

Day's Doings in YORK COUNTY

N. TORONTO WANTS A BETTER CAR SERVICE

Company and Committee Meet and Talk Over Situation—West Toronto Doings.

NORTH TORONTO, July 26.—(Special.)—There is a good deal of adverse criticism over the action of the Metropolitan Railway in refusing to concede an early morning car on the York Mills division.

The first thru car on the Metropolitan coming down from Richmond Hill reaches York Mills at 7.10, providing the time schedule is strictly adhered to, which is reasonably often, and from that time forward an hourly service.

Townsmen Speak. A gentleman well posted on the whole railway situation in North Toronto, and who is a large property owner, and who has served the town well in more than one official capacity, summed up the situation yesterday in these words:

"The Metropolitan Railway do not give North Toronto a street car service, and at the same time expect North Toronto to be contented with a service which is not a street car service."

"Purchase of property naturally looked upon the M. R. R. as a street railway for the town and property anticipated the railroad would extend its tracks to its northern boundary."

"The municipality created by the effort of the syndicate has been the heaviest loss to the town north of Glen Grove, were so depreciated by the action that the town has lost annually a revenue of about \$7000 through the additional two cent fare."

"Since the Warren syndicate sold out to the present company they have acted as if all that section north of Glen Grove did not belong to the municipality, and I doubt if their general manager knows or cares whether it does or not. He will, however, expect courteous treatment from our town councillors when making a request for double track privileges on Yonge street from the northern boundary south to the C. P. R. tracks."

The members of the town council have from time to time met with the management of the company with a view to adjusting acknowledged grievances, but with indifferent result. Under some gentle pressure from the railway board the Metropolitan Company installed a line of the creditable, which is, to say the least, creditable, but the attitude of the company toward the town has never been conciliatory.

At a meeting of the town council railway committee, held this afternoon with the railway officials, the whole question was discussed pro and con, but it is not known that any progress was made. Representing the company were Manager W. H. Moore and Assistant Manager C. L. Wilson, while from the town were Councillors Howe, Murphy, Irwin and Burnaby. The committee will report at the next meeting of council on Tuesday, Aug. 3.

Councillor Frank Howe, accompanied by Mrs. Howe and the other members of the family, leaves tomorrow for a six weeks' visit to Pilot Mound, Man. The party go via Owen Sound and the C.P.R. Councillor Howe as chairman of the parallel roads committee did splendid service and no man better deserves a holiday.

At a meeting of the parallel roads committee, held to-night with Assessment Commissioner Whaley present, good progress was made toward pushing on the work.

An early morning blaze in an unfinished house belonging to Jos. Wickes on Hawthorne-avenue did about \$1500 damage to that and \$300 to the adjoining one belonging to Mrs. E. Smith. Chief Collins and his brigade were early on the job, and also some slight delay was caused through failure to secure a horse, the volunteer firemen did good service. The blaze was a fence one and the firemen's efforts were directed mainly toward saving the adjoining houses.

Mayor Brown was unable to attend this afternoon's conference and to-night's meeting through indisposition. The condition of Councillor William Parke remains unchanged.

All the finest brands of wines and liquors at E. F. Sandell's, 528-525 Yonge street. Special delivery to Dayville and North Toronto. Phone N. 192.

A court of revision to hear complaints, if any, respecting these proposed improvements on the following streets, will be heard to-morrow, Tuesday, evening, at 8 o'clock: Six-inch water mains on Glenview, Roslin, Woodward, Albertus, and a concrete sidewalk on Glenview and Hawthorne-avenue.

WEST TORONTO. St. John's Church Decides Not to Buy Another Building Site Just Now

WEST TORONTO, July 26.—Never in the history of St. John's Church has there been such a heated discussion at a vestry meeting as was the case to-night. The parish of St. John's is growing rapidly and hopes are entertained for a larger church building, if the necessary funds can be raised. One of the proposals to-night was to purchase a lot at the corner of High Park and Humboldt-avenue, as a site for a new church. After much discussion the matter was allowed to drop, as the feeling prevalent was that the present state of the finances do not justify the purchase of an expensive lot.

