

## FRUIT, VEGETABLE JOBBERS MEET HERE

Maritime Branch of Association Conducts Business and Enjoys Banquet

The Maritime Fruit and Vegetable Jobbers' Association held its semi-annual meeting at the Admiral Beatty Hotel yesterday afternoon and evening. Association business was transacted at the afternoon session and the visitors were entertained by the Saint John dealers at a banquet in the evening. J. G. Willett, of Saint John, president of the association, presided at both afternoon and evening meetings.

Mr. Willett made an introductory address and welcomed the outside members and guests at the banquet. W. W. Hubbard, president of the New Brunswick Fruit Growers' Association, then gave an interesting talk on the possibilities for raising apples in New Brunswick, in which he gave much valuable data on the opportunities and problems of the subject.

Major R. L. Wheeler, of Ottawa, fruit transportation specialist for the Department of Agriculture, then spoke after which L. W. Minchin, acting manager of the Fruit Dispatch Company, of Boston, spoke on the value of the banana in the fruit trade.

C. H. Meredith, district manager of the California Growers' Exchange, spoke on the citrus industry in California. G. H. Vroom, chief fruit inspector for the Maritime Provinces, gave a talk on the grading of fruits and vegetables.

Harold Vincent sang a solo.

**Complete muscular relaxation essential for healthful sleep**  
At "rising time" comes the test as to whether your night's sleep has given you the renewed vigor and vitality so necessary to the busy activities of this modern age.

If certain muscles of the body remain tense for lack of resting support no amount of sleep will renew their energy. For instance—if the muscles enclosing the vital abdominal organs are allowed to sag and assume unnatural positions due to improper mattress support, they are under a strain, and cannot relax. Sleep therefore, doesn't rest this part of the body as well or healthfully as it would if proper support relieved the strain and allowed the tense muscles to relax.

## U. S. MILK MEASURE AFFECTS DOMINION

WASHINGTON, April 29.—Senator Lenroot, of Wisconsin, introduced in the Senate today a bill which is aimed at the imports of milk and cream from Canada into the United States.

The purpose of the bill, he explained, is to impose the same regulations on imported milk and cream, with respect to sanitation, and otherwise, as is required in the case of milk and cream produced and marketed on the United States side of the border.

## ANGLICAN LAYMEN HEAR ADDRESSES

Ontario Visitors to City Set Forth Aims and Objects of Movement

Forty-five candidates were confirmed by His Lordship Bishop Richardson in St. George's church last evening. They were presented by the rector, Rev. John Unsworth, and 23 were males and 22 females. Rural Dean, Rev. W. H. Sampson read the lesson.

Preceding the confirmation service the Bishop gave an eloquent exhortation to the candidates in a sermon on "Confirmation." He said confirmation was scriptural, apostolic, historic and catholic. In closing he urged the candidates to endure to the end, to be true to God and to their obligations and to pray for the Holy Spirit.

The full surpliced choir, including the ten boys recently joined, led in the singing and Miss Maria Beattay was the organist. The church was filled to capacity, the annex being thrown open to accommodate the large congregation. The offering was for the divinity scholarship fund.

## ACIDS IN STOMACH CAUSE INDIGESTION

Creates Gas, Sourness and Pain How To Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try having aside all digestive aids and inducing gas from any drug and a few ounces of Purified Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Purified Magnesia (in powder or tablet form—never liquid or milk is harmless to the stomach, is expensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

## Wide Search Ends In Arrest At Montreal

EDMUNDSTON, April 29.—Word has just been received that J. A. Tardis, a native of the Province of Quebec, is being held by the Montreal police at the instance of the local authorities. Tardis is charged with obtaining goods with intent to defraud and his arrest culminates a widespread search by the local police, the Quebec authorities and also the New York state authorities. High Sheriff Dalgie and his deputy are leaving for Montreal tonight in quest of the prisoner.

## 42-FT. MOTOR BOAT ON A LONG CRUISE

NEW YORK, April 29.—A cruise to the West Indies and Yucatan in a 42-foot motorboat will be begun May 1 by Clifford Warren Smith, stepson of Newcomb Carlton, president of the Western Union, it became known yesterday. Mr. Smith will be accompanied by Abbot Hamilton, of this city, and Wallace Nixon, who will captain the boat.

"Our boat is being built at the Elco works and we hope to have it by May 1," Mr. Smith said yesterday. "We shall start as soon as we get it and expect to be gone from one to three months."

The party will follow the inside passage to Florida, proceed to Cuba and thence to Yucatan, where they hope to explore a lagoon which is known completely only to the natives. One of the four existing colonies of flamingoes is in this region.

"We shall keep a bright lookout for any Maya relics," Mr. Smith continued. "Any specimens we come across we have promised to bring back to the American Museum of Natural History."

The party will cruise along the coast to Merida, if all goes well. The whole trip down and back is about 4,000 miles.

## VISITORS ADDRESS LAYMEN'S ASSOC.

Chancellor Gisborne and Rev. D. M. Rose Heard at Gathering Here

Much help and inspiration were received from the addresses given by Chancellor Gisborne, of the Ottawa diocese, and Rev. D. M. Rose, organizing secretary of the Anglican Laymen's National Committee, before a meeting of laymen of Saint John held last evening in the Church of England Institute, with Mr. Justice W. C. H. Grimmer presiding.

The speakers spoke particularly of personal religion, pointing out what the laymen might do in a practical way to help in parish work, in mission work and in the work of the church at large. Mr. Rose spoke specially of giving as being an essential part of religion as prayer is. Chancellor Gisborne pointed out what good work could be accom-

plished among boys, who, he said, were always ready to respond and could be easily taught through example. Ven. Archdeacon A. H. Crowfoot opened the meeting with prayer and he spoke of the summer school for Sunday school teachers and church workers which is to be held at Rothesay this year. He hoped there would be a very large representation of laymen attending the school. He asked the laymen to get a volunteer to act as treasurer for the summer school.
