THE GOVERNMENT BILL.

The Editor:—There is no difference of as to the necessity of some legisla- tion provided so as to increase the e. It suited the aims of the people e have controlled affairs in this p- uring the last decade or so to sow and, and it logically follows that we reap the whirlwind. Unsound prin- of finance have prevailed, and there s to be danger that we are to have e to the conditions thus created an d system of taxation. The singular about the new assessment bill is that e appears to be responsible for it, e no one accepts it as his creation e attempts to explain and justify its os. The public understand that the e introduced was drawn up by one of e eminent officials. The official is to e pillmented upon his industry, but the e thing feature of the case is that a e of this far-reaching importance e to such an official to determine, eply as to its phraseology and its e, but upon the principle upon e is based, and was brought down e ministers really knowing what e visions were, how they would affect e or even what amount of money e raised under the plan.

ing the preparation of an equitable e law are many and great. The ealous draughtsmen could not hope e one to which no objection could e. But the bill introduced, and e amended, is so exceedingly faulty e can only suppose that the minist- do not know what they were to do. I think these things will be e.

government ought not to have e down a measure until they had e thoroughly acquainted themselves e provisions.

Ascertained the nature and extent e burdens which it would impose upon e different classes of the community. e estimated the amount of revenue e would yield.

ill ought to have been in the men- ds sufficiently long to enable them e at it.

er of these things was done. The e was brought down hastily and e through the House, although e vents were accepted, and in some e proposed by the government had e effect of which could not possibly e under the circumstances. The e is that the new law will be a e burdensome one to the business e, and no one pretends to know e will accomplish in the way of pro- e revenue.

ment the government for appreciat- e necessity of getting more revenue, e are open to severe condemnation e manner in which they have gone e. They ask why some one does not e an alternative.

My recollection e the House is that an alterna- e proposed, namely, that the rate of e should be increased without any e in the incidence. This was reject- e the government, and yet it surely e served as a temporary expedient e the money-lenders, in whose e province seems unfortunately to e.

A DISTINGUISHED SOLDIER ARRIVES

EARL OF DUNDONALD VISITING VICTORIA

Has Been Inspecting the Strategic Features of Different Points Up the Coast.

Major-General Lord Dundonald, commander-in-chief of the Canadian militia forces, accompanied by his staff, reached Victoria on Sunday morning on the Quadra. His Lordship is the guest of His Honor the Lieutenant-Governor at Government House.

Lord Dundonald reached the coast a little over ten days ago, and boarding the steamer, he proceeded to inspect the various points of the coast, and the strategic features of different points up the coast. He has been inspecting the strategic features of different points up the coast, and the strategic features of different points up the coast.

LORD DUNDONALD.

Dominion government steamer at Vancouver proceeded up the coast to inspect the strategic features of Port Simpson and Kitimat. After he had familiarized himself with the characteristics and advantages of these points the Quadra came down the coast to Victoria, where the general officer commanding will doubtless put in a couple of busy days.

Tuesday evening he will inspect the Fifth Regiment, and in this connection Lieut.-Col. Hall has issued the following regimental order:

Victoria, B. C., Dec. 12th, 1903.
The regiment will parade at the drill hall on Tuesday evening, the 15th inst., at 7.30, for the purpose of being inspected by the general officer commanding the Canadian militia. Dress, review order.

By order,
(Signed) D. B. McCONNAN, Capt., Adjutant.

Lord Dundonald declined to talk for publication in regard to his recent trip, but it is understood that his visit to coast was for a double purpose. One object was to ascertain the harbor best adapted for the terminus of the Grand Trunk railway from a strategic standpoint, and the other to look into the nature of the two islands awarded to Canada by the boundary tribunal, namely, Wales and Pearse, and there is no doubt that the new law will be a e burdensome one to the business e, and no one pretends to know e will accomplish in the way of pro- e revenue.

Major-General Douglas M. Balfie Hamilton, 12th Earl of Dundonald, joined the army in July, 1870, and received his com-

mission as lieutenant in the following year. In April, 1878, he was promoted to captain, and he served with the Nile expedition in 1884-85 in command of the 2nd Life Guards detachment of the Camel Corps. He carried dispatches to Korti announcing the capture of the Ghabat wells, and commanded the transport and baggage of the desert column under Sir Herbert Stewart, in the advance to Metemneh. He was present at the action of Abu Kien and in the encounter at Gubat, and acted as guide to the convoys which left Gubat on the evening of January 23rd and February 1st, and also the reinforcements to Abu Kien. Lord Dundonald also carried to Gubat the dispatches announcing the fall of Khartoum. He was mentioned in dispatches, received the brevet of lieutenant-colonel, the Egyptian medal with two clasps and the Khedive's Star for these services. His commission as major bears date January 12th, 1885, that of lieutenant-colonel June 15th, 1885, and that of colonel June 15th, 1889.

