Returned Men to Be Given Temporary Discharge if Necessary.

### ONE DAY ADVANTAGE

Prior Right of Re-Entry in Event of Lands Becoming Available.

Returned soldiers are given prior right to re-entry over the general public in the event of lands becoming available for settlement in Canada, and in order that men who have been given their formal discharges may not miss opportunities for homestead land offered by the government it has been decided to issue temporary discharges which will allow such soldiers to make applications.

The official announcement contained in the orders issued at Exhibition Camp yesterday is as follows:

"It is notified for the information of all concerned that returned soldiers who have been honorably discharged have been granted prior right to re-entry over the general public for period of one day, in the event of lands becoming available for settlement, after the same have been advertised and posted.

**Temporary Discharge.**

"It has been recently represented that a considerable length of time sometimes elapses after a soldier has been before a medical board before he obtains his formal certificate of discharge, and during this period of waiting he may miss an opportunity of entering for homestead.

"In cases of this nature, a temporary discharge certificate may be issued to returned soldier who is to be discharged and who desires to make an entry for a homestead, and avail himself of the privileges of the order-in-council in question.

"A returned soldier, for the purposes of this legislation, is defined as a soldier who has served overseas during the present war with the military or naval forces of Great Britain, or with any of the allies of Great Britain, and who has been honorably discharged."

**Q. O. R. Unit Departs.**

The 25th Queen's Own Battalion, the last unit to be organized under the old system, entrained yesterday afternoon at the Exhibition Camp siding for the journey to an eastern training point. The headquarters staff was represented by Col. W. R. Lang and Lieut. Col. Winder, but as far as could be ascertained no civilian officials were present to give the 350 men a send-off.

At 2:30 the unit marched from the armory to the exhibition and in the transportation building bade farewell to relatives and friends, the crowd numbering about a thousand. The men departed with full overseas equipment, under command of Lieut. Col. G. C. Royce, and parcels of all descriptions were shown on their departure.

**Wounded Arrive.**

Nineteen seriously wounded men arrived in Toronto yesterday in a special hospital car from Halifax, and were removed to the new North Toronto Military Orthopedic Hospital. Owing to the congestion in the military hospital the civilian reception was dispensed with. Two Toronto men were included in the party.

The following officers have been provisionally appointed to A. M. C. Training Depot No. 2, with the rank of lieutenant: George Douglas Jeffers; Harry Ralph Hargrave; John William McKenzie; Joseph Whittier Reddick; Charles Archibald Wells; York Blaney.

**Promotions Listed.**

The promotion of the following lieutenants to the rank of captain in the A. M. C. Training Depot No. 2 is also approved: H. Clark, G. W. McNeil, W. J. McLean, S. R. McGregor, H. A. Abraham, J. P. Day, H. V. Ewen, Lieut. Charles Russell Baker and Jack Neil have received provisional appointments in No. 2 Special Service Company, C. E. F.

Exhibition Camp was the scene of great activity yesterday, all the units and members of the headquarters staff preparing for the move to Camp Borden. Advance parties were the first to leave, but the main bodies depart today and Sunday.

HATTIE WARREN

Port Robinson, Ont., July 8th, 1915.

"We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The doctor said she was threatened with dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-a-tives.' She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

## BREAD-MAKING ART HAS BEEN REVIVED

Competition Has Given Opportunity for Exchange of Ideas.

### LAST DAY OF CONTEST

Results May Be Announced in Late Edition of Sunday World.

The best yet. This is the record of yesterday in the breadmaking contest of The Toronto World. There were 220 entries, and the interest of the contestants kept pace with the entries. That the competition was worth while on several accounts becomes more and more evident as it draws to a close. It has given opportunities to bread-makers to exchange ideas on methods and on materials, and has been useful as an assurance that the art of bread-making is by no means obsolete, but that, on the other hand, there is a quite appreciable revival in this important department of housekeeping.

**Veteran Baker.**

While quite a number were bread-makers of many years' standing—some having made their own bread for 27 years—many others remarked that they had only recently begun. The men, too, were not above being interested, one bringing in a sample baked by the maid and others those by members of the family. One man jokingly remarked that we need not go any further, for he knew that he had brought in the best loaf yet contributed, and that the first prize was to be given to his exhibit. And so the fun went on. The spirit in regard to the soldiers was general. It almost seemed that everyone coming in had it as a chief thought that the men in the military hospitals must get a "treat" in the shape of home-made bread.

**Closes Today.**

Today the loaves will be received from 3 p.m. until 5 p.m., when the contest will close. The decision of the judges, with the names of the prize-winners, may possibly be in time for a late edition of The Sunday World, and in any case the results will be announced in Monday's paper. The demonstration in the home-made loaves at Loew's Theatre, where during the week there has been opportunity to compare right up-to-date methods with those of an earlier period.

