

REPORT ON NEW APPLE, "BANKS."

"Cleveland Banks, Waterville, Kings Co., Nova Scotia."—New apple, "Banks," is a sport of that old and popular apple, "Gravenstein. It is one of the most beautifully colored apples, superior as a dessert apple to its parent.

While I do not feel myself justified in awarding the medal, I can, in recommending it for further trial among amateurs, where the Gravenstein will grow, and venture the opinion that if it shall maintain its present excellence it will become one of the most popular market apples of its season.

E. F. BABCOCK, *Judge.*

Chicago, World's Fair, Oct. 25th, 1893.
