

Clearing For Action

Legislature Dissolved and Election Announced to Take Place June 9th.

House Will Convene on July 5th—A Statement From the Premier.

Mr. Cotton in Town—Some of the Probable Candidates.

(From Wednesday's Daily.) Yesterday the Governor dissolved the legislature, the following dates being fixed for the different preliminary events in the elections to the next House:

May 26th—Nominations.
June 9th—General Elections.
June 30th—Writs Returnable.
July 5th—Meeting of Legislature.

Such were the facts as elicited in a conversation with the Premier this morning. He added that the date of the election had been brought on a few days earlier than was originally intended, but that the reason for this was representations made by friends of the government that it would not be wise to have the date of the election conflict with the meeting of the Grand Lodge of the I.O.O.F., which meets in Victoria on the 13th, 14th and 15th of June. The delegates will naturally want to be home when the election takes place.

On being asked if the attitude of the party leaders at Ottawa, as told in Times special last night, had had anything to do with the hastening of a dissolution, the Premier simply replied that he had, upon assuming the reins of government, declared for a dissolution and general election at the earliest possible moment. The present step was merely in pursuance of that policy.

Referring to a statement in the Colonist to the effect that as solicitor for the C.P.R. the Premier had passed on the title of the B. C. Southern to their land grant, Mr. Martin said: "There is absolutely no truth in the statement. I never read any of the B. C. Statutes giving a subsidy to the B. C. Southern Railway Company until the question was referred to me by the lands and works department upon their application for their land grant."

The above announcements will have the effect of hastening the arrangements in the different political camps, for the approaching conflict. The Premier will set out immediately on a political tour knowing that he is fighting a desperate battle. Those who believe him beaten, however, are not reckoning on his great personal force, nor taking into consideration the many features which may develop between now and the date of polling to affect the political balance.

The Conservatives, having declared for party lines, and having summoned a convention to choose standard bearers, are already endeavoring to make the ticket acceptable to the labor party, who, it is understood, will not choose a candidate. Several labor men who are Conservative in their tendencies are being mentioned in this connection.

It is almost certain that Messrs. Turner and Helmeck will again be in the field, though, having declared for party lines, the Conservatives will be deprived of the opportunity of putting a very strong man in the field in the person of Richard Hall, M.P.P., who has added very much to his political reputation since his election to the House. Mr. McPhillips, it is said, will be dropped, although a statement made by him with some heat at the second gathering of local Conservatives would seem to indicate that he does not propose to be governed by what the convention may decide. Messrs. Ker, Volley, F. Barnard and others will likely be in the party. The Colonist having declared strongly against party lines the Conservatives will be handicapped owing to the lack of an organ.

Regarding the Martin ticket it now seems accepted among the government supporters that John McMillan will be the heavyweight of the candidates in that interest. Other names, too, are mentioned, among them being Dr. Lewis Hall, S. Perry Mills and Geo. Noot. Hon. J. S. Yates has already announced his intention of seeking a seat in Victoria.

F. Carter-Cotton, leader of the provincial party, arrived in town last night and was asked this morning by a representative of the Times what effect the action of the Conservative convention would have on his policy, or if, being Conservative, he would place candidates in the field in opposition to the party to which he belonged. Mr. Cotton replied that he could not yet discuss the matter. His visit to the Capital was on purely private business, and he could not say what course he would pursue. It is not regarded as probable in political circles, however, that Mr. Cotton will run candidates in Victoria in opposition to the Conservatives, but that the fight will be between the government and Conservative candidates with the Liberals free lances in the matter.

Mr. Cotton thinks the Rossland settlement will not strengthen Mr. Martin, being attributable almost solely to Mr. Ralph Smith. In other respects Mr. Martin is losing ground, in his opinion. The Conservatives of Rossland have selected C. H. McIntosh, late Lieutenant-Governor of the Northwest Territories, and now of the B.A.C., as their candidate.

