

ANOTHER AWFUL  
MINE DISASTER

OVER A HUNDRED MEN  
ENTOMBED IN UTAH

Explosion of a Magazine in the Daly-  
West Mine at Park City Works  
Terrible Havoc.

Salt Lake, Utah, July 16.—The magazine on the 1,200-foot level of the Daly-West mine at Park City, Utah, exploded shortly after 1 o'clock this morning. There were 150 men at work in the mine, which is one of the largest silver producers in Utah.

At 4 o'clock this morning 24 dead and 21 probably fatally injured have been removed from the mine, leaving 105 still in the workings.

The tunnel is full of gas, and it is impossible to get fresh air into the mine. All available physicians have been hurriedly sent to the scene.

Extends to Ontario Mine.  
Park City, Utah, July 16.—Two powder magazines on the 1,200-foot level of the Daly-West mine exploded about 1 o'clock this morning, causing a loss of life that probably will be estimated or even guessed at. At 4 o'clock 27 men had been taken out of the mine dead, and several others had been recovered in a half dead condition.

These were all brought out through the Ontario mine shaft, which is a mile distant from the Daly-West, in which the explosion occurred.

The 1,200-foot level of the Daly-West corresponds to and is connected by tunnel with the 600-foot level of the Ontario. In the Daly-West mine, between 100 and 150 men were at work. In the Ontario nearly 100, it is believed. It is not known how many of these are dead, but the disaster extends to the Ontario, as the noxious gases that have been freed are known to be the cause of several of the deaths.

There are two powder magazines at the 1,200 level of the Daly-West, one on each side of the shaft, with a capacity of from 1 to 2 cars each. A fine powder was added to the supply within the past few days.

Deaths For Relief Party.  
Three dead men have been taken out of the Ontario mine since the explosion. It was ascertained that two of the men were suffocated. The explosion was so tremendous that it is said that two miles away were killed by it. Women and children are thronging to the Ontario shaft house, which is midway between Park City and the Daly-West. Nearly all of them have husbands or fathers in the mine, and their grief is pitiable.

THAT CHINESE REQUEST.  
Washington Contends That It Was  
Made, Although Not at Once Com-  
municated to Britain.

Washington, D. C., July 16.—It is said at the state department that the Chinese note which Lord Cromer has in the House of Commons yesterday in regard to the evacuation of Tien Tsin to the effect that the British government was not aware that the Chinese government had asked the good offices of the government of the United States in the matter, and that the proposition had been made to Britain in that regard, is entirely accurate.

There is, however, in this no conflict with the statement previously made, for though the Chinese government did so appeal to the United States government, the only note which the Chinese government not immediately addressed on the subject when the other powers were being approached, was that the department previously had satisfactory assurances from London on the point.

The fact is that the Chinese authorities on July 1st requested that Minister Wu would kindly ask the government of the United States, which had pursued a just course of treatment towards the end, and maintained an attitude of great fairness, to consult at once the British government in a view of causing instructions to be sent to their representatives in China, for a speedy termination of the strike.

CONFEDERATION IS  
MATTER OF TERMS

A DECLARATION MADE  
BY SIR ROBERT BOND

Newfoundland Would Entertain Proposal  
for an Advantageous Union With  
Dominion of Canada.

London, July 16.—The Canada Club dinner to-night was attended by the colonial premiers now in London and many other distinguished guests. Lord Strathcona and Mount Royal, Lord High Commissioner in London, presided. The Right Hon. Sir Edmund Barton, prime minister of Australia, in the course of an address, made the first public reference to the plan for a confederation of Newfoundland and Canada, mentioned in the question of the confederation of Newfoundland.

Sir Robt. Bond, prime minister of Newfoundland, replying, dwelt upon the great strategic value of Newfoundland, which he said stood as a sentinel at the gateway to the internal waters of Canada. He traced the phenomenal record of the Dominion of Canada, and referred to its present prosperity, declaring the confederation to be one of the most important of the day.

The Associated Press, however, is in a position to state that there is little likelihood of the confederation of Newfoundland and Canada. The Prime Minister Bond should present to the Newfoundland legislature. The confederation of Newfoundland and Canada, mentioned in the question of the confederation of Newfoundland.