There is still time, if you have not entered, to do so. The prizes are worth while trying for—\$25, \$15 and \$10. If you enter, you will carry off a nice reward for your attempt. If not, you have enjoyed the experience of a contest and have the knowledge that your loaf has gone to the benefit or pleasure of others, whom it is a joy to help. The military hospitals on College and Spadina and the Jewish nursery are the beneficiaries from yesterday's contributions.

## Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade—Two Interesting Letters.

Toronto, Ont., May 25.—So many people suffer from derangements of the liver that we feel sure these two reports, just recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. F. L. Harris, Keatley P. O. Oak, writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try only on Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25c box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced taking them and used nine boxes, which cured me at that time. Then, about two or three years afterward I was troubled again with liver trouble. I secured some more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble in this way."

"We have also found Dr. Chase's Linseed and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers or Edmanson, Bates & Co., Limited, Toronto. (Advertisement.)

## CAMERA MEN TOOK MOVIES UNDER FIRE

Advanced With Infantry to Get the Latest Official War Film.

### VIEW OF THE FLEET

All Acclaimed by British Press as Most Comprehensive Produced.

Bapaume in ruins and still burning will be shown on the screen here when the new official British film is exhibited next month, for the moving picture cameras accompanied the advance of the infantry and were subjected to the same danger of shot and shell as the soldiers of the advancing line of battle.

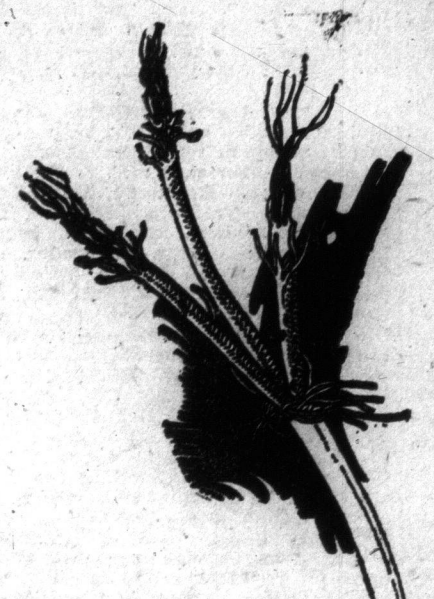

Thus it is that many things which people have only imagined without much material to lend aid to understanding are in this film made clear and comprehensible. And, if there are any who still doubt the extent of German ruthlessness, it is laid before them plainly enough in these pictures. The savage delight in which the Hun devotes his remaining hours in a town before being driven out may be fully realized from the pictures of the ruins he left in Bapaume, and in Peronne the day following.

**Strategic Points.**

These were the two strategic points of the fall of which forced the German army back to the present positions. They are now striving to hold on the Hindenburg line. The enemy hung on to them until he was in danger of being surrounded and cut off from communication with his supplies. How desperate was the struggle the despatches have told us something in the newspapers. Finally the day came when, with the Australians creeping up nearer and nearer on one side and the British on the other, orders to evacuate went forth from the German high command and to destroy the towns.

**Beggars Description.**

On March 17 the British and Australians were surprised to see smoke of fires arise in several points of Bapaume simultaneously. Scouts ad-

## The Telephone Cord.

Here the green covering of the "cord" that connects your telephone to the bell-box, has been pulled back.

Three separate "conductors" are disclosed, each with its woven covering of silk, linen and cotton, and inside the tiny wires are plaited together that the whole may be flexible.

The little copper wires are as fine as hair and there are many of them.

Think what must happen when the cord is kinked and marled into a mass of twists and knots. The little wires rub against each other and, in the end, the transmission becomes "raspy" and "noisy"—the sound, in telephone parlance, of "trying bacon" on the line.

You can help to safeguard the quality of your telephone service by keeping the cord "kinkless" always.

## SUBSTANTIAL CHEQUE FOR WAR VETERANS

The annual meeting of the Oratorio Society was held this week. Mr. Arthur Brown, the secretary-treasurer, reported the sending of a cheque for five hun-

dred dollars to the war veterans' fund, being the net proceeds of the recent "Elijah" concert. Mr. Fred Thomas, the chorus secretary, handed in a large number of applications for membership next season. Dr. Edward Broome reviewed last season's work, and, calling for increased activity, outlined his plans for next year. "Messiah" will be given with the Russian Orchestra on December 13. A May festival of two or three nights with Caesar Franck's "Beatitudes," and miscellaneous programs, and probably an out-of-town appearance for the chorus with the Russian orchestra, details of which will be worked out later. Rehearsals will be resumed October 2.

As an additional contribution to the interest in the film as a whole, a reel is devoted to the showing of the fleet, this being the first official or unofficial moving picture of the fleet that has been permitted since the first few months of the war.

What happened at Bapaume happened almost at the same time in the case of Peronne. The two places were practically on a line, and this line was included in the broad sweep of the British advance. Dwellings reduced to heaps of bricks and dust, churches desecrated and ruined, public buildings rent with explosions and blackened with fire, whole streets with not a house left standing unharmed, shops with the fronts blown out of them and the interior of the buildings exposed