G. A. Huff, ex-member for Alberni, leaves for the West Coast on Saturday's boat. Speaking this morning of the probabilities of the contest in that constituency, he said that the people of his riding would resist any foisting of an outsider upon them such as was indicated in the requisition being presented to Mr. Edgar Dewdney to stand for that

riding. He himself had been asked by requisition to stand for the constituency. Questioned as to what party he would support, he stated that he had informed his friends that if he accepted nomination it would be strictly as an independent. He would not be bound to any party.

The statement of Mr. Higgins at the Sooke meeting on Saturday night as reported in yesterday's Times, in which he said he would support Mr. Martin if he amended some of his planks, has caused considerable speculation in regard to what side he will take in the present contest.

(From Thursday's Daily.) An important statement of policy is made to day by Hon. Smith Curtis, Minister of Mines, in regard to the exclusion of aliens from the placer fields of Atlin. Briefly it is to the effect that American companies which incorporate under the laws of the province will be granted free miners' licenses. This, of course, applies only to companies, as the government is powerless to grant free miners' licenses to individuals until the act to amend the Placer Mining Act is amended by the Legislature.

The section of the amendment under which the government is enabled to admit American companies is contained in the following section: "No joint stock company or corporation shall be entitled to take out a free miner's certificate under this act, unless the same has been incorporated, and not simply licensed or registered, under the laws of this province, and unless such company or corporation is a bona fide company or corporation, and not a mere device to take out a free miner's certificate under this act, but any free miner's certificate already taken out shall remain in force until its expiry. The word 'person' in this section shall include only such companies and corporations as aforesaid."

It will be remembered that under the amendment to this act made last year no one was entitled to a free miner's certificate unless he was a British subject. The act was amended for the purpose of keeping foreigners out of the Atlin district. The section just quoted enabled a foreign company, if incorporated under the laws of the province, to take out a free miner's certificate if it first obtained an order from the Lieutenant-Governor-in-Council. Foreigners, forming such a company, if they had been able to obtain an order-in-council, would have been able to evade the amendment which was aimed at. Hence the Semlin government refused to grant such an order.

Speaking this morning on the new policy, Mr. Curtis said that it was now the general consensus of opinion that the exclusion of foreign capital from the Atlin district was detrimental to that district, and that in consequence the Martin government had decided to grant these orders in every reasonable case, so that if Americans wish to invest in Atlin all that is now necessary for them to do is to form a company under the provincial laws and apply for an order-in-council, which will enable them to get a free miner's certificate.

Incorporation takes little time, and there need therefore be little delay in getting the free miner's license where the proper steps are taken. Should the provincial laws be amended to the incorporation of a number of companies, quite a revenue would be derived by the province from incorporation and license fees.

To-night the Premier and the Minister of Mines will open the campaign at Nanaimo, and to-morrow evening they will go to Metchofen. At the beginning of the week they will commence the campaign proper, and will prosecute it vigorously until the conclusion of the fight.

Hon. Smith Curtis stated this morning that unless his plans changed he would seek a seat in Rossland. A stiff fight may therefore be expected in that constituency, as Chas. H. McIntosh has been selected to bear the Conservative lance.

So strong is the disaffection among a large number of the Conservatives of the city over the adoption of the principle of party lines that it is by no means improbable that the resolution passed at last Monday's meeting will be re-adopted. An agitation is going on to have a second convention called early in the week to reconsider the matter as it is becoming evident that to press such a policy would be to divide the party when they come to the polls.

Mr. D. M. Eberts, agent-in-charge of this week among his quondam supporters in South Victoria endeavoring to ascertain his chances of re-election there. Reports from the district say that the ex-Attorney-General met with a very frigid reception, and was frankly told that the only time his constituents saw him was at the fall fairs, and immediately before an election. Even his friends admit that his chances with a farmer candidate are very slim, and that notwithstanding his announcement that he will again stand for Victoria, he will not be able to secure nomination even from his own convention.

MRS. GEO. TRAILL

A Well Known Lady of Thornhill, Man.

Got Almost Instant Relief From Heart Trouble by the Use of Milburn's Heart and Nerve Pills.

