Five Hundred Feet Extension to Cost \$62,000.

REFUSE TO FIX TIME

FOR BEPAIRING INTAK

City Gets Three Tenders For Job-

take pipe were the subjects of discussion at the meeting of the board or control yesterday, in which City Engineer Rust did some fencing with

on the broken intake pipe, three tend-ers were received and opened, the coners were received and opened, the controllers being disappointed to find that nobody would guarantee any set time for the work. Capt. Lesslie, as promised, had his name in for the job. He asked for the rental of the city plant, at a price to be agreed upon between himself and the city engineer, \$500 a month, and overtime, and 15 per cent. over the costs. His was the third ten-

The names of the other two tenderers were not given out. One asked merely to supervise the city men's work on the city's plant, and to gather in 12½ per cent. This company thought the work could be done in five weeks under ordinary circumstances, but if there was less sand in the southern end of the pipe than thought at present, two weeks' time would do the work. The other company came for-ward with what the controllers thought the best offer, they having their own plant and men, and declaring that all the latter were used to marine work. Probably the plant could get used to it. this, however, being specified. They would take the job entirely in their hands, the price set being 20 per cent. over costs. The city engineer will report on the tenders for the council's confideration part Monday. nsideration next Monday

No New Pipe This Year. Despite wondering comments. Mr. Rust kept strongly to his former declaration that it was impossible to lay the new pipe extension this year, as there was considerable dredging to do before the pipe could be laid in place. A great deal of this dredging, some 500 for the pipe land but even then. feet, was on land, but even then, it was impossible to facilitate matters beyond a certain speed, declared the

"I think every engineer will agree with me," he said. "that it is impossible to put in the extension this year." Controller Spence wanted him to put men out by day labor on the work on Monday, but Mr. Rust objected to any work being done before the tenders were let, and his point was carried. "The work must drag into next sea-son." said Mr. Rust. "The only thing to

antees to have 500 of the required 3500 feet on hand in 70 days and the feet on hand in 10 days and the balance in 160 days. The cost would be \$11.75 a foot, or \$62.125 for the entire quantity. The other scheme was a guarantee to have the first 500 feet on hand in 30 days and the balance in 90 days, at a cost of \$20.75 a foot, or \$72.625. The former offer was accepted, the controllers agreeing that even if the controllers agreeing that even the pipe was on hand in 30 days, it would only lie idle waiting for the dredging, and so money would be lost.

in the county criminal court yesterday. A gold-filled necklade shown in the evidence was confiscated.
