## NEW PREMISES FOR ROYAL BANK

Will Occupy Building at Corner King and Thames Streets—Extensive Alterations

During the next few months the store at the corner of Thames and King streets, occupied by Beattie & Co. will be transformed to a modern banking building and it is expected will be ready for occupancy by the Royal Bank about the first of December. The proposed alterations are of an extensive and important nature and when completed the building will have all the conveniences of the strictly up-to-date banking institution, while its general appearance will have been greatly improved. Among the more important improvements will be a new stone front and side and a corner entrance. The interior fittings will be of hard wood and the floor will be tiled. The office furnishings will be elaborate while the office staff will have commodious rooms at the rear. About September first Beattie & Co. will remove to the premises in which D. Burns conducts a pool and billiard parlor. During the next month extensive alterations will be made in this store which will give Beattie & Co. a most suitable stand for their grocery business. The rooms over the present quarters of the Royal Bank will be used by Mr. Burns as a billiard and pool room until the bank removes to their new premises, when the ground floor will be occupied by him.

## REV. G. B. BROWN, DROWNED

FORMER SALFORD PASTOR MET DEATH WHILE BATHING.

Rev. G. B. Brown referred to in the following despatch from Beamsville was pastor of the Baptist church at Salford for three or four years. He left there three or four years ago.

Beamsville, July 31.—Rev. G. B. Brown, pastor of the Baptist Church here, was drowned at Jordan Harbor yesterday afternoon while attending the Sunday school picnic of the Baptist Church.

Bert McEntee was swimming just ahead of Mr. Brown, when the latter called for assistance, saying he was tired. McEntee turned and went back. Mr. Brown put his hand on his shoulder and was being assisted when he suddenly sank, drawing McEntee with him. Freeing himself McEntee arose to the surface, but was unable to render assistance.

## Asks His Victim's Help.

Brookville, July 31.—It is reported here that J. E. Anderson, late P. S. Inspector for Brockville, but now of the Kingston penitentiary, wrote recently to Mrs. Anderson the second, asking her to circulate a petition to have his sentence shortened. The letter was sent to the lady's father. No action is likely to be taken. Anderson was sentenced recently at Renfrew on a charge of bigamy, to which he pleaded guilty, but served seven years in the Kingston penitentiary.

## Mrs. Guinness Poisoned.

Laporte, Ind., July 31.—Coroner MacIntyre announced yesterday that Dr. Walter Haines of Rush Medical College, who analyzed the stomach of Andrew Helgelein of Aberdeen, S.D., last victim of Mrs. Belle Guinness, found strychnine and arsenic in fatal doses, has also found in the stomach of Mrs. Guinness and two of the children arsenic and strychnine in quantities sufficient to have caused death.

## ANOTHER HOT DAY

THE TEMPERATURE YESTERDAY WENT UP TO 92

Toronto, July 31.—For a little cooler weather this evening some hopes were held out last night by the man at the Observatory, who was interrogated by many a citizen who had sweated the heat of yesterday. The temperature went up to 92. This is just equal to July 12, which was noted at the Observatory as the hottest day of the year. It must have been a very hot day at Ottawa and Furry Sound yesterday, for it was reported to be 94 in the shade, or two points higher than in the Queen City. Fine weather prevails from the great lakes to the Atlantic Ocean and the nearest thunderstorm last night was at Davenport, Iowa. The Observatory man would not express any opinion on the extent of the disturbance and the consequent possibility of heavy thunder showers here today.

"Of course," he said, "they may pass us by altogether." The weather man believed the cool wave, if it does strike Toronto this evening would not last long, for it was very hot yesterday in the west.

Americans fishing in the St. Lawrence without a license were fined at Kingston.

Joseph Trumbley, who broke jail at the Soo, was sentenced to two years in Kingston.

## TO COMPEL THE MAYOR TO SIGN

H. C. Beckett, of Hamilton, Makes Application For Mandamus Proceedings

Hamilton, July 30.—The mandamus proceedings to compel Mayor Stewart to execute the contract made by the city council with the Cataract Power Company for power for street lighting and pumping were commenced this morning, when City Clerk Kent received a letter from Staunton, O'Leir & Morrison, notifying him that they had been instructed by a ratepayer to apply for a mandamus to compel Mayor Stewart to sign the power by-law. They request legal aid to bring the matter before the city council as soon as possible, so that it might pass a resolution making the city a party to the action. A special meeting of the council has been called for this purpose tomorrow at noon, and it is likely that the council will become a party.

Henry C. Beckett, a prominent ratepayer and well-known member of the Wholesale Grocers' Guild, is the gentleman who started the action.