It is simply wonderful the number of western women who are coming forward to tell of the curative powers of Milburn's Heart and Nerve Pills. This time it is Mrs. Geo. Traill, a highly respected lady of Thornhill, Man., who gives in the following words the history of her case:

"I obtained from Mr. J. A. Hobbs, druggist of Morden, Man., a box of Milburn's Heart and Nerve Pills, as I was very bad with heart trouble at the time."

"I used the one box and got almost instant relief. I then bought another box, but only had to use a few of the pills, as I have never been troubled with palpitation since using them."

"I am very thankful that I got the pills, and if this will be of any use to others suffering as I did you may publish it in the papers."

Local News

(From Tuesday's Daily.) Arrangements have been completed for the lecture on the northern goldfields to be given by Mrs. Roswell P. Hitchcock, and in all probability the date will be fixed for the 23rd instant. The lecture will be illustrated by a large number of enlarged photographic views.

The postal authorities have established a post office between Esquimalt and Victoria West in connection with the general store, and the new suburban village will be called Beaumont, after the admiral of the North Pacific fleet. The establishment of the little office is decidedly a recognition of the growth of this district.

Atlin has been holding a series of concerts for the widows and orphans fund, the financial result to date being: First entertainment, \$88; second, \$86.50; third, \$114.25. Total, \$288.75, which has been placed to the credit of the fund in the Bank of British North America. The next entertainment is billed for the 23rd April, St. George's Day.

Those of Victoria's populace who were anticipating a treat in the visit of Miss Eva Booth of the Salvation Army to this city during this month, will be disappointed, the talented speaker having received a telegram to the effect that she was recalled to Toronto by very important business. Consequently her Western appointments are cancelled for the present.

The Metropolitan Methodist Sunday school celebrated their anniversary on Sunday afternoon. The children assembled in the church, where addresses were delivered by city pastors and others. An excellent musical programme was rendered by the children, assisted by a splendid orchestra, while in the evening a special children's service was held, conducted by Rev. E. E. Scott, of Vancouver.

According to recent issues of Hamilton papers James Cull, alias James Godard, who was arrested in this city and held on the charge of embezzlement in Hamilton, has been committed for trial. At the time of the alleged embezzlement Cull was engaged as an auctioneer in Toronto, and the amount in question, \$25,000, were the proceeds of a sale conducted by him for John F. Wood. Cull was recently employed as night clerk at the Central hotel.

Among those who will attend the teachers' convention to be held at Vancouver next week is Miss E. M. Burnett, of Regina, N.W.T., who is a teacher in the art department of the Normal School at that place. Miss Burnett is a graduate of the Normal School of Norton, N.B., and is a favorite contributor to several prominent magazines. She is at present visiting in this city, and is the guest of Mr. and Mrs. A. J. McLellan.

The management of the Esquimalt and Nanaimo railway, to take the gravel trains will leave Victoria from Friday, April 13th, to Monday, April 16th, inclusive, at 9 a.m. and 4:25 p.m. daily; excursion tickets being on sale Good Friday, serviceable until Easter Monday. There will be a special stage leaving Victoria on Friday in order that fishing enthusiasts may enjoy themselves at their favorite pastime at Cowichan Lake, returning from the lake in time to connect with Tuesday's train. The return ticket from Victoria, good for fifteen days, will be \$5. During the holidays return tickets can be secured for travel on the C.P.N. Co's boats for single fare.

The usual monthly meeting of the Local Council of Women was held in the City of Victoria, when, among other business a nominating committee was formed to arrange for the reception of the National Council of Women in July. Resolutions were also passed asking that subjects of public libraries and women's exchange be placed upon the agenda of the C.P.C. for their annual meeting to be held in this city this year. The report of the sub-committee selected to interview the secretary of the Society for the Prevention of Cruelty to Animals was not received and action in the matter was consequently unavoidably delayed. Congratulations on the organization of a local branch of the Red Cross Society were received from Dr. Hodgkiss and Lady Taylor.

