

ANALYSIS OF RECORDED CASES TREATED 1891-95, SHOWING NUMBERS OF PATIENTS AND
RESULTS—Continued.

ANALYSIS OF RECO

NAME OF DISEASE.	1891				1892				1893				1894				1895				Totals.			
	C	I	U	D	C	I	U	D	C	I	U	D	C	I	U	D	C	I	U	D	C	I	U	D
Genu Varum									2				1	2			1	1	1		2	5	1	
Gangrene													2				1				3			
Gastritis													2								2			
Hæmatemesis						2																2		
Heart Disease	2	2	1		1	4	2	1					2				3		1		3	11	3	2
Hernia			1			3	1		1	4	1		16	1			12	5		1	29	13	3	1
Hare Lip													5	2		2	10	2			15	4		2
Hemiplegia		1							1													2		
Hæmophilia																	1					1		
Herpes	2																				2			
Hysterical Spine and Hip																		1					1	
Hip Joint	5	13	2	1	10	29	2	1					9	27	5						24	69	9	2
Hypermetropia																						2		
Hepatitis				1																				1
Hypospadias									1		1						1				1			
Hydrocele					1				1				1								3			
Hydrocephalus													1		1		2	1				3	1	1
Impetigo		3				3			1				10				1				15	3		
Injuries		1				6			9		1		15				5	1			35	2		1
Ichthyosis																					1			
Indigestion		1																				1		
Intestine (tubercle)	1	1																			1	1		
Iritis					1				1												1	1		
Incontinence								2	1													2	1	
Inanition					12	3			7		2						4	1			23	4		2
Intussusception											1													1
Keratitis								2				1	1				3	2			3	4	2	
Leucocythemia																1								1
Laryngitis								1		2											1		2	
Locomotor Ataxia																								
Marasmus	2																				2			
Malformations					1	1															1	1		
Mucocele													1									1		
Measles					1												1	1	1		1	1	1	1
Morbus Coxæ								12	20	2							10	27	1		22	47	3	
Morbus Cordis								1	3		1										1	3		
Meningitis																			2					2
Mastoiditis																	1					1		
Myelitis						1																	1	
Microcephalus									1				1									2		
Myopia													1	1								1	1	
Necrosis	6	2				7			9	1			6	2			7	5			28	17		
Nævus									1				1								2			
Nephritis			1		2	4			6	3		1	2	1			1				11	8		2
Nightmare									1												1			
Noma									1		1										1			2
Nasal Polypus																	1				1			
Neuritis													2	1							2			
Otorrhœa	1				2	1	1														2		1	
Otitis Media					2				8	1	1	1	7	3			10	3	1		27	7		2
Ophthalmia					12	2			3	2			20	4			3	3			38	11		
Ostitis													1								1			
Osteo Myelitis		1			1	2			3	2							1				4	6		
Orchitis																	1	1			1	1		
Optic Neuritis																	1				1			
Perforated Cornea													1	1										1
Paralysis	3	3	3		4	2	1		4	1			2				4	12	1		11	23	6	
Ptoſis														1										1
Phthisis	1	1											8	4	2			9	1	3	9	14	3	3
Pleurisy													4				2				6			
Paraplegia	1				1				1	1											2	1	1	
Pneumonia and Meningitis									1												1			
Pneumonia	1				7			1	7		1	10					9	1	2		34	1		4
Pneumonia Broncho								1	3		1	13			2						16			4
Prolapsus Ani					2				1				2								5			
Prolapsus Recti																	1				1			
Pereostitis												1					1	1			2	1		
Poisoning, lead					1				1												1	1		
Papilloma									1								2				3			
Pericarditis									1				1				1				2	1		
Psoriasis					1				1				2								3	1		
Purpura					1											1	2							
Pemphigus												1									1			
Pyæmia					1																1			
Polypus					2								2					1			4	1		

NAME OF DISEASE

Purulent Meningitis
Phymosis
Peritonitis
Potts' Disease
Pediculi
Pertussis
Rheumatism
Ranula
Rachitis (rickets)
Sarcoma
Spina Bifida
Scrofula
Suppurations
Syphilis
Strabismus
Stomatitis
Stone Bruise
Syndactylus
Synovitis
Sprains
Sore Feet
Scrofuloderma
Spinal Curvature
Septum of nose, devia
Stricture Spastic cong
Spina Vintosa
Scalp Injury
Severed Tendon
Stenosis of Larynx
Slough of inner Cant
Talipes
Tænia Solium
Tænia Favus
Tænia Tonsorans
Tonsillitis
Torticollis
Tubercular Meningit
Tubercular, intestine
Teething
Typhoid Fever
Tuberculosis, pulmo
Tuberculosis, glands
Typhilitis
Tubercular Periton
Tumors
Tubercular Knee
Tetanus
Urticaria
Ulcers
Uremia
Urethritis
Vaginitis
Vulvitis
Vicious Union
Wen
Wounds
