Candidate For Mayor of Western City Tells of Industrial Progress -Kennedy Sells Factory Site.

Just back from his second trip to the west within a month, H. C. Kennedy, interviewed by a World representative, yesterday, spoke glowingly of the way Edmonton, which he regards as the best city on the prairies, is growing industrially.

Mr. Magrath has every confidence in the present high prosperity of his home city being continued for many, many years. Edmonton, he stated, is jumping the proverbial leaps and the proverbial leaps bounds, but the growth, while fast, is

"Chinaman," in the sense of a native o China, than 1854, when Emerson so used it. The previous word was "Chinese," from which the plural "Chineses" was formed by Milton and his contemporaries, and the false singular "Chinee" by modern Americans. But "Chinaman" in another sense, that of a dealer in china, was in use long before 1854. The Oxford Dictionary gives three instances of it from Longree 1854. ary gives three instances of it from London directories of 1772, 1801 and 1819, but does not notice that in 1763 one "John Crowther, Chinaman," was gazetted bankrupt. "Chinawoman" in a similar sense goes back to Ben Johnson.—London Chronicle.
