

STIMULATE RECRUITING IN KINGSTON DISTRICT

Strong Campaign Will Begin at
Once Under Competent Re-
cruiting Staff.

CONFERENCE HELD

Officials of Number Three Military District Discuss
Organization.

Special to The Toronto World.
KINGSTON, Ont., July 14.—That immediate steps be taken to place the work of recruiting on a thoroughly organized basis under a staff of competent military and business men, and that the chief recruiting officer of the district be given every facility to accomplish this work. That a canvass be made of all the males of military age, and that for the purpose of recruiting and the interests of both economy and efficiency the whole military district be divided into a number of smaller districts, each under a competent staff who shall be responsible for recruiting of all branches of the service, and who shall be immediately responsible to the chief recruiting officer and under his direct supervision. The above resolution was passed this afternoon at a meeting held in the city hall, which took the form of a conference for the purpose of devising ways and means to stimulate recruiting in the 3rd military district. The resolution was moved by Capt. G. I. Campbell of Kingston, and seconded by Lieut.-Col. W. Smith of Falls. The resolution also expressed appreciation of the splendid service of the minister of militia and assured him of their loyal support. Col. Bedell of the 156th Battalion, and Lieut.-Col. L. W. Mulloy of Kingston, came out very strongly in favor of conscription, but the feeling of the members present was that even if conscription was decided upon it would take some time to go into force and much time would be lost, and just now the great need was for men. Addresses were given by Lieut.-Col. G. H. Williams, recruiting officer for No. 3 Military District, and by Lieut.-Col. Hamilton, recruiting officer for this military district. Col. Hamilton reported recruiting as slow, and said something must be done to stir the people up to a sense of duty.

NEW YORK ARSENAL SWEEPED BY FLAMES

Large Quantities of National
Guard Equipment Were
Destroyed.

ONE MAN WAS KILLED

Several Firemen Overcome—
Loss Placed at Half Mil-
lion Dollars.

NEW YORK, July 14.—One man was killed and several firemen were overcome by smoke in a fire which swept the New York State Arsenal at Seventh avenue and 85th street late today. Large quantities of military equipment for the National Guard were destroyed. Lieut.-Col. Henry A. Boettcher, quartermaster's department, in charge of the arsenal, estimated the loss at \$500,000. The cause of the fire, which started in the carpenter's shop, has not been determined. Explosion of a half million rounds of small arms ammunition, 200 rounds of shrapnel and 100 rounds of shell, was averted by firemen working in flooding the magazine just before the flames reached it. Among the stores destroyed were 1000 rifles, five motor trucks and large supplies of clothing, shoes, blankets and tentage. The man killed was Thomas McNally, a state chauffeur. With Andrew Moran, chauffeur for Lt.-Col. Boettcher, he tried to save the motor trucks, and they brought out two. McNally went back into the burning building and was not seen again until firemen brought him out unconscious. He was found under an automobile, badly burned. He died 20 minutes afterwards.

PILGRIMAGE TO SHRINE OF OUR LADY OF PEACE

Many Hundreds Will Participate
in Annual Event at Niagara
Falls.

NIAGARA FALLS, Ont., July 14.—Several hundreds will participate in the annual pilgrimage to the Shrine of "Our Lady of Peace," Falls View, on Sunday, the feast of Our Lady of Mount Carmel. A special train will be run from Buffalo. The shrine was established by Pope Pius IX. at the time when the union was disrupted by the civil war, and it was dedicated to the Blessed Mother of God, under the title of Queen of Peace, and endowed with all the privileges attached to the oldest shrines in Europe. It was brought into world prominence a year or so ago thru the A. B. C. conference, which was held here and whose efforts averted war at that time between the United States and Mexico. Immediately before the first session of the conference the delegates for the United States, Argentina, Brazil and Chile attended in a body the solemn peace mass at the shrine, the author of all peace would enlighten and guide them in their conferences and shower down his blessings upon their work.

