to those who have signified their approval already, but it is hoped that many others —ladies and gentlemen—will accept this intimation that their active co-operation will be gladly accepted.

The meeting will be held at 4.30 on Wednesday, Jan. 27, at the synod office, 62 West Front street.

HONOR TORONTO MAN.

William J. Murphy, formerly of Toronto, was elected alderman of Kaslo, B.C., at the election held recently in that city.

EVENTS IMPENDING OF GREAT IMPORT

Information Reaching London Indicates Enormous Military Movements.

TOLD IN SUNDAY WORLD

Roumanian Army of Four Hundred Thousand to Join Russians.

Canadian Press Despatch.

LONDON, Jan. 23.—Great events are impending according to the information reaching London daily and even hourly. The details are not made known, but military movements on an enormous scale are proceeding.

Rev. R. D. Winnifrith has sent a strong protest to His Grace the Archbishop of Canterbury against the constant breaches of The Hague war regulations by the Germans.

A casualty list given out shows that in thirteen days the British army lost a total of 257 men. Of these 92 were killed and 133 wounded.

Will Join Russians.

The Roumanian army comprising about 400,000 men is expected to soon join the Russian army, which had entered Transylvania from Bukowina.

A commission in the First Guard has been won thru gallant conduct by Francis Edward Fitzjohn Crisp, a prominent young painter.

A change in the eastern campaign which would mark a new period of the war is expected by the officers of the Russian staff.

Forty members of the peace party, headed by the sultan's heir, have been arrested and either imprisoned or shot by Enver Pasha, former Turkish secretary of war.

There has been a renewal of aerial activity on the continent. The Germans have raided Dunkirk in force and British airmen have made an attack on Bruges.

Say "Never Again."

"The watchword of the most pronounced militarists of the allies is 'Never again,'" according to Alfred Noyes, English poet, who reached New York aboard the Lusitania.

Joffre is Decorated.

A message from Paris says General Joffre was decorated with the Cross of St. George by a member of Emperor Nicholas' suite.

It is reported that La Bassee is now occupied by the allies.

According to a Belgian refugee from Antwerp, who has visited Amsterdam, the situation there in regard to provisions is rapidly growing worse.

General Von Hohenborn will not go to either front but will remain in Berlin. Lieut.-General Von Wandel will command in the western theatre.

Fifteen hundred refugees from East Prussia have arrived at Bantheim, Hanover.

Will Become Nurse.

Mrs. S. G. Holliday left Montreal Friday night for St. John, and will sail to her home in England. It is her intention to join an English hospital as nurse. Her husband and two brothers have been killed in the war. Four other brothers are on the firing line.

Noe Piche was arrested in Ottawa Saturday following the discovery of a woman's dead body in his home. The woman, supposed to be his wife, had been dead several hours.

Canadian mail has been delayed in reaching members of the Canadian force at Salisbury Plain because of insufficient address being given. The postal service is good, but complaints arising led to an investigation with the foregoing results.

Want to See Evidence.

Alderman Hugh Nickle, of Kingston, has been asked to present evidence he claims to have that Kingston is the most immoral city in Canada, and that the police department is lax, before the commissioners.

Douglas McAndrew, arrested in Toronto, in connection with shooting with intent to kill, is a Hamilton boy. His parents are respectable people and can offer no explanation for the young man's conduct.

Puebla, Mexico, was taken by convention forces in a battle, according to official advices received in Juarez.

DEATH OF JOHN B. BARRY.

BROCKVILLE, Ont., Jan. 24.—The death is reported from New Dublin of John B. Barry, for many years a leading farmer of his district. He was for 16 years clerk of the Township of Elizabethtown. He was a prominent Conservative and a close personal friend of the late Hon. John P. Wood.

WORKING AGREEMENT BETWEEN COMPANIES

Agency Secured Almost Twenty Per Cent. From Union Life, Says Former Bookkeeper.

Continuing the taking of evidence for the crown in the Union Life case Saturday afternoon, A. J. Russell Snow, K.C., for Dr. Hughes, asked W. H. Carrie:

"Did Dr. Hughes get one cent of the proceeds of the sale in London?"

"Not to my knowledge."

"Did he get any, direct or indirect?"

"Not that I know of."

"Did Mr. Symons get any, directly or indirectly?" questioned his lordship.

"I would have to find out from the books."

"Are you aware whether the agency company managed the insurance company?" continued the judge.

"There was a working agreement."

"What commission did the agency receive from the insurance company?"

"About 20 per cent."

"What did the insurance company do for that money?"

"Well, I couldn't properly say."

William Clarkson, liquidator of the Union Life, stated in reply to Mr. Masten, for the crown, that the Union Life charged itself as being indebted to the agency company for good-will to the extent of $34,782.

The amount of the paid-up capital stock in 1903 was $100,000, leaving a balance of $900,000 in the capital of the company still to be subscribed.