The legal proceedings in the case will be quite simple. Mr. Staunton was today preparing his notices of motion to be served on the mayor, city clerk and other parties concerned. After serving the notices the next step will be in chambers at Osgoode Hall next Thursday morning, when he will move before Justice Latchford for the mandamus, supporting his motion by citing legal decisions in similar cases. The mayor says that he does not intend to be represented by counsel. He will not even attend the court. He will make an affidavit covering his position in the matter. No writ in the case is necessary, and there will be no trial of this case later on at the assizes. It will be disposed of entirely in chambers at Osgoode Hall.

## ARGO EIGHT BEATEN

Leander Defeats Canadians in Preliminary at Henley.

## SHOULD TRY ENGLISH STYLE

Critic Says Their Stroke Prevents Competition With British Crews—Race Was Finest Exhibition Seen on the Henley Course For a Long Time—Cambridge Eight Was Beaten by the Belgians.

Henley-on-Thames, July 31.—The Leander eight of England beat the Argonauts of Canada in their heat yesterday. The Argos got well away at the start, rowing 41 strokes to the minute, and had little heart when half the course had been rowed. Then they dropped to 37. It was the finest race of the regatta, the Argos rowing splendidly. They spurred a couple of times at the end, but not sufficient to push the Leanders much. Both crews received a grand reception. Leander won by a length, Time 8:02. Time for half the course 3:56.

Some few people competent to express an opinion say that the race was the finest seen for some time. They especially complimented Coach Wright on his excellent training of the Canadians. It was great, as the half way the Argos spurred and reduced the lead of the Leanders and the Argos' spurs near the finish, though fine, were unable to win.

"It is quite evident," said a well-known oarsman to the Canadian Associated Press, "that if Canada hopes to win at Henley the English style of rowing must be adopted."

The crews were: Argonauts—Kerland (cox), Taylor stroke, Riddy 7, Gale 6, Balfour 5, Lewis 4, Thomson 3, Wright 2, Robertson bow.

Leander—Maclaren (cox), Becknell stroke, Etherington Smith 7, Sanderson 6, Burnell 5, Nickalls 4, Johnston 3, Kelly 2, Gladstone bow.

P. J. Mulqueen of Toronto, speaking to the Canadian Associated Press, expressed himself as perfectly satisfied with Scholes' work. Scholes being beaten was a disappointment, but those disappointments must be put up with. "No one could have received better treatment in England than Scholes and I have," added Pat. The Cambridge eight, on which the United Kingdom depended, with Leander, to win the championship in the eight-oared contest, was defeated by the Belgian crew.

Charles Sterling of Halifax, former business manager of the Herald, is dead, aged 52.

Port Arthur Council refuses to insert a fair wage clause in civic contracts.

In Welland the W. C. T. U. complains that the liquor law is not enforced.

## DAUGHTER HAS FATHER ARRESTED

Charged Him With Assaulting Mother Who Has Just Expired

London, July 31.—Mrs. Annie Crow whose husband is out on bail on the charge of wilfully assaulting her and causing her bodily harm on the 21st of the month died yesterday at her home near Dorchester. An inquest will be held to determine whether or not death was due to the result of the assault or to natural causes.

Mrs. Mary Baker, daughter of the married couple laid the charge against her father, claiming that he struck her mother viciously in a manner to badly disable her. The case was adjourned until the 27th of July to give time in which the woman might recover from her injuries. On the 27th, Squire McCann, of Dorchester, before whom the case had been tried, received a letter from Dr. McGugan, of Thamesford, stating that Mrs. Crow was not in a fit condition to attend court. By the same mail the Squire received a communication from Mrs. Crow stating that no bodily harm had been done her in the assault, but that her sickness was due to the affection of the kidneys from which she had suffered for years. She asked that her husband be released that he might return to work at once. As a result of these communications the magistrate further enlarged the case until Aug. 4.

Since this time Mrs. Crow has died though as yet it has not been determined what caused her death. It appears that Mrs. Crow was afflicted with kidney trouble, as she claimed, and it will be the purpose of the inquest to determine whether or not her death resulted from this, or as the result of the assault to which she had been subjected by her husband.

When asked yesterday what would be done with Mrs. Crow, Attorney McKillop stated that no steps affecting the freedom of the man will be taken at present.

An inquest has been arranged for Saturday at Dorchester, at which Dr. Doan, of Harrietsville, will officiate. All the evidence will be heard here, and upon this the crown will base their future course of action.

## Prince August a Doctor.

Strasbourg, July 31.—The University of Strasbourg announced yesterday that Prince August, the fourth son of Emperor William, had passed his examination for the degree of doctor in the science of Government on his papers, and that the title of doctor had been conferred on him.

