## THE TORONTO WORLD

## Nervous Exhaustion-

One of the foremost Medical Authorities, DR. J. LEONARD CORNING, Member of the Academy of Medicine and other Medical Associations, says, in his most interesting treatise, "BRAIN REST": "Of VIN MARIANI I need hardly speak as the medical profession is already well aware of its virtues. Of all tonic preparations ever introduced to the notice of the profession, this is undoubtedly the most potent for good in the treatment of exhaustive and irritative conditions of the central nervous system.

DURING THE PAST 40 YEARS, THOUSANDS OF MEDICAL WRITERS HAVE PUBLISHED APPRECIATIONS OF THE WORLD-RENOWNED FRENCH TONIC.

# Vin Mariani ties of Canada. That is for ourselves to do. Why didn't Canada make a real bid for a tour of inspection, immigra-tion laws or no immigration laws? All that the delegation will know about Canada will have been learned at Ni-agara-from the wrong side-and at E. B. EDDY HAS SUCCUMBED

Building Anew.

Ottawa, Feb. 10.-(Special.)-Ezra

Butler Eddy, Hull's industrial prince,

Canada will have been learned at Ni-agara from the wrong side—and at Windsor. To Windsor may they come-but no farther. Occasion ought some-times to be taken by the hand by the Laurier government—even if sometimes it is a Chinese hand. I Anna Gould having cast off her count, al who'll the poor chap get now to sew his buttons on? **REAL CAPTAIN OF INDUSTRY** Hull Manufacturer Who Did Not Let

Misfortune Deter Him From

AMATEUR VS. PROFESSIONAL.

Editor World: I have read with much surprise that Dr. Orr, as nan-ager, seems determined to outclass the most skilful exhibitors in the ladi3s' known the world over as "the Match King," died this afternoon at his home at Hull. The cause of death was stomach ailment, owing to which he was

that years ago. In other words, Dalrymple, the Glas-sow expert. says public ownership is ture and to inspect some interesting factories. The following extract from yesterday's Buffalo Express is enter-taining—and it is more: The curtain of indifference was drawn over every countenance. Nu-ture at her grandest was not able to wrinkle a Mongolian face into a glint of emotion. "Of the power houses—tell us of them," asked the Prince Tsai Chen, thru his chosen interpreter. The hosts grew eloquent, and the interpreter was plied with descripunable to retain nourishment. This assumed an acute condition onl two weeks ago, tho he had been ailing for about a year. As a matter of fact, some trace his decline to the big fire in 1900, when his immense industries were completely destroyed. Always a

man of great vitality and undaunted energy, he immediately commenced the work of rebuilding his mills, but the

rallway company had not been too in name fifty, or more, women who inake a practice of exhibiting at fairs, and many of them at Toronto. I have been a close observer of such work for many many of them at Toronto. I have been a close observer of such work for many years and I have taken much pleasure in studying it, both from the completed work on exhibition, as well as carefully ronto, but he would like someone to gleaning information from such literaronto, but he would like someone to tell him who the Grit candidate is going to be. Mr. Whitney refuses to hear any more deputations, but the patronage com-mittee has one line of communication open, namely, the telephone. The call is Main 5500, and emitting, and if I can acquire sufficient skill to be awarded three first prizes, still, I refuse to be fessional. Compared with some I we

WHAT'S THE MATTER WITH was requested to nave the message repeated. Power was to be sent from there to Syracuse, 160 miles away. The answer was correct. Prince Tsai Chen's face expressed **ROOSEVELT ?** 

Lincoln Steffens' Washington corre-spondence to The Chicago Record-Her-ald: Something serious is the matter here. The lobbies are active and anxious. The lobbies are active and anxious, few years ago exhibitors were limited There was talk-for one brief moment -of bribery; cash bribery-with money -in Washington! But that faded into that three first prizes in a possible -of bribery: cash bribery-with money -in Washington! But that faded into a mere report (traced to two pretty good authorities) of mere corruption with mere mining stock and the inter-est ceased. A rebellion in the house against the speaker-boss persists, how ever, and while the senate seems to me to chat along, serene, sure and as beau-tiful as ever. the look outs in the gress gallery swear they can see signs of commotion in the depths even of the fact that the president, is to be due to the fact that the president is the president, that the friends of the senate complain that Theodore Roosevelt is more than president. He is. What is the matter, then? The secret must lie in the things he is trying to get done. What are they? They are many, but among them are bills, not yet; nor do I care much about them. The point for the present is bills, not yet; nor do I care much about them. The point for the present is callery swear they can see signs of the the triends of the senate complain that the president is the president, is trying to get done. What are they? They are many, but among them are bills, not yet; nor do I care much about them. The point for the present is can be present in the they regime that the try; the bills, not yet; nor do I care much about them. The point for the present is that the president thinks they are in other classes, such as forses, cattle, that the president thinks they are in other classes, such as forses, cattle, in other classes, such as forses, cattle, in the president thinks they are in other classes, such as forses, cattle, in other classes, such as forses, cattle, in the president thinks they are in other classes, such as forses, cattle, in the president thinks they are in other classes, such as forses, cattle, in other classes, such as forses, cattle, in the president thinks they are in other classes, such as forses, cattle, in sother classes, such as forses, cattle, in the president thinks they are in in the president thinks they are in in other classes. such as forses, cattle

and a bill to regulate railroad rates. Now I don't know the merits of these bills, not yet; nor do I care much about them. The point for the present is that the president thinks they are in that the president thinks they are in that the president thinks they are in that the president the formula of the son our interest and the friends of the sen-ate think we think so. They believe we are behind the president. Whether MEMBERS WHO TAKE OFFICES.

we are or not is another question. This fear that we are. What else that the Beattie Nesbitt incident is a her shock to the Whitney prestige, and 11. can be the meaning of the great Wash-ington question. "Is the president's popularity waning?" They think the

president represents us meaning you and me and the man in the street-all of us, who don't want anything but a square And that's what's the matter in

Washington, I think. Not alone that the president is president, but that he " president; not that he is more than president; not that he is a boss. der to strengthen a government and in appointing a supporter to an office because the latter asks for it. Men than president; not that he is a boss. Bosses are not bitter about bosses. The trouble seems to be that the president is bossing them in our interest; he is in appointing a supporter to all office because the latter asks for it. Men who take the honors (seats in parlia-ment or legislature) should lat the offices go to the workers who help, to elect them. I have often read that doctrine in The World, and I think t is sound. Leopold. trying to make them represent us a