All those desirous of participating in the examinations for the Royal Academy of Music, London, which takes place very shortly, are requested to forward immediately their entry forms properly filled to the honorary local representative, H. Walshe-Windle, 53 Vancouver street. That aspirants may have a strong incentive toward completion, Col. J. Bayne MacLean, of Montreal, the academy board's general representative for the Dominion of Canada, has generously offered a bursary of \$100 open to all candidates. This is to be devoted to the musical education of the winner with any college, conservatory or teacher Col. MacLean may select. The bursary will be awarded to the most promising (honors) candidate for 1900.

Charles McCormack, a father figure on the streets of Victoria, was removed to the Jubilee Hospital this morning in a pitiable condition, having been for some time past barely able to secure the necessary food to maintain his existence. The police authorities took his case in hand, and McCormack was taken to the hospital by Sgt. Hawton, despite his remonstrances that he was quite well, a statement certainly not justified by the old man's appearance. McCormack had at one time been a soldier in the United States army and was stationed at Oregon. Coming to this city he was engaged as carrier on the Victoria Standard, and continued that capacity for about ten years, until the Standard became an evening daily. His route was what was called the north route, extending north of Yates

street. He formerly resided on Fisguard street and owned several cabins in Chinatown. Latterly, however, he has been living in Spring Ridge.

(From Wednesday's Daily.) Mr. Lloyd Frye, of Spokane, and Miss Edna Kaufmann, of California, were united in the bonds of matrimony at the residence of the pastor of the Congregational church on Monday, April 9th, the Rev. F. Payne officiating.

The death occurred at St. Joseph's Hospital this morning of Rev. Father Rowdeault, for forty-two years missionary to the Cowichan Indians. He was seventy-five years of age. A full sketch of his remarkable career will appear in to-morrow's issue.

The long-standing case of Dunlop vs. Haney, involving the ownership of a mineral claim adjoining the War Eagle, was before Mr. Justice Drake yesterday. Several points were raised, and the case adjourned pending a ruling on them. Mr. W. J. Taylor for the plaintiff, Messrs. Hunter & Elliott for the defendant.

The funeral of the late G. Rowden took place yesterday from the undertaking apartments of the B. C. Funeral Furnishing Company, the interment being held at Sand Hill cemetery, South Saanich. The services were conducted by Rev. J. G. Hastings, and the pallbearers were: Messrs. J. Smith, W. Estes, F. Alexander, H. Alexander, F. Montano and G. Stevens. The funeral home was joined at the Royal Oaks by the remains of the late Mrs. Rowden, Master Marks, a half-brother, to Mr. Rowden, who died in the Lake District. The caskets were placed adjoining each other in the cemetery.

Deputy Fish Commissioner Boardman in referring to the run of salmon on the Columbia says: "The indications are that there will be a very heavy run at the mouth of the river this year and that it will begin soon. Further inland the fact that there has been little snow in the districts along the river. This will insure low water, and fishermen do not look for a very large catch any considerable distance from the mouth. Fish are being sold in the district I visited for six cents per pound, which is an unusually high price for one that bespeaks a profitable season for fishermen."

The case of Regina vs. Knox, which occupied the attention of the assizes all day yesterday and this morning, when the other side addressed the jury, came to a close at noon, when a verdict of "guilty of common assault under great provocation" was brought in by the jury. Joseph Knox was sentenced by Mr. Justice Martin to one month's imprisonment. The accused was a member of the Craigflower farm, and his offense is that he struck Mr. Webb, the government road boss, on the head with a hammer. There is a gravel pit, it seems, on the property of Knox, from which gravel is taken by the government for use on the roads of Esquimalt district. Mr. Knox is in custody, and will be satisfied with the arrangement in regard to the gravel, and sometimes locked the gate leading to the pit, thus preventing teams entering. In January last he locked the gate, and warned Mr. Webb not to take gravel from the pit. The warning was heeded, the road department having to take the gravel. A wagon went in and while its driver was filling his wagon Mr. Knox nailed up the gate. Mr. Webb opened the gate to allow the team to get out, and as he was doing so he was struck on the head with a hammer by Knox. A. L. Belyen, O.C., appeared for the crown, and L. P. Dui for the defence.

