LAYING OF THE CORNER STONE.

SPEECHES BY THE RIGHT REV. THE LORD HISHOP OF HURON, THE VERY REV. DEAN HELMUTH, THE VENERABLE ARCHDEACON BROUGH, REVDS. JAMES SMYTHE, M. A., OF CHRIST CHURCH, LONDON; W. HENRY JONES, M. A., OF TILSONBURG; AND S. BEL-CHER, OF THAMESFORD. According to previous announcement in

these columns, Tuesday last, 1st of September, was set apart for the laying of the foundation stone of the new Episcopal (English) Church in this town, which will be known as St. James' Church. For some time past the want of a new Church has been severely felt by the English Church congregation here, and many attempts have been made to commence the building of one, but from various reasons in surmountable obstacles have arisen, which have prevented the consummation of this most desirable object. However, undaunted by the reverses of the past the matter has been energetically taken hold of by a number of the most influential members of the congregation. and a good start has been made for the erection of a House of Worship for the members of this communion in this place, which will prove amply capacious for their requirements as well as an ornament to the town, and a monument of our advancement. We may also add, and we are happy to make the statement, that nearly the whole amount required for the church has been provided for, and when complete will be unincumbered by debt. This is a great desideratum, and will add greatly

His Lordship the Bishop of Huron then said: Assembled as we are to-day to lay the foundation stone of one of God's edifices, we ought to feel it a duty of which we should feel proud to be participants, for where the true gospel is preached, benefits of a lasting nature must come. Such a house as this must be of inestimable benefit to a community. It matters not in what light we view it, it will prove a beneficial work, and those who are assembled here o-day must be the recipients of these benefits, for has it not been said in Holy writ, "Where for has it not been said in Holy writ, "Where two or three are wet together, there will I be in the midst of them," and if he is thus pres-ent with them are they not living temples? He hoped the work which they were undertaking would be successfully accomplished to the glory of God, and to the satisfaction of all concerned in it. He said it must be gratifying to His I ordship to see so many houses for the worship of God creeted in his Diocese since his placopacy.
