J. H. Lyon, D.D.S.

PUNISH RECKLESS NAVIGATORS

Intention of Marine Dept.—Argyle Decision Issues To-Day.

Commander Spain will today deliver judgment at Ottawa in the Argyle case. It is understood that there will be a sweeping condemnation of the conduct of the chief officers in running at full speed in a fog, and that the captain will be suspended. Commander Spain will afterwards investigate the collision of the Turbulent and the Primrose.

The minister of marine is determined to make an example of those found guilty of careless or reckless navigation, involving danger to lives of passengers. Not until an accident occurs, probably, will the mixed question of marine jurisdiction over steamers in the harbor be settled between the civil authorities, the harbor board and Dominion government. The harbor commissioners and board of control will not look after the safety of the traveling public, as they claim the government should. Dominion Steamship Inspector William Evans says the police and city are the parties to act, and can prosecute through the law officers and crown attorneys.

The matters in which the public are interested are equipment, signals, life saving appliances, lights on boats, rights of way, regulating hours of departure of vessels, docking, overcrowding, and the holding of marine inquests. Last April, Ald. Church brought all these matters up in the city council, and some of them were attended to, but the question of jurisdiction is still debated.

The harbor board are constituted in Toronto under a Dominion act of 1884. The business of the harbor has been rapidly expanding, and the act of 1884, and needs to be overhauled, and additional powers conferred on the board, to ensure the safety of the public and prevent accidents. Ald. Church proposes to bring this matter before the harbor commissioners and secure full and ample powers to enforce all the above laws and hold investigations and other wide powers held by the Montreal board.

CANADIAN TRADE WITH BRISTOL.

Shipping Business Steadily Improving and Exports Increase.

(Canadian Associated Press Cable.) London, Aug. 22.—Sir James Grant, ex-president of the Royal Society of Canada, delivered a lecture last evening at Dundee, on "Tuberculosis and the Simple Life."

Charles A. E. Harris is now in London making arrangements for holding a Canadian festival concert next spring. The works put forward will include two of Mr. Harris' own compositions, "The Mass" and "Chorus, Ode to Pan." Mr. Harris will have the friendly cooperation of Sir Alexander Mackenzie. Reports reach the Canadian Associated Press of continued improvement in the shipping trade between Canada and Bristol. An exceptionally large number of enquiries, covering a large range, are being received at the commercial agency which the Dominion government has established there. Fruit and wool goods are offered freely, a new paper trade is growing up, and manufactured articles are being sent to Great Britain in large quantities. Bristol also is striking out in new directions in its export to Canada.

CHANGES IN INTERCOLONIAL ONE POSITION ABOLISHED

Hon. Mr. Emmerson, minister of railways, has announced that among the changes to be made in the management of the Intercolonial railway, the office of chief superintendent, held by the late J. E. Price of Moncton, will be abolished on recommendation of the deputy minister and general manager, who advises that by this step about a thousand dollars a month will be saved in salaries, without in any way impairing the efficiency of the operation of the line. This will be accomplished by adding further duties to the chief superintendent, and holding them more strictly to account.

It has been decided to place the track and maintenance of the way departments under the charge of C. C. Burpee, S. E., and all the other leading officials whose responsibilities are increased will be held accountable for the results in their respective spheres.

The Temagami Region.

Temagami, "Deep Water," and clear as crystal is the new region just opened to the sportsman, and we might say the "prospector," who has the rich mining country, from which many millions of dollars worth of ore will be taken out this year.

Temagami station is 300 miles north of Toronto (72 miles beyond North Bay), where stage and truck lines connect with the Lake Temagami. Bass, pike and pickerel are in abundance. Through sleeper leaves Toronto every night at 11:30 p. m. Round trip rates from Toronto to Temagami, \$12.10.

Full information, maps, tickets, etc., at Grand Trunk city office, Northwest corner King and Yonge streets.

Will Build It Town Aids.

