

STANDARD-BRED TROTTING STALLION, CATALOGUE, 7875.

*Bay Horse ; Foaled 1887 ; Bred by the late
Edwin C. Bate, Derby, Vermont ;
Registered in Vol. VII. Ameri-
can Trotting Register.*

DESCRIPTION.

CATALOGUE is a beautiful bay ; black legs ; star in forehead, and two white heels behind ; stands close on sixteen hands, with good bone and the best of feet. The gentleman from whom I purchased says, that owing to sickness he was not broken until last fall, and inside of two months could trot better than 2.30. He has a big, rapid, open stride, with plenty of knee action. Catalogue is a remarkably well-bred horse, in trotting lines each ancestor clearly tracing through speed-producing sires and dams for four crosses, and each side terminating with the Pilot, Jr., cross on thoroughbred foundation.
