

SECOND ANNUAL REPORT
OF THE
NOTRE DAME HOSPITAL
MONTREAL.

Year 1881-82.

The year 1881-82 has been, in every respect, a period of progress for Notre-Dame Hospital. Sustained during the first months of its existence by generous assistance from the Provincial government, the Quebec and Montreal seminaries, as well as several citizens, there is reason to believe that the institution may at present rely upon a larger income guaranteed both by the generosity of the public and the zeal of devoted persons who have taken it upon themselves to assure the success of this work of charity.

At the beginning of the year which has just closed, the first regular subscription was established in favour of the hospital. Owing to circumstances the lists could not be made so perfect as was desirable, and the consequence was that the final result did not meet the expectation of those concerned. The result is very satisfactory all the same, however, inasmuch as the treasurer reports the sum of \$14,579.25 for the current year.

The last year was also signalized by the establishment of the board of governors, and that of the Ladies' committee.

According to the rules and regulations of the hospital the board of governors consists of all the life governors and of not more than twelve elected governors. This board attends to the general affairs of the institution and must meet at least four times a year.

It will be remembered that, at the close of the past year, a certain number of charitable ladies, with the view of contributing to