The stockholders of the Goderich Elevator Co. have accepted the tender of J. H. Frommhauser of Minneapolis for a cement and steel house of half a million capacity, on condition that the bylaw now before the ratepayers is carried. If not, the elevator company will pay one-half of any expense the contractor incurs in the meantime, and allow the contract to lie over for a year.

Exhibition Tickets.

Remember the six tickets for \$1 will only be on sale a few more. Apply at once to S. J. Sharp, 80 Yonge street.

Side Trips During Exhibition.

During time of Exhibition in Toronto the Niagara River Line will have a special rate of \$1.00 return to Niagara Falls, and \$2 return to Buffalo, both good for two days.

These rates apply in like manner from Niagara Falls and Buffalo to Toronto. It is a fact worthy of mention that the Niagara River Line and connections form the most interesting and most direct route between United States points and Toronto.

FRANCE THREATENS SULTAN GERMANY IS AT HER BACK

Demand Indemnity for Arrest of Algerian Subject or Will Take Decisive Measures to Retaliate.

Tangier, Aug. 22.—The French minister, St. Rene Taillandier, has presented to the sultan, Mulai Abd-El-Asiz, an energetic demand for an indemnity of \$2000 for the recent arrest of a Franco-Algerian citizen. The minister also demands the punishment of the official responsible for the arrest, and an additional indemnity of \$100 daily until the prisoner is released.

It is believed that the sultan will probably grant the demands of the minister, as it is definitely known that the French government is determined to adopt forcible means to bring the sultan to terms should satisfaction not be immediately given, including, if not, the occupation of a Moroccan port.

This incident is independent of the Franco-German controversy regarding the proposed international conference. Indeed, it is known that Germany approves the course of France in protesting the unwarranted arrest of one of her citizens, and the German government has given official notification of its intention to support the action of the French government.

Moroccan officials recently arrested the chief of the Algerian settlement at Gharb because of local troubles. The demand of the French minister for the release of the Algerian was refused, the sultan claiming that the Muslims the moment they entered the territory came under his jurisdiction as Caliph of Islam.

YOUTH FORGED CHECK FOR \$1860.

Cashed It, Too, After Risky Preliminary, But Is Soon Detected.

Cayuga, Aug. 22.—One of the coolest attempts at crime was perpetrated here on Monday. Frank Thornton, a boy 18 years of age, who was born in Dundas, was on a visit to friends here. His grandfather has a bank account in the Bank of Commerce.

Young Thornton went to the bank with a check for \$1860, having forged the signature of his grandfather, R. S. Thornton. They refused to mark the check without the bank book. He went back to his grandfather's, and by some means obtained the bank book, and cashed it. This was at 3 o'clock. He stayed in town till 7:15 when he took the train west. The mistake was not discovered till between 7 and 8 o'clock, when the bank officials' suspicion was aroused.

The boy left the train at Simco, walked two miles into the country, and paid a farmer \$5 to drive him to Waterford Station, a distance of about five miles. He was then arrested. He had spent \$14.

Last fall when the boy was a few days within 18 years of age he obtained intoxicating liquors at one of the hotels in the town. The hotelkeeper was convicted and fined, and the boy was more than 18 years of age.

WOMEN'S INSTITUTE LECTURES.

The lectures to be given in the Women's Institute tent at the exhibition at 3 p. m. each day are as follows:

Wednesday, Aug. 20.—To be announced.

Thursday.—"Comparison of Different Grades of Flour for Food Value and Cooking Purposes," Prof. Robert Harcourt, O. A. C. Guelph.

Friday.—"The First Five Years of a Child's Life," Mrs. J. J. Joy.

Saturday.—"The Home and the Duties of Its Members," Miss A. Smith, Hamilton.

Sunday, Sept. 4.—"Nutritive Value of Foods in Health and Disease," Miss Lillian D. Gray.

Tuesday.—"The Effect of Home Influence Upon Our National and Political Life," Dr. Anna Bachus, Aylmer.

Wednesday.—"The Relation of the Institutes to the O. A. C. and McDonald Institute," President G. C. Creelman, O. A. C.