Three Pitchers Who Wore Glasses

Take heart all ye spectators hurriers, for one of the best in the business wears glasses. He is Meadows of the St. Louis Cardinals, and we have Prof. Hill of Rochester in our own city. Just read the most distinguished contribution of the press of the ball, since Joe Jackson graduated from a South Carolina cotton mill is a six-foot, spectacled athlete who wears the name of Meadows and who wears the name of Meadows. As a pitcher, in picking out a name his parents passed up Grant Lee, a choice quite natural, considering that the youngster was born in Oxford, N.C. Lee has been a full-fledged man and voter just one annum, as he passed his 22nd milestone the day after yesterday. Meadows is something of a novelty to the present crop of fans, but he is by no means the first of his kind. Old timers recall that back in the '80s "Specs" Williams was one of the best hurriers in the business. Meadows has suffered from what is called "spec" since he was seven or eight, but that handicap was never a hindrance to him. Meadows was a pitcher in the minor leagues, and in 1913 the manager of the Durham club, a minor league team, gave him a chance to shine in professional circles. Meadows was given a four-point contract to fourteen lots, and Durham almost won the flag, being beaten by the Boston Red Sox. The next year Meadows was back in a Durham uniform and had nineteen games to his credit, when, in August, he was sold to the Cardinals. To jump from a Class D circuit to the big show at one bound is some hurdle, but Meadows got away with the stunt, and he is now in the big leagues. Meadows is a pitcher, but he is also a player. He has won thirteen games for the Cardinals and lost eleven. He has a batting average of .250, and he has a fielding percentage of .980. He is a very good player, and he is a very good pitcher. He is a very good man, and he is a very good citizen. He is a very good person, and he is a very good friend. He is a very good man, and he is a very good citizen. He is a very good person, and he is a very good friend.

Sensational Double-Header at
New York—Koob Pulled the
Merkle Act.

At New York—New York and Detroit played a sensational double-header here yesterday, each team winning a 12-inning game. Detroit taking the first, six to two, and the Yankee winning the second, four to three. In the first contest Cullup lost his first game of the season, after winning nine straight. The second game also was a pitcher's battle, two young pitchers, Russell and Cullup, battling it out. New York won in the twelfth on Magee's double, Higley's sacrifice and Peckinpah's single. Scores: First game—R. H. E. Detroit..... 010 001 000 004—5 10 1 New York..... 020 000 000 002—2 2 2 Batteries—Cullup and B. Baker; Cullup and Walters. Second game—R. H. E. Detroit..... 100 011 000 000—3 8 1 New York..... 110 100 001 001—12 2 Batteries—Cullup and B. Baker; Cullup and Walters. At Boston—Boston and St. Louis played seventeen innings without scoring, the game being called on account of darkness. The visitors would have tied in the fifteenth innings had not Koob failed to touch this base when he came from second on a drive to left by Miller. Koob's omission was detected and he was knocked down at the plate. May was not seriously hurt, but he retired from the contest. Score: R. H. E. St. Louis..... 000 000 000 000 000—0 10 1 Boston..... 000 000 000 000 000—0 11 2 Batteries—Koob and Hartley; Severed and May; Leonard and Ames.

At Washington—Washington beat Cleveland four to three, scoring the winning run in the ninth innings with two.

FRENCH INHABITANTS STARVED BY GERMANS

British Foreign Office Apparently
Not Impressed by Ger-
man Claims.

STRONG REPLY GIVEN
German Government is Chal-
lenged to Give Evidence of
Intentions.

LONDON, July 15.—The foreign office issued the following statement in regard to feeding the populations of territories which have been occupied by Germany:

"In the Nord Deutsche Allgemeine Zeitung on July 5 the German Government publishes what purports to be an answer to the statement of the harvest in France, and that the American relief committee knows the contrary."

"In view of this assertion the German Government must answer the question whether it is or not true that the harvest in France was left over for the French inhabitants, and that the American relief committee knows the contrary."

"The statement of the German Government out of the last harvest was 100 grammes of flour per capita daily, and whether this did not mean that at the most only 50,000 tons of the grain produced was reserved for these inhabitants over the whole year, whereas the normal amount produced in these provinces is about 700,000 tons."

"It may be doubted if Germany will care to answer this question, but whether it does or not we take note of this German statement and expect the coming harvest will readily be reserved wholly for the French population."

LONDON, July 15.—A meeting of the joint bondholders of the Mexican Tramways Light and Power group companies, today, was reported. Hon. Mr. Foxbridge of Toronto, and the Hon. Mr. Foxbridge of Detroit, had recently visited Mexico and their report contained the most important recommendations. Arrangements were made whereby the revenue of some of the companies would be increased, when relations with the government were improved. Foxbridge replied to several questions, saying that a resolution was passed approving of the policy outlined. The total amount of bonds deposited with the committee is nine out of twelve millions.
