## RIFLE SHOOTING A SPORT CIVILIANS SHOULD ADOPT

So Says Lieut.-Governor Gibson in Attending Presentation of Prizes to P. O. Marksmen.

The new annex of the general post-office, Adelaide-street, was formally opened yesterday afternoon and evening, with a presentation of prizes to members of the Postal Service Rifle Association, and a concert and social given by the employees.

The presentations occurred at 5 o'clock, Geo. Ross, L.S.O., chief P.O. Superintendent for Canada, presiding, with Lieut.-Governor Gibson as the guest of honor.

In introducing Col. Gibson, Mr. Ross said the members of the association felt specially honored by the presence of such distinguished guests as the Lieut.-Governor, and Major Macdonnell, D.S.O., both enthusiastic military men and authorities on the accomplishment of military life and experience—shooting.

"I may perhaps be pardoned for mentioning the fact that his honor comes from Hamilton, in which province and ambitious city it was my lot to spend much of my early life," said Mr. Ross. "As a former citizen of Hamilton, I can testify to his untiring devotion to honest manly sports of all kinds, but as a military man, his favorite pastime, and the one in which he was, and still is, particularly interested, is rifle shooting. Himself a crack shot, it was during his colonelcy of the Thirtieth Regiment that that regiment gained the distinction of con-

taining the best rifle shots in the Dominion."

"This meeting concerns the formation of a rifle club," said Col. Gibson. "The government desires to see this movement spread. So do I. Gun clubs used to have the best marks among their members. Enthusiasm waned, but gun clubs have now been revived. It is a good sport; takes mind and judgment, but not too strenuous. It makes great demands on mind and judgment. Unlimited efforts may be made, to become expert. It is a sport which counts for much in patriotism, because it is a practice for every man, civilian as well as regular soldier, because a civilian may be drafted. I congratulate you all on your choice of a sport, and I congratulate Mr. Ross on the felicity of the occasion, at which I am most happy to be present."

Major Macdonnell expressed Gen. Cotton's regret at inability to attend, and reminding the men that some day they might have to defend their country. The presentations were made by Mrs. Ross, Mrs. J. W. Wright, Mrs. W. E. Lemon and Miss Rogers. The lucky ones and their scores were:

Mr. Grooms, who stood third, is a deaf mute.

Capt. Rea won the J. C. Eaton silver cup and special prize, a silver teapot, donated by Mr. Ross.

The Postal Service Rifle Association was organized in 1907, and has a present membership of sixty. Practice is held at the ranges every second Tuesday, with Ross Mark II rifles, 100 rounds of ammunition being supplied by the government to each man.

The prizes for the Thanksgiving competition were purchased with funds contributed by the members of the postoffice staff generally. Seven shots were taken at each range, and the possible was 105.

The annex is 80 feet by 80 feet and was prettily decorated for the occasion. In the evening over 500 attended a splendid concert. The officers of the committee in charge were J. R. Fraser, chairman; W. J. Mankey, secretary; and E. Westman, treasurer.

## FOUR FATALITIES

A Chapter of Accidents in Northern Ontario.

COBALT, Nov. 22—News comes this morning of four fatalities in Northern Ontario.

While mucking in the prospect shaft of the Union Cobalt Mine at Elk Lake, the pin worked out of the clavis holding the bucket, and the whole load of rock fell on Stephen Labelle, a French-Canadian, who was working directly below. He was crushed to death.

While making the crossing of Lake Timiskaming, at the south end of the lake, Arthur and Geo. Morin, French-Canadian, brothers, were tipped out of a canoe and both drowned.

The day after Labelle was killed, George Amundson, a mucker at Moose Horn Mine, was instantly killed and Dan Cahey sustained bad scalp wounds through the explosion of gelignite in the muck.

## "Consumption"

Three Doctors Attended Her. Dr. Wood's Norway Pine Syrup Cured Her.

It has long been known that the balsamic odor of the newly cut pine tree heals and invigorates the lungs and consumptives improve and revive amid the perfume of the pines. Since but few can command the luxury of a visit to the pines, it will be good news to many to know that the essential healing principle of the pine has been separated, and refined, and combined with other absorbent, expectorant and soothing medicines of recognized worth in the manufacture of Dr. Wood's Norway Pine Syrup.

Mrs. Charles McDermott, Bathurst, N.B., writes: "I thought I would write and let you know the benefit I have received through the use of your Dr. Wood's Norway Pine Syrup. Three years ago I had Consumption and had been very much alarmed about my condition. I was so weak and miserable I could not do my housework."

Looking through your B.B.B. almanac I saw that Dr. Wood's Norway Pine Syrup was good for weak lungs so I got a bottle and after taking ten bottles I was completely cured. At that time I weighed 135 pounds and now weigh 172, a gain of 37 pounds in three years. I now keep it in the house all the time and would not be without it for anything as I owe my life to it."

Price 25 cents at all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## Public Amusements

The following is taken from The Baltimore Sun: "To hear music with understanding is, of course, the acme of enjoyment, but to hear the success of beautiful musical tones, even if one does not thoroughly comprehend all the beauties, is, to say the least of it, exquisite pleasure. And this keen delight was experienced by the audience when M. de Gogorza sang 'He stands pre-eminent as a singer among baritones.' This great artist will give a recital at Massey Hall to-night."

Lovers of good singing are looking forward to the appearance of the Grace Van Studdford Opera Company at the Royal Alexandra next week in the Parisian comic opera, "A Bridal Trip," that Harry B. Smith adapted from the original music score, of course, of Planquette, the famous composer of "The Chimes of Normandy." No American singer possesses a more attractive personality or a greater vocal accomplishment than Miss Van Studdford.

All of nature's children love romance; they want to have their hearts touched, and then they welcome the laughter of the soul. This is a brief description of "The White Swan," the romantic Canadian drama to be presented for the first time in this city at the Grand Opera House next week.

Rose Sydel's London Belles burlesques come here for their annual visit next week at the Gayety Theatre. An entirely new and gorgeous burlesque, "The Girl from Sherry's," has been put on.

"The World of Pleasure" will be at the Star next week, presenting "Playing the Ponies." To-morrow night, in conjunction with the Miner's Americans, will be a chorus girls' contest. A big amateur night. Already many amateurs have handed in their names.

H. E. Krehbiel in The New York Tribune says of Signor Bonini in "I Puritani": "His tones are impeccably pure, his command of breath perfect, his enunciation unrivaled by any singer now before the public, his phrasing also, his sense of proportion, symmetry and repose are exquisite. The voice is a pure tenor." He comes to Massey Hall, Thursday, Dec. 1. The plan opens Nov. 28.

Opening of New Town Hall, Beaverton. The people of Beaverton are planning to have a big time at the opening of the handsome new town hall and market, which will take place about the New Year. The building, now nearing completion, presents a most imposing appearance. The design is somewhat English in character, built of red brick and white stone. The building has a frontage of 85 feet and, including the market, a depth of over 100 feet. It has several commodious floors and an auditorium seating 700 persons. The cost is about \$17,000. J. Harvey Self and W. F. Shepherd of Toronto are the architects.

To Prison for Six Months. George Woods, assistant storekeeper at the King Edward Hotel, was sent to prison for six months yesterday on a charge of theft of supplies from the hotel larder. He had been making a business of selling these to other employees, and William Shiltoe, Irvine Pate and Lawrence Munro, who pleaded guilty to receiving, were each sent to jail for sixty days.

The Canadian Mails. LONDON, Nov. 22—A deputation of Bristol M.P.'s waited upon Right Hon. Lewis Harcourt in relation to carrying Canadian mails. The interview was private.