Thursday.—"Sanitation and the Prevention of Contagious Diseases," Dr. Helen McMurtry.

Friday.—"A Girl's Possibilities," Mrs. Blanche Maddock, Guelph.

An exhibit of the commercial fruits of Ontario, including a display of preserved, canned, pickled, jellied, etc., will be made.

NEW RUSSIAN LOAN FINDS VERY FEW TAKERS

St. Petersburg, Aug. 22.—It is announced from Moscow that subscriptions to the new Russian loan are unsatisfactory. The subscriptions thus far amount to only \$100,000.

An imperial ukase was issued Aug. 17 authorizing the issuance of a new internal loan of \$100,000,000 at 5 per cent.

DIED AS HE SPOKE.

Niagara Falls, Ont., Aug. 22.—Samuel Stevenson, a well-known Stamford Township farmer, died very suddenly of heart disease last night. He and his wife had retired for the night, but were talking. Suddenly his voice failed in the middle of a sentence. Mrs. Stevenson rose and procured a light, and on returning found her husband dead. He was 76 years of age.

WAS'N'T PROVED A PICKPOCKET.

St. Catharines, Aug. 22.—This morning Judge Carman found Edward Bowers of Buffalo not guilty on the charge of attempting to pick the pocket of George H. Doherty of Toronto at the regatta here several weeks ago.

Doherty could not swear that Bowers actually had his hand in his pocket, but he put his hand down to his trousers pocket, and caught Bowers' hand, but could not be positive that he meant to pick his pocket.

Earth Trembled in Illinois.

Chicago, Aug. 22.—Illinois was shaken by an earthquake shortly after 11 o'clock last night, the most severe in recent years.

The shock in the southern part of the state, especially in the region surrounding East St. Louis, was severe enough to rattle dishes, and furniture. Houses created a broken line in many instances their occupants rushed out in terror.

As far north as Springfield the shock was distinctly felt.

CUBAN REALTY CO., LIMITED

TALK NO 3—with E. F. Rutherford of Cuba [brother of W. K. Rutherford, wholesale commission merchant, Front St., Toronto]. He says:

"Lewis A. Abbot of Cuba, after 25 years' experience among growers of citrus fruits, said the finest oranges he ever ate he picked from trees at **BARTLE**. I have picked oranges from the best groves in Cuba, but the best were from trees at **BARTLE**, the very best soil for citrus fruits is at **BARTLE**, where I saw wild oranges and lemons flourish, also cotton and rubber. Cuba's largest sugar mills, best cattle ranches, most extensive fruit plantations are in Eastern Cuba surrounding **BARTLE**, at **BARTLE** also cacao or chocolate and coffee will yield enormous profits per acre to the settler at a small outlay. Any one who buys land at **BARTLE** will not be disappointed but will make money."

Call at our office and see Mr. Rutherford to-day and remember—passenger and freight trains run every day from all large ports of Cuba to **BARTLE**, which is on the main line of Cuba Railway and has direct communication with all points in and out of Cuba.

Land \$25.00 per acre. Call or write for literature.

DUNCAN O. BULL, General Manager, - 108 YONGE STREET, TORONTO

YOUR WILL

Making your will is an important duty for you and should be performed at once. We will forward free to your address for the asking little booklets regarding the making of a will. This company has organized to act as executor and administrator under will, and has many advantages over the individual in such capacity.

WARNING!

The public is warned against worthless preparations sold for the hair as Rose's Hair Grower. There are many imitations but only one genuine.

ROSE'S PHOSPHOREX HAIR GROWER AND ROSE'S PHOSPHOREX NATURAL-COLOR COMPOUND

are the only genuine. These standard remedies are prepared under the personal supervision of Mr. Robert Rose, the celebrated Hair Specialist.

Beware of dangerous imitations. The word "Phosphorex" appears on every genuine bottle; all others are worthless imitations, and their use, in many cases, attended by serious complications.