Lord Dundonald's services during the South African war are fresh in the memory of the public. From November, 1899, he organized and commanded the mounted brigade of the Natal army, which included the Natal Volunteers, the Natal Light Horse, the Natal Mounted Infantry, and the Natal Artillery. He was present at the battle of Tlokoeng, and he was mentioned in dispatches for his services. He was promoted to lieutenant-general in 1900, and to major-general in 1901.

Lord Dundonald's family is connected with Canada by ties of the past. The seventh Earl was killed at the siege of Louisbourg. Admiral Sir Alexander Cochrane served in command of the same station. The father of the present peer served there for several years in the army. These are purely naval and military ties, but he has also other ties of kinship with the Dominion. Lord Dundonald is a great believer in the citizen soldier.

CRUISER FLORA IS NOW IN DOCK

SOME COMPARTMENTS NOW FULL OF WATER

The Officers Are Seriously Inconvenienced—Arrival of the New Commandant, Commodore Goodrich.

(From Monday's Daily.)
Anxiety concerning the Flora is now at an end. The cruiser arrived from Union yesterday afternoon, and entered dock at 9 o'clock this morning. The work of pumping out the dock commenced shortly afterwards, and by 3 o'clock this afternoon it is expected the entire damage to the ship's bottom will be exposed to view.

The vessel started from Union on Saturday afternoon, and anchored off Nanaimo over night. She came in under her own steam, and save for the disorderly appearance of the deck and the water marks decorating the sides of the ship there is little to indicate that the whole stern for upwards of seven days rested under water. At the present writing it is impossible to state exactly what the injuries are. A collision meeting is spread over the holes in the bottom, and is fastened by lines extending to the deck. A number of the compartments were full of water when the cruiser entered dock, but the most discomforting feature of the condition are her cabins. In these everything is destroyed. Book cases have swollen and broken, and sleeping apartments are in such order that they cannot be used. Officers lost nearly all their clothing and other personal belongings, and are appearing now in all kinds of dress. Driven out of their own quarters they have been obliged since the accident to make their home in the forward part of the cruiser and a number in the first few days of the wreck had to accommodate themselves in chairs.

Until after the court-martial of the captain, navigating officer and officer on watch at the time of the accident has taken place, it is understood that Rear-Admiral Bickford will not leave Esquimaux. In the meanwhile his successor is here from England, and his staff having arrived on Saturday night. So far as known no date has been set for the court-martial.

SUDDEN DEATH AT NANAIMO.
W. Bates, Son of Ex-Mayor Bates, Passed Away Yesterday Morning.

Nanaimo, Dec. 14.—Wm. Bates, son of ex-Mayor Bates and brother-in-law of J. H. Hawthorthwaite, M. P., died suddenly of heart failure as he was arising from bed yesterday morning. Deceased was in his usual good health the night before he died. He attended a meeting of the Nanaimo Poultry Association. He was 33 years of age, and leaves a widow and six children. The following are brothers and sisters of Mr. Bates: Mark Bates, Jr., Theobald Bates, Cumberland; A. G. Bates, Seattle; Mrs. S. Davis, Mrs. W. J. Goepel, Mrs. Bruce Heathcote, Nelson, B. C.; Mrs. Alice Bates, Victoria; and Mrs. J. H. Hawthorthwaite, Nanaimo. Deceased was born in Nanaimo, and was a prominent member of the Native Sons. The event throws a large pioneer family of Nanaimo into mourning.

James Gilligan, a member of the city police force, has been arrested on a charge of stealing a gold watch from James Beavens, an employee of Fletcher Bros' music store. The alleged theft was committed November 9th, in the Vendome hotel where Gilligan put Beavens in his room. The watch, which is a very valuable one, was missed the following morning, and the police notified. On Saturday Gilligan showed the watch to A. E. Hilbert, whom he asked to dispose of it in San Francisco. The latter showed the watch to Chief Grosvenor, who recognized it as Beavens' watch. Gilligan was locked up last night. He pleaded guilty this morning and threw himself on the mercy of the court. Magistrate Yarwood imposed a sentence of three years in the penitentiary, making the term light in consideration of the fact that the man has a large family of small children.

Early this morning some rubbish was caught fire in the basement of the hospital, causing considerable alarm. The flames were extinguished before serious damage was done, the patients suffering nothing of the trouble.

This morning at the provincial jail a dispute occurred about the quality of food. The row terminated in a prisoner hitting the cook, another prisoner, over the head with a board. Magistrate Yarwood will investigate the matter.

MISSING SEALERS.
Japanese Schooner, Commanded by Victorian, Has Disappeared—News Received by Letter.

