RUSSIA ADDING TO HER BLACK SEA FLEET

Contracts Awarded for Three Battleships and Six Submarines.

ST. PETERSBURG, Aug. 18.—The cabinet to-day awarded the contracts for the construction of two battleships to be added to the Black Sea fleet to the Ivanoff Shipbuilding Company, which is a combine of six Russian metallurgical machine works. The work will be done under the direction of the English firm of John Brown and Company. Each ship will cost \$1,750,000, to which will be added an expense of \$1,247,116 for the armor and guns of each vessel.

The contract for a third battleship was awarded to private works at Nikolayev, under the technical direction of Vickers, Sons and Maxim. The cost will be \$9,575,000.

The battleships will be of 22,000 tons and carry 12-15 inch guns. Their coal burners will have a maximum consumption of 160 tons and a speed of 35 knots an hour. They will cost \$1,000,000 each, built at Nikolayev next October and the plans call for their completion in four years. The cabinet will submit to the Duma a bill appropriating an extra expenditure of \$1,500,000 for the battleship program.

HIGH LEVEL BRIDGE.

By November 1 the high level bridge over the Don at Queen-street will probably be ready for traffic.

But there were several unforeseen obstacles. The C.P.R. changed their plan regarding the Don station, there was delay in getting some of the ironwork, and the structural ironworkers strike also retarded progress.

AN "ARSON TRUST."

CHICAGO, Aug. 18.—Word was received here to-day of the arrest of David Korschak at Vancouver, B.C., who was named as the head of an alleged "arson trust," in a confession made to Fire Attorney Sullivan and the police by Leopold Dreyfus, president of L. Dreyfus and Company, wholesale cutlery, who afterwards committed suicide by shooting.

Leopold Dreyfus and his brother, Lazard Dreyfus were arrested following an incendiary fire that party destroyed the company's store June 1st.

LAURIER AND BOURASSA TO MEET ON PLATFORM?

Effort Being Made to Arrange Joint Debate—Attempt to Defeat Borden.

OTTAWA, Aug. 18.—(Special.)—Efforts are now being made to arrange a joint meeting between Sir Wilfrid Laurier and Henri Bourassa in Ottawa. Bourassa is known to be willing to meet the prime minister on the platform, also he might prefer that the meeting should be held in Montreal or some other place in Quebec. Sir Wilfrid Laurier's attitude in Quebec has encouraged the belief here that he would not shrink from a duel with his one-time apostle. The chief difficulty seems to be that Ottawa has no auditorium large enough to accommodate the crowd that would turn out for such a meeting. Bourassa is billed to speak here next week.

The report reached Ottawa of a determined effort by the government organizer in Nova Scotia to compass the defeat of R. L. Borden in Halifax. Workmen, it is stated, being imported into the riding for all sorts of jobs, with the object of increasing the Liberal voting strength.

The trouble came to a head to-day, when Frank S. Cahill was given the nomination by a largely attended gathering of Liberals at Campbell's Bay. The delegates at this meeting went on record as condemning the candidature of G. G. Macdonald, the Liberal member, and the refusal of the president of the Liberal Association to a party convention. This means a three-cornered fight in the government election, the Liberal leader, with Hodgins and Cahill dividing the Liberal vote, and Gerald Brabazon running as a straight Conservative.

Registration reports from the larger cities of Eastern Canada show heavy increases and point to the polling of a record vote for the Liberal party. W. Motherwell, minister of agriculture, in the Scott Government in Saskatchewan, is here to-day taking reciprocity to the house of commons and the United States market for Canadian hard wheat.

MAJOR BEATTIE NOMINATED.

LONDON, Aug. 18.—Major Beattie was nominated to-night by the Conservatives and John Miller McEvoy by the Liberals as candidates in the coming election. Four candidates were named before the Conservative convention, including William Gray, who ran against C. S. Hyman. All declined. Mr. W. J. Stevenson contested the Liberal convention with Mr. McEvoy and a ballot was taken but not announced. Before the convention efforts were made to secure a leading Liberal to run, but all declined, including C. S. Hyman, Sir George Oliphant, A. Samerville and T. S. Hobbs.

FARMERS ANTI-PACT.

MARKDALE, Aug. 18.—At the largest and most enthusiastic convention in the history of the riding of East and Centre Grey, Dr. Sproule and Hon. I. B. Lucas received the unanimous nomination for the house of commons and the Ontario Legislature respectively. No other names were brought before the convention.

