BRISK TRADING IN **NEW YORK STOCKS** Various Specialties Advance

Sharply - General Reaction in Final Dealings.

New York, Feb. 20.—Under the further guidance of pools and professional operators, the stock market today registered another fairly general advance, transactions attaining the largest proportions of any session thus far this year.

Olls, motors, equipments, tobaccos, leathers, shippings, fertilizers and a varied assortment of unclassified specialties were again singled out for bullish attention at gross gains of 2 to 9 points. Foremost in these groups were Royal Dutch, Pan-American Petroleum, common and preferred; Mexican Petroleum, Kelly-Springfield Tire, Chandler and General Motors, Sumatra Tobacco and Tobacco Products, Hide and Leather, pfd., People's Gas, American Telephone. General Chemical, Industrial Alcohol and International Paper.

High grade ralls were sluggish, forfeiting their nominal gains at the first indications of pressure, and a few of the low-priced transportations also yielded at the end with coppers, which weakened on reports of additional cuts in the metal market.

The entire list fell back in the final

reports of additional cuts in the metal market.

The entire list fell back in the final dealings, extensive selling for profits, impelled in part by f.rmer time and call money rates, causing sharp and general impairment of gains. Sales amounted to \$85,000 shares.

Despite the late reversal, it was the opinion of observers that the market showed unusual capacity to absorb heavy offerings of the more vulnerable issues.

Adoption by the West Virginia legislature of a resolution to settle the Virginia debt caused a further advance of 2½ points in those certificates The general bond market, including Liberty and foreign issues, was firm, Total sales, par value, aggregated \$12,875,000.

Old United States bonds were unchanged on call.