(From Thursday's Daily.) The funeral of the infant daughter of Mr. T. C. McLean took place yesterday afternoon from the family residence, Johnston street. The Rev. Mr. Barber conducted the services.

The death occurred at the Provincial House at Kamloops on Tuesday last of Edward Pritchard, a native of England. Mr. Pritchard, who has been in the home since 1898, resided at Saanich for about 32 years. The funeral took place on Wednesday, Rev. Mr. Flewelling officiating.

The appointment of Rev. Father Orth as Roman Catholic Bishop of Vancouver Island will be officially announced in a few days and the new Bishop will shortly take charge of the diocese. An account of his career was published in these columns several months ago.

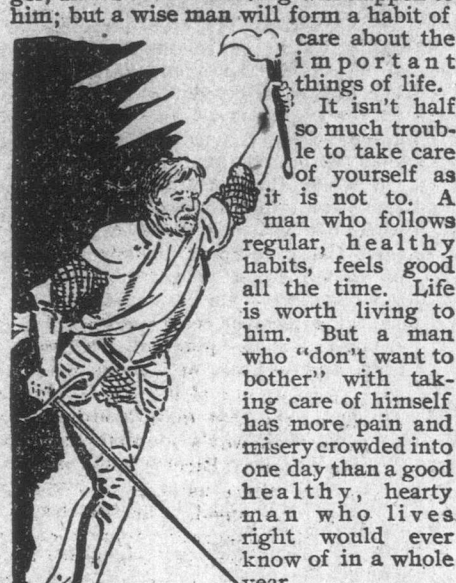

The funeral of the late Charles M. Brown took place yesterday from the apartment of the B. C. Funeral Furnishing Company, to St. Mary's church, Metchofen. Mr. Brown died at the Jubilee Hospital on Monday. The pallbearers were: Messrs. C. Helgesen, L. Whitelaw, J. Whitty, W. W. Whitty, T. Cogley and J. F. Johnson.

Acting on the proposition advanced some time ago in effect that the employees of the C.P.R. Pacific division contribute a small portion of their earnings during March to the Canadian patriotic fund, the collection has been made from the two thousand employees, amounting to more than \$5,000, which will be forwarded to those in charge of the fund at once. This is certainly a magnificent contribution and speaks volumes for the enterprise and spirit of those responsible for the movement, as well as those who contributed.

The congregation of James Bay Methodist church have certainly not been remiss in earnest endeavor to clear their church of all liabilities, another \$500 having been raised toward this worthy cause, making \$1,000 out of the \$1,450 promised last November. This is really splendid progress for so short a period and the members of the congregation have every reason to feel gratified at the success attending their efforts. An executive committee has been organized to make the necessary arrangements for an exposition to be held in May, 1901, by which it is expected that the sum of \$1,500 will be raised and the church freed entirely from debt. The congregation has extended to the past, and is now another year, provided the assent is secured of the conference which meets in New Westminster next month. At the recent annual

ETERNAL VIGILANCE.

"Eternal vigilance is the price of liberty." It is the price of everything worth having. It is the price of life itself. A man needn't be always looking for danger, afraid that something will happen to him; but a wise man will form a habit of

care about the important things of life. It isn't half so much trouble to take care of yourself as you think it is not. A man who follows regular, healthy habits, feels good all the time. Life is worth living to him. But a man who "don't want to bother" with taking care of himself has more pain and misery crowded into one day than a good healthy, hearty man who lives right would ever know of in a whole year. When a man's stomach is out of order, and his digestion don't work, when his liver gets to be sluggish and won't clear the bile out of his blood, it is time for him to look out for himself. He gets no nourishment out of his food. His blood gets thicker and thicker with impurities. His nerves get irritable. He loses energy and fighting force. He may say, "I can stand it, I will feel better to-morrow; but the chances are he will feel worse to-morrow and worse next day. He ought to put himself right at once. He needs Dr. Pierce's Golden Medical Discovery. It is made for just this condition. It rouses up the digestive and nutritive organs, and gives them power to extract from the food all the nutritious elements and transform them into rich, nourishing blood. It enables the liver to cleanse out all bilious impurities and pour into the circulation an abundance of highly vitalized blood, full of the life-giving red corpuscles which build up healthy flesh, muscular strength, and nerve-energy. It does not make flabby flesh. It is the only suitable tonic and strength-builder for corpulent people because it does not increase the weight above the normal standard.

