

WE MEET AGAIN TO HEAR REPORTS

Letter Carriers Meet Tonight
When Delegates Will
Speak.

SOME NOT SATISFIED

Would Not Be Surprised if
Work Stopped on
Monday.

The letter carriers are to meet this evening at eight o'clock at the Labor Temple to receive reports from the delegates to Ottawa, who had advised the men to resume work, following a conference they had held with the postmaster-general and members of the Dominion Government. After the meeting has received the reports it will consider what action should be taken relative to the findings of the delegation.

The men interviewed yesterday from among the file of the association expressed themselves as dissatisfied with the result of the conference at Ottawa, and a number of the men stated that it would not surprise them if the postal clerks as well as the letter carriers might be absent from work on Monday morning. They pointed to the fact that all the carriers west of Winnipeg were out with the exception of the Edmonton men. There was no sign of the carriers for the province, and the men stated that the government was apparently no assurance from the government that their grievances would really be removed.

Without Authority.
Alec McMorris, federated secretary of the Letter Carriers' Association, stated that the western provinces were now acting without authority from him and that the centre of the trouble in the northwest had shifted from federal headquarters to Winnipeg. He referred to a statement said to have emanated from Postmaster-General Blomfield that the temporary men were to receive a bonus of \$100. If this statement was really made by the postmaster-general it was said by Col. Blomfield to the Toronto delegation. The postmaster-general had promised a \$150 bonus and the government could be said to be living up to its agreement if it was true that the temporary men were to receive only a hundred dollars.

Mr. B. Lemon, postmaster at Toronto, stated that the advice received from the government within the past few days was that the postoffice must receive less than \$1,200 a year would receive a bonus of \$150 and that the widowers and all men with dependents as well as the temporary men would be sent the cheques for this amount at the earliest moment. Mr. Lemon himself stated that he had not received these cheques yet, but would receive them as soon as they were given out immediately upon their receipt.

WILLS PROBATED

John Hargrave, who died July 10, left an estate valued at \$21,644.26. The will provides for his three sons, each getting one-quarter share in the business, and his two daughters each getting one-eighth share. His daughter Margaret gets the household goods, and the remainder is divided among the five members of his family.

The estate of Pte. John W. Downey, who was killed in action November 12, goes to his mother, Mrs. M. J. Downey, 111 Sunnyvale road. His estate is valued at \$1,601.52.

The estate of Mrs. L. M. Ray, who died July 5, leaves \$402.22 in the bank, goes to her husband, Wm. H. Ray, and her son, Howard R. Ray.

The estate of Chas. H. Bragg, York Township, who died in J. J. Downey, will be inherited by his widow and four children. The estate is valued at \$475.

Two sons, Alex. and Hugh, and two daughters, Margaret and Isabelle, will share equally in the estate of John Rose, who died November 10, 1911, leaving \$358.25 cash.

The estate of Catherine Morrison, who died June 27, will be divided among three sons and one daughter. It is valued at \$79.87.

BUILDING PERMITS.

The following permits were issued yesterday by the city engineer: W. J. Keane, for an apartment house on Elm-street, value \$55,000; H. J. Hamilton, for one pair semi-detached dwellings on Scarborough road, \$6,200; M. J. Davies, one detached brick dwelling at 21 Eversdale avenue, \$2,500; James Smith, one pair semi-detached dwellings on Weston road, \$9,900.

REPORT ON HOUSING.

Ald. McEwen, chairman of the property committee, yesterday issued the following notice: "Acting under the authority of the committee on property, I have appointed the following members as a sub-committee of the said committee to consider and report upon the whole problem of the housing question, viz.: Ald. Piewman (conservator), and Aldermen Ramsden, Gibbons, Cowan and Ball."

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as the summer. The excessive heat, through the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic may prevail. Any of these troubles may prove deadly if not promptly treated. During the summer the mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Company, Brockville, Ont.

SPECIALIST SAID HE MUST OPERATE

She Took "Fruit-a-tives" Instead,
and is Now in Perfect
Health.

MME. F. GAREAU.
153 Papineau Ave., Montreal.
"For three years I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics, to take, which did not help me. Then he told me I must undergo an operation. This I refused to permit."

"I heard about 'Fruit-a-tives' and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it."

"The first box gave great relief; and I continued the treatment, taking six boxes more. Now my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-tives' my warmest thanks."

MME. F. GAREAU.
50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent by Fruit-a-tives, Limited, Ottawa.

Y.M.C.A. OPENS AT CAMP BORDEN

Toronto Artists Give Concert
to Royal Air Force in
Association Tent.