## Mother Avenges Girl.

Ottawa, July 31.—Alfred Gourdege when discharged at the Police Court yesterday, charged with seducing Belle Ritchie, was attacked by the girl's mother on leaving the station. His coat and clothing were torn, when several policemen pulled away the angry woman. She threatened to punish him yet.

## Admites Still Tramping.

Bairnie, Man., July 31.—Colonization Agent Speers has reached here from the west and says the Admites are still being followed by the mounted police, who have so far been unable to effect their capture. Four members of the party have deserted, and only three men and five women are left.

## Hanged Himself in Bush.

Gorrie, Ont., July 31.—The very badly decomposed body of Alexander Robinson, aged 55, who wandered away from his boarding-house here, about July 22, was found yesterday morning suspended from a tree in the bush, a mile from the town, having used a fence wire to commit the deed.

## Young Doctor Hurt.

Cobourg, July 31.—Dr. Adam Miller, son of ex-Warden Miller of Cassidun, Northumberland County, and a 1906 graduate in medicine of Toronto University, was thrown out of a buggy and was picked up unconscious yesterday. His condition is still very critical.

## Not Sir Thomas' Boy.

Montreal, July 31.—The Bert Shaughnessy who attempted suicide at Seattle Wednesday and claimed to be a son of Sir Thomas Shaughnessy, president of the C. P. R., is an impostor. Sir Thomas has no son named Bert and both his boys are at home in Montreal.

## Big Freighter Aground.

Port Arthur, Ont., July 31.—The new steel freighter Daniel B. Meachem, bound on her maiden trip from Ashtabula to Port Arthur with 9,000 tons of coal, ran on the rocks at Passage Island Wednesday night in a heavy fog.

## Dies In Church.

St. John, N. B., July 31.—Mrs. Margaret Mills, while giving her testimony at a meeting in Middle Simonds Church, suddenly collapsed and was carried out. She died in a few minutes.

## Against Embargo.

London, July 31.—(C. A. P.)—The board of the agricultural society support the Board of Agriculture on the question of importation of live cattle from Canada.

## ANNUAL REUNION ELLIOTT FAMILY

Held at Home of Mr. John L. Ruddick, Dorchester Township

The second annual reunion of the Elliott family was held under very favorable conditions at the home of Mr. John L. Ruddick, Dorchester township, yesterday. In the neighborhood of sixty-five or seventy members of the family were present from all parts of the surrounding country, including Ingersoll and London.

A sumptuous dinner and supper consisting of every delicacy of the season were served on the spacious lawn.

The afternoon was spent by the ladies in social intercourse and in games of quills and baseball by the gentlemen.

After tea, Mr. James Ruddick was voted to the chair and a short business meeting was held. A committee consisting of Mr. Robt. Wilson, Dorchester, Chas. Ruddick, Oxford, and Thos. McBeth, Derham, was appointed to set the date and make arrangements for next year's reunion. It was unanimously decided to hold the picnic next year at the home of Mr. Geo. Leslie, Banner.

The day was an ideal one for an occasion of this nature and the outing was much enjoyed by young and old alike.

## ANOTHER LARGE AUDIENCE ON THE MARKET

Nearly one half were ladies on the market last night. The agent at the City House is doing a big business, many coming here from Woodstock where they had a large sale of electric belts. They are a genuine article and the price, one dollar, is within the reach of all. If you have rheumatism, kidney or stomach trouble get one. For female weakness, catarrh or lost vitality it is a specific. The sale here ought to be large as everyone knows the curative powers of electricity.

## ASLEEP ON TRACK

FREIGHT TRAIN KILLS THREE FARM HANDS NEAR UTICA

Utica, N. Y., July 31.—A freight engineer on the Lackawanna Railroad in the early dawn this morning saw three men lying on the track about 300 feet ahead of his locomotive. The heavy freight could not be stopped until the entire train had passed over the sleepers. The bodies were so badly mangled that it was difficult to separate them. The men killed were John Kelly, of Clayville; Richard Williams, of Rome or Gloversville; Philip Vica, of Campbellton, N. B. They were farm hands and had been spending the night in Cassville, near which place the accident occurred.

## MOSTLY FINE AND COOLER

Toronto, July 31.—The weather has been fine to-day in all portions of the Dominion; very warm from the lake region to the Maritime Provinces; also decidedly warm again in the southern portions of Alberta and Saskatchewan.

Lower Lakes and Georgian Bay.—Moderate to fresh westerly north-westerly winds; a few local thunderstorms, but for the most part fine, becoming slightly cooler.

Fifty new coke ovens are being built at Fernie by the Crow's Nest Coal Co.

The Labrador coast was swept by a storm which wrecked 17 vessels in one harbor.