"RACKED WITH PAIN." "For fourteen years I have been a sufferer from many ailments peculiar to women," writes Mrs. M. G. Bearden, of Stogerm, Carroll Co., Georgia. "I had liver complaint, indigestion, and many other afflictions. Had been for two years so ill that I was able to do but very little sort of work. I suffered for years, reading your medical pamphlet I resolved to try your medicine, although with but little hope of relief. I had become so feeble I was sick all the time, and racked with pain. Could eat but very little. I only slept about four hours in the twenty-four. There was no rest for me anywhere. I began taking your 'Favorite Prescription.' I have continued to gain in health and strength, having taken in all four bottles of 'Prescription' and two of 'Golden Medical Discovery,' and one trial of your 'Pleasant Pellets.' My weight has increased from 90 to 134 pounds under your treatment."

"I am happy to say that through your skillful treatment I am once more a well man," writes J. N. Arnold, Esq., of Gandy, Logan Co., Neb. "I cannot find words to express my gratitude. I suffered for years and could not find relief until I commenced taking Dr. Pierce's Golden Medical Discovery and his 'Pleasant Pellets.' I have been cured of my chronic constipation and torpidity of the liver which caused irritation of the prostate, and in the end resulted in inflammation of the bladder. I had only taken one bottle when I found great relief and the second bottle made me feel better than I had felt for years. I took six bottles, and think the medicine has effected a permanent cure, as it has been two months since I stopped taking the medicine and I have no symptoms of its returning. I think you have been the means of saving my life." Dr. Pierce's Common Sense Medical Adviser has had a great sale. 1,000 pages with 200 illustrations. The great book, in paper covers, is now offered FREE to whoever will send 31 one-cent stamps to pay for customs and mailing only. Cloth binding 50 cents. World's Dispensary Medical Association, Buffalo, N. Y.

meeting of the Epworth League of the church a special committee was appointed to assume charge of the bicycle department, while other recreation arrangements were initiated for the approaching summer.

ESQUIMALT REPRESENTATION.

To the Editor:—I have read the letter signed Joseph Shaw of the Cedars, Col. wood, published in your issue of the 9th inst., wherein he favors me by a reference to my preliminary canvass at the last general election in Esquimalt district. I have not the distinguished honor of knowing the gentleman. I regret that Mr. Shaw did not consider it necessary to be quite sure about the facts before he wrote his letter on the seashore at Esquimalt. He is all at sea. I did not pose as a Turnerite as alleged, and therefore I should not make the claim that he proclaims. It is quite possible that Mr. Shaw has mistaken me for the weeping willow that depicted with impassioned eloquence and gnashing of teeth the alleged sins of the late Turner government. S. PERRY MILLS. The Laurels, Victoria, April 10th.

SHOOTING HAS COMMENCED.

To the Editor:—The grouse shooting season opened here yesterday. The weather was delightful in the woods, but somewhat chilly in the open. Birds were tame and very plentiful, and several sportsmen from Victoria returned to town with good bags. To-day the woods still ring with the report of firearms. The hatching season has also commenced, but as the sportsmen kill only the male birds, I don't suppose it disturbs them very much. Come out and enjoy the fun, for there's neither constable nor game laws in Metchofen district. J. D. REID. Metchofen, 9th April, 1900.

DR. A. W. CHASE'S 25c CATARRH CURE... 25c. In sent direct to the diseased parts by the improved blower. It cleans the urethra, stops droppings in the passage, and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase, Medicine Co., Toronto and Buffalo.

THE NEWS AT OTTAWA.

Feeling of Relief Over the Announcement of the Dissolution of the British Columbia Legislature.

