Sir Henry Irving Says:

"Your Abbey Effervescent Salt is excellent. It has certainly not been over-rated."

Miss Ellen Terry Says:

"I have found your Abbey's Effervescent Salt exceedingly palatable and refreshing."

Madame Christine Nilsson Says:

> "I have much pleasure in stating that I find your Abbey's Effervescent Salt a very refreshing and agreeable beverage."

## The Refrigerant Qualities of Abbey's Effervescent Salt Cool Water, Making a Delicious and Healthful Summer Drink

The Canada Lancet Says:

"This preparation deserves every good word which is being said of it. . . The carbonic acid gas, generated during its administration, is in itself a sedative, and is particularly soothing to a sensitive stomach."

.Montreal Medical Journal Says:

"Abbey's Effervescent Salt, which was generally introduced into Canada last year, is now very largely prescribed by the medical profession here and throughout Canada, The advertising methods of this Company are particularly commendable. They are clean and honest, and inspire confidence with the profession as well as the public."

Maritime Medical News Says:

"One of the most important claims of Abbey's Effervescent Salt is its absolute purity. Its lasting effervescence makes it a most palatable drink, while its refrigerant qualities make it invaluable."

Sold by Druggists everywhere at 60 cents a large bottle. Trial size 25 cents.

Olive Mine, Near Mine Centre, Ont., Closi were: is Still Yielding Gold.

The last issue of The Rat Portage The last issue of the kat loreige Miner says:

The Miner beheld two more gold bricks Saturday, each of them worth about \$700, or \$1400 in all, the result of 11 days' run of the little 2-stamp with the same of the same of the little 2-stamp with the same of t Alaska prospecting mill of the Olive

mine.

The yield of bullion was about \$42 to the ton. The bricks were brought dewn by Mr. W. H. Preston, the late manager of the mine, who has recently resigned his position, which is now filled by A. E. Doidge.

Mr. Preston says things are looking especially promising at the mine, and that when the new 10-stamp is up, and the air drills and new steam pumps are

te air drills and new steam pumps are place the Olive mine will be one of the mainstays in letting the world know that there is gold in plenty to be had in the rocks of Northwestern Ontario. "The plans for our air drills have been somewhat changed," said Mr. Preston, "and instead of 6 drills as originally in-tended, we shall now put in 8 drills, with power for increasing the number of we so desire. At present we are not sinking in the deepest shaft on account of water bothering us, which will be obviated as soon as we get our new and larger pumps in place. 1 am glad and larger pumps in place. I am glad to say that the vein in the bottom of the shaft is somewhat wider than it was 

vigorously pushed, and the little mill
will also be kept running to its fullest
capacity."
