OUTSTANDING SUCCESS IS FAIRVILLE CHURCH CONCERT
The "Louise Lewin Mission Band" of the Fairville Methodist church, presented a missionary programme at a concert last evening under the direction of Mrs. Lewin. It proved successful from every standpoint, the children from the youngest to the older girls acquitting themselves most creditably.
It is doubtful if the platform of the church ever looked more attractive, flags, banners, mottoes and special scenery having been arranged by Mrs. Lewin with great care and attention to detail.
A striking feature was when the exercise, "The Light of the World," was being put on. A large star of colored electric lights surrounding the name Jesus became illuminated, making a very pleasing illustration.
The whole programme was greatly enjoyed by the audience and Rev. Gilbert Earle on their behalf expressed appreciation of Mrs. Lewin's work among the young people. The following was the programme:
Children's song—"I Think When I Read That Sweet Story of Old"—Ver-

LOCAL NEWS
LOSES HORSE
William Kierwin of Main street, met with a loss last evening when one of his large draft horses died. The animal weighed about 1,500 pounds and was valued at \$800.
BURIED TODAY
The funeral of Mrs. Owen McCann took place this afternoon from her late residence, 66 Erin street, to the Cathedral, where burial services were conducted by Rev. Francis Walker. Interment was made in the new Catholic cemetery.
RECRUITS FOR ENGINEERS
Lieutenant J. D. McBeath, recruiting officer for the Canadian Engineers, returned yesterday after a short recruiting trip through the province. He visited Mount Allison, where he was successful in securing three recruits. The Canadian Engineers have nine men so far this week.

A DYING EMPIRE
A large number of people in Queen square Methodist church school room last evening heard Rev. W. H. Barraclough deliver an interesting lecture on the "Dying Turkish Empire". The lecture was illustrated by views and was much enjoyed by the audience. It was given under the auspices of the Women's Missionary Society of the church.
PAPER ON PENIAN RAID
A meeting of the New Brunswick Military Veterans' Association was held last evening. John Willett, C. M. G., read a paper on the Penian raid on Canada. He dealt with the matter in detail and the paper proved very interesting. Practically all those present had been on service at the time of which the paper treated.

THE RIVER STEAMERS
The steamer Magenta arrived at Inverness this afternoon from Cole's Island in the Washademoak, and the Champlain also came down river from the Jemseg. Both steamers had fairly large passenger lists, but only light freight. The steamer May Queen will make her first trip to Grand Lake about the first of next week. The D. J. Purdy is expected to commence running about the last of the week.
WERE DELAYED
The suburban train due to arrive in the city at 8 o'clock did not reach the station this morning until 9:15 owing to some engine trouble in the vicinity of Quispamsis. The Sussex train was forced to act the part of the good Samaritan and the suburban was brought in by the Sussex. Several of the passengers had already started to walk and had reached various stations along the line but were picked up by the incoming Sussex.

BYE LAW MATTER OR A GRAVEN OFFENCE?
A bye-law report which promises interesting developments was taken up in the police court this morning when Frank Garson was reported by Sergeant Harold Mayes for violation of the bye-law. The case was a matter of some importance as it dealt with the question of whether a man who is found with a gun in his possession is liable for a violation of the bye-law in respect to this matter says that no one shall allow a gun, or any such matter, to fall from a team in the public street which would endanger property or persons. Whether tanks and mules coming under the head of "any such matter" will be decided at a future hearing of the case. It is set for next Wednesday.

LIQUOR CASE GONE INTO COURT
The matter of Gilles Guilgaird, charged with selling liquor to a minor and also with selling liquor without a license, was resumed in the police court this morning. William J. Mahoney appeared for the defendant.
Policeman Winter and Detective Briggs concluded the evidence for the prosecution. They said that Dolphie Christie, a minor, had been arrested on drunkenness charge. He said he secured liquor from Guilgaird in a boarding house at 608 Main street and had paid fifty cents on two occasions for a flask. The defendant, they said, did not deny the charge when he and Christie visited the house. Liquor was found under a bed in a suitcase, which contained eighteen flasks of brandy.
The defendant took the stand and said that he had secured the liquor to take home with him to the North Shore. He said his brother had bought the liquor between them on Monday. They had paid twenty-five cents a flask and had bought 818 worth. Christie, the witness said, boarded in the same house with him. He had begged him to sell two flasks and to satisfy him he did so. He had known Christie before, as they worked here together and also up north. He sold the flasks not to make money but to satisfy his friend. He thought Christie was more than twenty. He said he received fifty cents for the flasks.
A brother of the defendant gave corroborative evidence.
Mr. Mahoney asked that his client be dismissed. They were fellow boarders in the same house, he said, and knew one another well, and the transaction was made not to make money, but to satisfy Christie.

SIXTY AND FIFTY CENTS MORE ON COST OF FLOUR
Manitoba Now \$16.00, Ontario \$15.15 Wholesale—The Wheat Market Today Local Dealers Do Not Control The Flour Prices
Flour continues steadily on its upward way with nothing to indicate when the limit will be reached. Today advances of sixty cents a barrel for Manitoba and fifty cents for Ontario, were announced, making the wholesale prices \$16 a barrel for Manitoba and \$15.15 for the Ontario brands.
May wheat yesterday touched the high figure of \$2.80, and this morning a quotation of \$2.75 was recorded. This does not seem to indicate any pronounced effect as a result of the announcement made in Ottawa yesterday that the Canadian and United States governments are considering joint action for the fixing of maximum and minimum prices for wheat for the two countries. Government regulation has been urged in many quarters since the beginning of the war as the only method of preventing prices from being driven to prohibitive prices by speculative influences. As the prices have nearly reached that limit now, those interested in the markets do not seem to expect any very great change in the situation as the result of government interference. On the other hand, there have been enough predictions of still greater increases to make the idea of government regulation look attractive to the consumer.
The intimation that there may be government regulation had some effect, however, when the markets opened this morning, as is indicated by the following quotations:
Chicago, May 4—Declines of 6½¢ to 31 cents in wheat at the opening today was the speculative reply to the Canadian-American agreement to regulate grain prices, announced late yesterday.
Wheat prices yesterday touched new record tops. May this morning dropped 21 cents to \$2.57; July, 17 3/4 cents to \$2.15, and September, 6 1/4 cents to \$1.84, on the first few sales.

THOS. BEECH IN EPSON HOSPITAL
St. John Soldier Wounded—Many Maritime Province Men in Official List
That her husband, Pte. Thomas Beech, was officially reported wounded, gunshot wound left leg and admitted to the London War Hospital, Epson on April 18, was the word which came to Mrs. Lillian Rose Beech of 264 Brunel street this morning. Pte. Beech is thirty-three years of age and has four children, the eldest of whom is eight years. He enlisted in a well known unit of New Brunswick and from England was transferred into another regiment from this province. He had seen service in the trenches since a little before Christmas. Previous to joining he was a longshoreman.

The Mattress Which Is Different!
A great many people have already seen the DIXIE, NO TUFT MATTRESS, and many have used it, and we have yet to receive a complaint. On the contrary, we have received many enthusiastic commendations from those who have purchased them, and we very much appreciate the words of praise, for we realize that satisfied customers are our biggest asset in business.
When you have seen this wonderful Mattress and have observed that it has none of the hard spots which tufting inevitably produces, that there are no gathering places for dust, that it provides first, last and all the time a uniformly smooth, resilient surface, and that it cannot possible spread or lose its square edge, you will not be surprised that our sales are constantly increasing. SEE IT!