The question then arose as to the purchase of two lots for mission purposes. H. M. Wodson proposed a resolution with S. Ryding as seconder, that no lots whatever be purchased until the matter was laid before the congregation. The motion, however, was lost and it was decided to purchase a lot for mission purposes. One is on Annette-street, between Jane and Herbert-streets, and is 120 square feet in area. The other is on the south side of St. Clair-avenue, 50 feet from Elizabeth-street. It is 150 feet square. Mission buildings will be erected on them by financial assistance from various Episcopal churches in Toronto, and divinity students will be placed in charge.

The directors of the Masonic Temple, Limited, are confident that they will win out on the charge against them of having commenced the building without a permit.

The West Toronto Cricket Club have changed the date of their return match with Mimico from Aug. 4 to Aug. 18. Deputy City Architect Price and Chief Thompson of the fire department were here to-day inspecting the local theatres.

The C. P. R. during the past week have burned ten carloads of wood from diseased and smashed freight cars.

The funeral of Mrs. Venn, mother of W. J. Venn, was held at 4 p.m. yesterday in Winnipeg, took place this afternoon on the arrival of the Winnipeg train, from the Union Station to St. James' Cemetery.

TODMORDEN. Meeting on Friday Night—Will Discuss Fire Protection.

TODMORDEN, July 26.—(Special.)—A big meeting will be held in St. Andrew's Hall on Friday evening, July 30, to consider ways and means for raising a volunteer fire brigade. Residents of Todmorden are uneasy over the prevalence of disastrous fires in the other outlying suburbs, and some concerted effort will now be made to prepare for any such emergency.

Joseph Pilling made application a few days ago to the York Township Council for some financial assistance, but nothing was done. The members of the council are not averse to assisting in some way, when a definite plan has been drafted out.

Friday night's meeting ought to put the whole matter on a good basis and everyone interested in the progress of Todmorden ought to turn out to the meeting in St. Andrew's Hall on Friday night.

Just What Was Needed. Reports brought into the city by farmers through York County indicate that in some parts a good deal of the hay crop still remains uncut. Around the city the great bulk of the crop has been safely gathered, the shortage of the timothy led many farmers to delay cutting, with the hope that later rains would benefit the crop. A few days' fine weather will clear up all left outstanding.

Farmers state that the late rains have enormously benefited the pasture lands and the roots, while the potato crop will even more than the others share in the great impetus. In a few places fall wheat cutting is general, while the sample first-class. Barley harvest will be general in a week or so.

The A. F. McQuarrie Opening. As announced for in The Sunday World The A. F. McQuarrie Co., 282 Yonge-street, opened their fine new and exclusive store for ladies yesterday, the handsomely appointed premises being thronged all day viewing the beautiful new styles in advance fashions for summer and early autumn. The opening features continue to-day.

"Some Recent Advances in Physics," by Prof. J. C. McLennan, physicist, building, at 8.15 p.m., is the last lecture in the university free summer course.

J. H. Smith, general merchant of Millbank, Ont., has assigned to Richard and Ted Toronto. A meeting of the creditors will be held on Aug. 10.

Visitors to Toronto

TOURISTS will find this store almost as convenient as an hotel, the only difference being that we cannot accommodate them after night-fall.

But from 8 a.m. to 5.30 p.m. we are at their service. We check their parcels without charge, provide free facilities for re-arranging the toilet after the dust of journeying, offer free use of our rest rooms and writing tables, and generally try to make Toronto's guests the guests of this comfortable, centrally located, modern store.

Upstairs on the sixth floor we have one of the nicest lunch rooms in Canada, where you may have a dish of ice cream or a good "square" meal, a dainty 5 o'clock tea or a full course dinner, nicely served. We do things without costly "fuss and feathers," but we do them in an appetizing and immaculately clean way. In a short time we will have double the space that we have now, but as it stands to-day our lunch room is one of the largest, brightest and most popular restaurants in all Canada.

Visitors to Simpson's are truly able to say, "We have seen Toronto." Others cannot.