The witness produced statements showing the distribution of the stock of the companies and the assets and liabilities in the years from 1902 to 1909.

The court adjourned at 5.15 until 10 a.m. today, when the crown will probably finish the prosecution.

CENSUS SHOULD BE FIRST STEP TAKEN

Proper Information on Unemployment Situation Absolutely Necessary.

PROBLEM DISCUSSED

Path of Manhood Demands Preservation of Workers' Independence.

Editor World: I notice that the proposition to raise an immense sum for the charitable relief of the unemployed by a whirlwind campaign keeps cropping up at rapidly decreasing intervals. The whole idea seems to be rooted in despair, either that anything can be done or that anything will be done by the constituted authorities. It is the product of months of haphazard talk without definite action. The inherent fallacy of the proposition is evident from the fact that we have not the faintest conception of how much money will be needed. It might require $50,000 or it might require $2,000,000 to solve the situation by charity.

Six months ago, before the war broke out, repeated proposals were made to the city authorities by more than one city organization, that a classified census be taken of the unemployed. This has been declared by Sir Clifford Sifton, head of the Dominion Conservation Commission, to be the very first step in dealing with the situation. If properly organized and supported, a complete and adequate census could be taken in one week, and the results tabulated in another, which would show just how many men and women were out of employment; how many of these were skilled or unskilled, with their trades or occupations; how many employable and how many unemployable; how many from Toronto and how many from parts of the province outside of Toronto, etc. At the same time we could determine how many unskilled jobs, and of what kinds; how many skilled jobs, and of what kinds; how many short jobs; how many long jibs; how many for women; how many for men; are at the present moment available in the City of Toronto. Until the balance is struck between the supply of work, immediately available and the demand for work at present existing, and until this supply and demand are brought together as far as possible, we cannot have the faintest idea of the size of the job facing the city.

Attempt Unjust.

Any attempt at a time of financial stringency—like the present to saddle the citizens, collectively or individually, with what would be, on account of our sympathies, practically a forced contribution, is unjust to the citizens, and if it succeeds is a crime against the self-respecting unemployed who are ready to work.

I learn from the press that the Unemployment Relief Association, made up of a large number of business men and other public-spirited citizens, offered to undertake, on behalf of the city, to co-ordinate the city's resources for the relief of unemployment by wages, and to became responsible for the solution of the problem as far as humanly possible under the present conditions. This organization, it is true, refused to look upon the problem as essentially one of charity or charitable subscriptions, and believed that it was a matter of industrial organization and business management, except for the irreducible minimum of cases that must be taken care of by direct relief. Even here the evil results would be minimized by the drilling of large bodies of men, and similar methods. A prominent citizen guaranteed a sum of money to take care of the organization expenses, and the city was asked simply to pay the necessary operating expenses, under the supervision of the Social Service Commission or a committee of the men concerned was a guarantee that there would be no waste.

Whether the city finally accepts the proposition of this particular organization or not, they must face the problem in the same way if it is to be dealt with at all this winter. The path of least resistance is to throw up the sponge and resort to charity. The path of manhood and virile citizenship demands not only that no one shall starve to death this winter, but that the independence of the worker shall be preserved, and that the vitality of large numbers of children shall not be so depleted this winter that they shall become a charge on the public as unemployables later on.

The suggestion of the mayor for a commission of some sort which would deal with the subject quickly, radically and comprehensively, seems to offer the only adequate solution.

John M. Godfrey.

To Help Keep Canadian Factories Busy

EATON'S MADE-IN-CANADA CAMPAIGN

Bargains for You ---Employment for Others

To promote Canadian Industry—you are eager to do this. To create employment—you are perhaps even more eager to do this. Here, then, is your opportunity:

BUY MADE-IN-CANADA GOODS

Today (Monday) we begin a great campaign for the selling of merchandise from Canadian Factories. Our buyers have visited scores of manufacturers throughout the Dominion and laid before them this proposition, namely, that if, for a month or thereabouts, they would eliminate profit in the producing of goods, we, on our part, would sell these goods without profit. With scarcely any exception, the manufacturers warmly embraced the idea. They welcomed the opportunity to keep their staffs together—to take on more workers if possible.

This, therefore, is what has been done: A vast stock of Made-in-Canada merchandise has been gathered together and marked at prices which represent practically no profit whatever to either manufacturer or the store. And this the ultimate result:—

You Get Bargains Others Get Employment

The campaign begins with a great comprehensive offering of Made-in-Canada goods for selling today. Every day thereafter each department will feature one item under the special Canadian Flag ticket, which throughout the campaign will indicate Made-in-Canada merchandise.

All goods bought in the Made-in-Canada Campaign will mean a big saving for the purchaser, will stimulate Canadian Industry, and will increase employment.