These are strictly rural constituencies, but the farmers left their harvest fields and again cheered the anti-reciprocity speeches.

HENSALL, ONT., Aug. 18.—At the Liberal convention held here to-day, Mr. M. Y. McLean of Searford, secured the Liberal nomination for South Huron.

EGANVILLE, AUG. 18.—The Conservatives of South Renfrew to-day chose Dr. Matney of this town to be their candidate.

Customs Soaring.

Month after month the customs receipts break all previous records. For the first seventeen days of this month the collection amounted to \$880,000, as compared with \$746,000 for the same period last year.

Nelson St. Pierre, 21 River street, fell from the new to the old Don Bridge, Queen street at 3.30 yesterday afternoon, a distance of 25 feet. His skull was fractured and he was removed in the ambulance to St. Michael's Hospital.

Pat Maher's Kicking Horse.

Dennis Dwan, Spadina road, was kicked in the face by a horse at Pat Maher's livery stable, in East Shore street, last night. He was removed to St. Michael's Hospital. His condition is not serious.

Nullifying Peace Treaties

WASHINGTON, Aug. 18.—In the executive session of the senate to-day, Senator Root of New York presented an amendment to the arbitration treaties with Great Britain and France in the nature of a declaration of no constructing the treaties as to render them inapplicable to questions arising under the Monroe doctrine. Heretofore Senator Root has opposed amendments to the treaties, maintaining that they were sufficiently safeguarded. He made no explanation of his reasons for introducing the amendment. There is no probability that the treaties will be acted upon during the present session.

SIR WILFRID ADDRESSES HIS OWN CONSTITUENTS

His Speech Practically a Repetition of Thursday's Effort at Three Rivers.

QUEBEC, Aug. 18.—Sir Wilfrid Laurier addressed the electors of his own division in Quebec East this evening, where he was escorted by a large number of party friends to the Jacques Cartier Market Square, where he addressed a crowd estimated at between 10,000 and 15,000 people.

There did not appear to be a great amount of enthusiasm in the upper town part of the city as the Liberal leader passed from the Chateau Frontenac to the place of meeting in St. Roch. Once Sir Wilfrid got into the house, his own constituency, however, the situation showed somewhat of a change, and along St. Joseph street there was quite a display of bunting and the crowds were bigger and more enthusiastic.

Sir Wilfrid was accompanied on the stand by Sir Louis Lacombe, premier of Quebec, and A. Taschereau, minister of public works; Hon. J. C. Kahne, Hon. Mr. Devlin, A. G. Carrier, M.P.; Caron, M.P.; Eugene Leclerc, M.L.A.; Quebec Centre, and many other members of both the federal and local parliaments.

When Sir Wilfrid advanced to the front of the platform, behind which was the motto: "Hommage a Quebec de Sir Wilfrid Laurier," he received a three-cornered salute from the crowd. In introducing the Dominion premier, Mr. Letourneau said that they had assembled to meet the greatest statesman that Canada had ever produced.

Said Nothing New.

Sir Wilfrid, in many respects, duplicated the speech which he had made in the previous afternoon in Three Rivers. He began his remarks by stating how great an honor he felt it to be assigned to appear before the largely assembled gathering which had been presented to him to be once more his constituents. He said that the meeting had undergone in the past, he thought, had entitled him to a rest, but he was once more forced into it, and he was glad to be able to once more take up the burden.

Why were the elections forced on the country? Sir Wilfrid. He pointed out the ordinary life of a parliament and the feverish haste with which the electoral clock had been turned back to the country before this time.

Touching reciprocity, he said the United States was one of the greatest nations in the world. Canada was one of the youngest. All governments had recognized the benefits to be gained by it, and the alleged reciprocity classes would prosper. The working man as well as the capitalist, the farmer as well as the manufacturer, the laborer as well as the employer, and the opposition had proved obstructionists and had forced them to come before the masters of the situation.

George Will Found

KINGSTON, Aug. 18.—(Special.)—Altho the report is reported that the will of the late George was found in his old home, which had been found in the will of the late George, who died a year ago, and the grave was opened in search of it. Recently a case was made out of the will of the late George, who died a year ago, and the grave was opened in search of it.

Carpet Workers Protest.

The carpet weavers who claim to have been shut out by the Toronto Carpet Company are requesting the city and the police to force the company to exhibit at the fair. How this can be done is a mystery to the authorities, and in all probability the Toronto Carpet Company will have their goods on exhibit at the fair as usual.
