HUNGARIAN DICTATOR CONSENTS TO DEMAND THAT HE QUIT OFFICE

Downfall of Soviet Government Described—Bela Kun Admits Hopelessness of Situation and Yields—Predicts Coming of "White Terror"—Vote for Cabinet Resignation 93 to 3.

Vienna, Aug. 3.—The downfall of Bela Kun, virtual dictator of the old Hungarian soviet government, and the fight he made almost alone to maintain the power that had caused the allies so much trouble for months, is described in despatches received here today and by refugees from Budapest.

Final action in upsetting the communist government took place on Friday at the meeting of the central council of revolutionary workers and soldiers at Budapest. Zoltan Ronay, former minister of justice, announced the government's resignation. He explained that the dictatorship of Bela Kun, effective on March 3, was based on three assumptions: that the revolution, military aid from the Russian soviet and the Hungarian proletariat's capacity for self-sacrifice. These conditions, he said, had not been fulfilled.

Bela Kun then appeared before the council. With tear-stained face and in a choking voice he admitted the hopelessness of the situation. Speaking at the meeting, he told how the Rumanian troops were ordered to march on Budapest and that the allies threatened to tighten the blockade.

Demanding Resignation. Jacob Wellner, president of the soldiers' and workers' soviet, and Dr. Peter Agoston, then minister of justice, who conferred with the allied representatives as well as social workers, were told plainly that Bela Kun must go and a new government be formed. He got up in the council meeting and stormily demanded Bela Kun's resignation. They asked him if he wished Budapest's pitiful plight to be made worse by the hated Rumanians.

Then Bela Kun yielded. He predicted the coming of a "white terror," robbing the workers of their freedom and means of production, all of which he deplored. He said that the people would return to him. The formal decision to demand the dictator's resignation was made at a meeting on Thursday night, when the Union Council under President Samuel Jazsi gave a vivid description of the desperate political, economic and military situation.

RAILWAY SHOPMEN TAKE STRIKE VOTE

Call Sent Out to U. S. Employers and 10,000 Workers on Canadian Roads. Washington, Aug. 3.—Disaffected with President Wilson's proposal to have congress to create a special body to pass on their demands or consider them in connection with the high cost of living problem, the railway shopmen began yesterday to take an official strike vote. The shopmen contend that the railway wage board or the railroad administration should pass on their demands, and, failing favorable action, a strike of 800,000 men is threatened. Labor officials said: "B. M. Jewett, acting president of the railway employes department of the A. F. of L., said last night: "We have decided to send out the call for a strike vote, returnable Aug. 24 at midnight, to the 500,000 employes of American railroads and the 10,000 employees of Canadian railroads affected. The shopcrafts ask for a minimum of 85¢ an hour for mechanics, an increase of 15¢ for a minimum of 60¢ for helpers, an increase of 15¢, and an increase of 10¢ per hour for apprentices. "The Canadian employes are involved by reason of the fact that their wage and working conditions, under an agreement reached with the railroad board, are based on standards as they are adopted in the United States. NO EXPLOITATION OF BRITISH COLONIES

Miner Declares Power Has Been Used to Betterment of Dependent Races. London, Aug. 3.—Referring to the British commonwealth in an address at Oxford yesterday, Viscount Milner, secretary of state for the colonies, said he did not share the fear that the independent possessions of dominions, India, and the mother country in the league of nations would tend to disruption. If the commonwealth went to pieces, the strongest pillar in the league would be shattered, he declared. We must always settle our domestic differences among ourselves. The commonwealth had more to lose than any other state by another Armageddon, and nothing to gain. To have the full support of the empire, our foreign policy must be broad, simple and straightforward.

MOBBS IN LIVERPOOL CHARGED BY TROOPS TO CHECK LOOTING

Riots Resumed as Result of Police Strike—Soldiers Forced to Fire in Air—Troops and Tanks Reported Ordered to the City. Liverpool, Aug. 3.—Rioting Saturday, as a result of the police strike, did not cease until nearly 4 o'clock Sunday morning. Many persons were slightly injured during the course of stone throwing on the part of the rioters and charges by the troops. The mob was so threatening at one point that the troops fired into the air with a view to overawing it. The riots were resumed today. Many shops were looted and serious disorders occurred when troops were called to stop the sacking of stores in Lodge Lane, leading to a conflict between the rioters and troops in which a man named Howley was severely wounded. A mass meeting of 6000 trades unionists in the stadium tonight passed a resolution declaring common cause with the police strikers, but deprecating looting on the ground that it gave the government an excuse for employing the military. The magistrates are sitting continuously, swearing in constables and volunteer guards. Late tonight rioting was renewed in the London road district, in which windows were smashed. Non-uniformed and special police were unable to disperse the mob, and uniformed men were called to the scene. These charged with their batons and checked the rioters, injuring many, but were unable to clear the streets entirely. Another man was sent to a hospital suffering from a shot wound. Approximately half the police force is striking. It is reported that more troops and some tanks have been ordered to the city.

NO EXTENSION OF WALKOUT IN LONDON

London, Aug. 3.—No extension of the police strike was reported anywhere today, but the authorities were obliged to cancel temporarily all police holiday leaves in order to replace the dismissed strikers. Serious rioting occurred at Birkenhead, opposite Liverpool, on the estuary of the Mersey as well as at Liverpool Saturday night. Ninety-six of the total force of 22000 policemen are on strike at Birkenhead, where rioting is running high. There was looting of shops, with damage estimated at many thousands of pounds late Saturday. The situation was rendered more serious by looters, who attacked the taverns and became intoxicated. The riot act had to be read and troops summoned to restore order. Many of the rioters were arrested. The authorities were obliged to call the special constables to duty. At Liverpool several shops suffered in the Great Homer street area, but the outbreak of rioting was confined to the arrival of plainclothesmen. There was more serious havoc wrought in the London Road, where gangs of youths broke windows of jewellers, boot and tailor shops and stripped the windows of their contents, throwing the goods to the street. Troops formed a cordon at the entrance to the street and eventually charged, but the hooligans slipped into the side streets and later returned smashing their way through the striking hulkers. At a meeting in Trafalgar Square today, decided that the steps taken to meet their demands were unsatisfactory and it was resolved to continue the strike. The situation in the Yorkshire coal miners' strike is unsettled.

MORE GARMENT WORKERS SIGN AGREEMENTS

Executive members of the International Union of Garment Workers in Toronto, were in conference with several employers at the Prince George Hotel relative to the proposed abolition of piece-work in the industry in Toronto. Confirmation is lacking, but it is understood that S. Koldovsky has signed agreements with these firms, thus releasing more than a hundred and fifty strikers for work. If true, this will reduce the force of strikers to 1150 all told, many having gone over to the United States.