The formal opening of the Y.M.C.A. work in connection with the Royal Air Force at Camp Borden took place last night, when a splendid concert was put on by visiting Toronto artists, assisted by the R.A.F. orchestra under the able leadership of E. F. Blair.

The concert was taken by Major J. S. Scott, officer commanding 4th Wing. The big Y.M.C.A. tent was packed, and as far outside as could be seen the boys were gathered to hear the treat. H. A. Fricker, conductor of Mendelssohn Choir, acted as accompanist for the evening. Songs were given by Miss Winifred Hicks-Lynde and Mrs. Martin Perry; readings by S. J. Lugsdin; and solo selections by Boris Hambourg. Solos were also given by Lieut. Campbell McInnes, one of the instructors of the camp.

W. H. Scott, of the Y.M.C.A., spoke a few words regarding the importance of the association when the R.A.F. at Camp Borden opened its doors to the "Y"—the first place in the air force in Canada to admit the Y.M.C.A. Capt. J. Vipond, on behalf of the chaplain service, welcomed the Y.M.C.A. to the camp, and said there was nothing in the best spirit existed between the Y.M.C.A. and the chaplain service in Camp Borden. Capt. Cannon expressed the same feeling and said he wished the camp to attract as large a crowd to church on Sunday.

Lieut. Campbell McInnes, who made such a wonderful impression on his audience, is a warm personal friend of Sir Edward Grey, who also appreciated his music. During the early stages of the war, when the pressure of state affairs worried the great man, he would sit quietly while Mr. McInnes sang to him, and then go back to his arduous duties rested in mind. After hearing Mr. McInnes last night, everyone understood the marvelous effect his wonderful baritone could have. One very beautiful selection was his song, "To Mary," which cello obligato by Boris Hambourg.

The men of the force showed their appreciation of the evening's entertainment, and on all sides was heard the hope that it would not be the last of its kind. The opening augured well for the work of the Y.M.C.A. at Camp Borden.

SEEK IMPROVEMENT IN LOW CATEGORIES

Investigate Physical Condition of
Men Under "B"
Class.

APPLICATIONS REFUSED

Fifty-Five Do Not Get Exemption,
But Twenty-Nine Do.

Toronto exemption tribunals yesterday granted 29 men periods of exemption from military service and refused the applications for exemption filed by 55 others. At the tribunal presided over by Mr. Justice Maestri, a large number of men below medical category "B" were brought before the judge for rehearing of their cases. The cases were disposed of quickly. The judge's decision was "disallowed, subject to medical examination." The idea in bringing the cases of these men up seems to be to find out if the physical condition of men in the categories below "B" has improved since they were last examined.

Exemptions Granted.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of
Bladder Irritation or
Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food rich. Our blood runs with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the uric acid, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will be fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations for urinary troubles, clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder unctions.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because a noisy can make a mistake by having a good kidney flushing any time.

WE do not believe that most motorists can purchase a more widely useful or satisfactory car than the present Gray-Dort.

The larger improved motor supplies surprising power and speed. The swift leap from mere loafing to top speed compares favorably with cars of multiple-cylinders. The ease with which hills are overcome; the flexibility in traffic; the smooth and quiet flow of power; all mark a motor of unusual merit. Yet the gasoline consumption is low. Even the low-grade gasoline of to-day. A larger radiator and water system keeps the Gray-Dort motor "on the job" all the time. The carburetor is of improved type. The crankshaft is heavy and balanced. The fan is bigger and better. The Gray-Dort motor is the final accomplishment in 4-cylinder construction—the ultimate in flexibility, noiselessness, accessibility and ample power. As for appearance—we ask you to see the car. See the higher radiator, the double-curve fenders, the khaki-lined top, the wider wind-shield, the Gray-Dort green finish, the Trifocal reflectors. The new Gray-Dort embodies all these improvements with all the good features that won instant success for former models. The 4-cylinder motor is a triumph of smooth, economical speed and power. The chassis is sturdy and quiet. The springs are long. The upholstery is deep. The equipment is absolutely complete from electric starting and lighting to the tools. New lines of beauty have been given this model. The five-passenger touring car is \$1195; the three-passenger fleur-de-lys roadster is \$1050; the Gray-Dort special, beautifully finished and with extra details of equipment, is \$125 above the list. All prices are f.o.b. Chatham.