(Special to the Times.) Ottawa, April 11.—Sir Wilfrid Laurier received information to-day from the Lieutenant-Governor of British Columbia that the Legislature has been dissolved, and that the elections will take place on June 9th. There is a feeling of relief here over the matter. Until the result of the elections is known the full effect of the dismissal of the Seulin government will not be known. H. Bostock, M.P., left for British Columbia yesterday.

If you are tired taking the large dose of painful griping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a day.

NOTES FROM VANCOUVER.

To Select Candidates for District of Burrard—A Careless Cyclist.

(Special to the Times.) Vancouver, April 12.—The Conservative party lines executive committee last night made final arrangements for the holding of a convention here on the 25th for the selection of candidates for the district of Burrard. J. H. Senkler's child had his face cut by a reckless cyclist in the park yesterday afternoon. The Vancouver Bicycle Club has decided to support J. Gould and J. M. Barnes respectively for the offices of president and vice-president of the (Canadian) Women's Association.

A new shingle mill is being erected at New Westminster by the B. C. Mill, Timber & Trading Company. The wharf is now being erected and part of the machinery has arrived.

If you once try Carter's Little Liver Pills for sick headache, biliousness or constipation, you will never be without them. They are purely vegetable, small and easy to take.

FIRE AT NEW YORK.

(Associated Press.) New York, April 12.—The handsome building of the Catholic Church in West 60th street was badly damaged by fire early this morning.

BIRTHS.

JONES—On the 11th inst., at Stanley avenue, the wife of H. B. Jones, of a son.

MARRIED.

REYNS-NORRIS—At Vancouver, on April 10th, by Rev. L. G. Matthews, Mr. and Mrs. Cora, daughter of Mr. and Mrs. Noble.

DIED.

PRITCHARD—At Kamloops, on April 10th, Edward Pritchard.

KNOTT—At Rossland, on April 9th, Mrs. Frances Knott, aged 76.

BASSETT—At Victoria, B. C., April 10th, Almeron Robert, the beloved son of Mr. and Mrs. R. Bassett, aged three months and twenty days.

MORTON—At Vancouver, on April 8th, Emily, wife of William Morton.

ABSOLUTE SECURITY.

Genuine Carter's Little Liver Pills.

Must Bear Signature of Dr. J. C. Wood.

See Fac-Simile Wrapper Below.

Very small and as easy to take as sugar.

CARTER'S LITTLE LIVER PILLS.

FOR HEADACHE. FOR DIZZINESS. FOR RILIOUSNESS. FOR TORPID LIVER. FOR CONSTIPATION. FOR SALLOW SKIN. FOR THE COMPLEXION.

Price 25c. Purely Vegetable. Non-Food.

CURE SICK HEADACHE.

Dr. Cook's Cotton Root Compound.

Has been used successfully for many years in the treatment of all diseases of the liver and gall bladder. It is a purely vegetable compound, and is entirely safe for all ages. Price 25c. per bottle. Sold by all druggists.

No. 1 and No. 2 sold in Victoria by all wholesale and retail druggists.

APOLI & STEEL PILLS.

A REMEDY FOR IRREGULARITIES. Superseding Bitter Apple, Pils. Cough, Pepsin, royal, &c.

Order of all chemists, or post free for \$1.50 from EVANS & SONS, LTD., Victoria.

EVERY WEAK MAN.

SHOULD send for a Descriptive Treatise on the Modern Scientific Treatment of Nervous Diseases and Physical Weakness in Men, including Premature Ejaculation, Loss of Vital Energy, with other ailments affecting the system, together with numerous testimonials showing the progress with the most advanced treatment of the subject, together with a full and complete description of the system of being quickly restored to perfect health. Sent in a plain wrapper, and is a valuable work. Price 25c. per copy. CHANCERY LANE, LONDON, E.C.4. Encls. over 30 years.

WANTED—We will pay \$1200 a week salary to either a man or woman to represent the Midland Monthly Magazine as a subscription solicitor. The Midland is the same as the Midland or the Midland. It is now in its sixth year and is the only Magazine of its kind published in the great Central West. A handsome premium given to each subscriber. Send 10 cents for a copy of the Midland and premium list to the Twentieth Century Publishing Co., St. Louis, Mo.