PLAYS PICTURES AND MUSIC,

"General Post."
When the curtain rises Monday evening on the first act of "General Post" at the Royal Alexandra Theatre, the choice of "General Post" as a wise will have started on his last week of the present season under the management of Edward H. Robinson. The choice of "General Post" as the faraway week of Mr. Wise is the result of the numerous requests that Mr. Robinson has received that he at least give this delightful comedy one more presentation this season, and as this was the comedy which served to introduce Mr. Wise to the many patrons of the Robins Players, it was thought advisable to use it as a farewell offering. Certainly no comedy was ever received with such enthusiasm as this. "General Post" is more deserving of it, holding as it does the mirror of everything social at the present time in England.

Hippodrome Next Week.
William Fox's new photodrama, "Her One Mistake," with Gladys Brockwell, "the girl of a thousand eyes," the picture is announced for presentation next week at Shea's Hippodrome. Miss Brockwell first appears as a wealthy heiress, posing as a wealthy man. Subsequently this girl becomes engaged to the district attorney of her town, when the crook reappears—this time in court. Featuring the vaudeville will be Peppie and Greenwald's Song and Dance Revue, introducing a smart combination of entertainers. Another feature will introduce the Three Herber Sisters, Toronto girls, in an offering, "Original Creations," June Salmo, in a sensational gymnastic novelty brimful of thrills; Roy and Arthur, presenting "Fun in a Restaurant," a stand comedy feature; Louis London, the singing comedian with new parodies; Abrams and Johns, in an original comedy, "When a Hubby Reunites," and the Patch News pictures, including the latest war scenes, complete an excellent list of attractions.

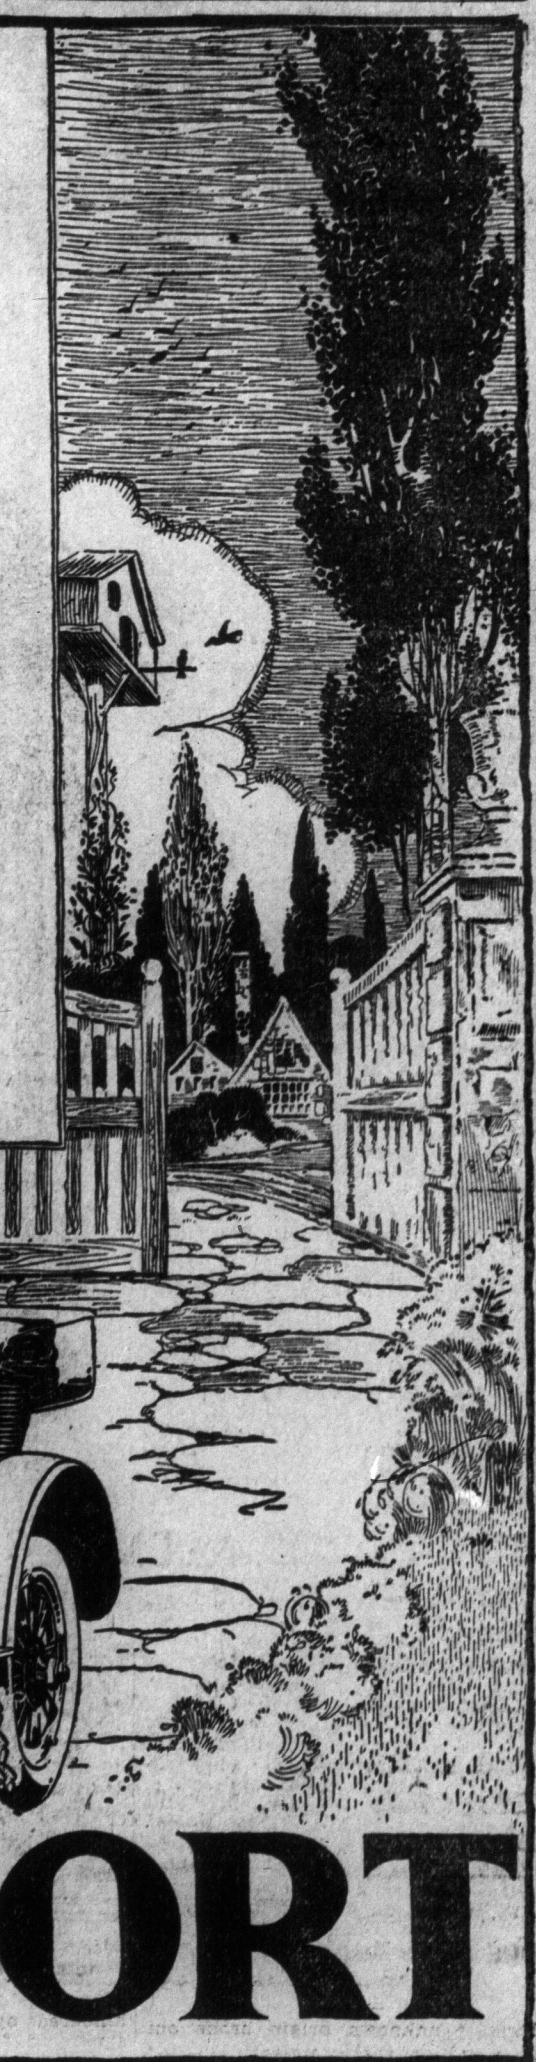

Loew's Next Week.
The theme of "Parthena," starring Norma Talmadge, to be presented next week at Loew's Theatre and Winter Garden, is one calculated to hold the interest of all picture patrons. The story begins in Russia where "Parthena" is a member of the dreaded secret police, who have falsely accused her of being a revolutionist. As an added comedy film, Roscoe "Fatty" Arbuckle will be seen in his latest success, "Good-Night, Nurse." "Just Girls," a whirly-girly melange of song and dance specialties, featuring Estelle House, will headline the vaudeville. The Mahoney Bros., comical cut-ups, in smart foxy and grotesque leg-manias, are the added attraction. Harry La Vall and Sister, offering unique aerial specialties; Dorothy

Madge Kennedy at Madison.
The ever-popular Madge Kennedy will be seen at the Madison Theatre on Monday, Tuesday and Wednesday next in another great Goldwyn triumph, "The Service Flag." The picture tells the story of the strange deception practiced by a hero's waiting wife.

"Johnny Get Your Gun."
Did you ever see a moving-picture taken? No? Well, you will have this opportunity when Edward H. Robins

Are You Deceived?

Have you been led to believe that the knife is the only cure for piles? If so, it is unfortunate, for many thousands are being cured by the use of Dr. Chase's Ointment. Sometimes after operations have failed and often when doctors have said that an operation was the only hope. It won't cost you much to try this treatment in your own home. It is sure to relieve and usually effects complete cure.

WILL NOT INSIST UPON FIRST GRADE

Optional With Millers in Case
of Certain Stock
Feeds.

The continual advance in the price of certain basic kinds of feed for cattle has compelled the feed section of the agricultural branch of the organization of resources committee to make some changes in the composition of the standard feeds as had first been decided upon. At a meeting held yesterday afternoon in the office of C. F. Bailey, assistant deputy minister of agriculture, it was decided that in view of the ever-increasing cost of grain feed, it would not seem profitable to have it become part of the standard cattle feed but it was left optional for millers to use it if they wished in producing the standard feeds.

The quantity of oil cake, cotton seed, and similar material is to be reduced from 64 per cent. to 20 per cent, but not more than 20 per cent. of the standard feed must be composed of cotton seed meal. The protein content of the standard feed is to be reduced from 24 to 22 per cent. Although these changes do not materially affect the feeding value of the standard feeds, they will result in a substantial reduction in their cost to the farmer and breeder.

As regards the standard hog feed, it has previously been insisted upon that it contain 20 per cent. of wheat or rye shorts, but in view of the difficulty in securing them it will now be permitted to use 50 per cent. of finely ground bran in the standard hog feed.

The analysis of the feed will remain the same as before: 16 per cent. protein, 45 per cent. fat, and not more than 6 per cent. of fibre.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots.
How to Remove Easily.
Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove freckles.

REFUSED PERMISSION TO DECLARE A BONUS

Permission to declare a bonus to its shareholders, amounting in the aggregate to \$3000, has been refused to the Norfolk Telephone Company by the Ontario Railway and Municipal Board. The company based its claim upon the fact that the company's plant had increased in value to more than double the value of the stock issued. It was pointed out, however, by the board, that if that were the case, the telephone users would be justified in applying for a reduction in their service tolls. The Railway and Municipal Board also held that the present surplus was not more than sufficient to offset depreciation.

On Sunday the board leaves for a short tour. It will first visit Huntsville and Lake of Bays to ascertain if its orders for the improvement of a short line connecting the two lakes have been carried out. Other complaints will be investigated at Dorset and Ahme Harbar.

PREPARING LIBRARIES.

The work on the preparation of libraries for military camps is still proceeding, books have been secured and accommodation is being prepared for the soldiers' libraries at Mohawk, Deseronto, Beamsville, Leaside and Armour Heights. The libraries are being prepared by the superintendent of public libraries.