A letter has just been received from Japan referring to what is considered to be another fatality of the sea. One of the Japanese fleet, which cruised in Northern Pacific waters this year, has disappeared, as did the Hatzie a few years ago. She was commanded by Wm. Farley, who a number of years ago made Victoria his home, then as a seal hunter. By strange coincidence he seems to have met the same fate as his brother Pat, who had shipped as mate on the ill-fated "Hatzie." The two or three more Victorians are known to have been on the Yap sealer, among them being a man named Gilley.

The schooner has not been seen since March, and it is thought in Japan that she has either capsized or that her powder exploded.

BIG ASSOCIATION GAME WAS A TIE

TWO CRACK TEAMS IN WELL FOUGHT BATTLE

Resulted in Score of One to One—Nanaimo Hornets Won Rugby Match.

It is seldom indeed that Victorians evince much enthusiasm over an Association football game. Such, however, was the case in the game between the Garrison and Victoria teams on Saturday at Beacon Hill. All points of vantage outside the grounds were crowded. Each goal play on the part of players on either side was greeted with cheers, and thus encouraged they set an unusually fast pace from the start and continued until the finish. The result was a draw, each team securing one goal.

In the first half the Garrison eleven scored, the forwards on both sides did good work, and each goal in turn was attacked. Several times the Garrison made onslaughts, the local eleven's goal which looked as if they would result in a goal. The defence, however, was too strong. Goward and Lorimer putting up an excellent game. The latter proved beyond question that his place is at full back. Time after time the local forwards rushed the Garrison, but just as often either Mitchell or Rivers would relieve. The only score in this half was made by the lucky corner kick made by a penalty kick.

In the second half the Garrison pressed their opponents hard, the ball being in the Garrison team's territory almost all the time. A number of "unsuccessful" efforts were made to score before the lucky corner kick already mentioned was taken. For the rest of the match the Garrison put up a defence game and the locals were unable to score.

Fred Richardson acted as referee. RESULT UNSATISFACTORY. The result of Saturday's game is most unsatisfactory to both the Victoria and Garrison teams. Even if the local eleven wins its game against the Columbia and Y. M. C. A. teams they will only be tied with the soldiers. The latter must leave on the 28th inst., and if the deciding game is delayed it will of course not be played at all. It has been suggested that the other matches of the postponed season be in order to allow the question of supremacy between Victoria and the Garrison to be settled definitely. This, it is hoped, will be acted upon.

Following is the present standing of the league:

Played.	Won.	Drawn.	Lost.	Pts.
Garrison	6	3	0	9
Victoria	4	2	1	5
Columbia	4	2	2	2
Y. M. C. A.	3	0	3	0

CAPITALS ARE CHAMPIONS. The deciding game of the junior league series took place on Saturday between the Capital and Central teams at Beacon Hill. Both eleven put up a good game, there being a close contest, the superior weight and staying powers of the winners being counteracted by the absence of one of their men. The game was most impartially refereed by Miss Nason.

RALPH SMITH, M. P., ENDORSED. The Mount Sicker Liberals Support His Candidature.

At a meeting of the Mount Sicker Liberal Association, held on December 12th, a resolution was adopted, unanimously passed, that this association heartily approves of the candidature of Mr. Ralph Smith, M. P. of Nanaimo, as a Liberal-Labour candidate, and promises him our support.

It must be very encouraging to Mr. Smith to find the people of his district so strongly supporting him, although this support might be expected after the manner in which he has represented the people in the Dominion House. Mr. Smith's friends are not confined to his own party, but in the district that he represents as well as the House of Commons he is held in the highest esteem by all. There is a feeling in favor of permitting him to be returned by acclamation amongst the people in the district.

ROSSLAND CAMP. Last Week One Shipments Amounted to Over Nine Thousand Tons.

Rossland, Dec. 12.—Concentrates produced at Le Roi No. 2 oil concentrator were shipped from the camp this week for the first time. Sixty tons in all went to Northport smelter for experimental purposes, and the outcome will show an interesting metallurgical point in connection with the treatment of this class of product.

In connection with the establishment of the White Bear concentrator, for which an order has been placed some weeks ago, an interesting point has arisen. The new mill will use water from Le Roi No. 2's plant, which is already charged with oil lost in the first mill. The effect may be to cut down the White Bear's oil loss to a minimum.

The J. L. X. mine has started under the new lease. Lessees have two machine drills on a fine body of ore, and the mill started crushing to-day. The prospects for another successful mill run are very bright.

One shipment for the week were large and it is certain now the total tonnage will exceed 400,000 tons by a small margin. This will be a handsome increase in the tonnage over the best previous year. The details of shipments were: Le Roi, 5,700; Centro Star, 1,500; War Eagle, 1,250; Le Roi No. 2, 400; Le Roi No. 2 (milled), 850; Lumber, 120; Skelpine, 90; total, 9,980; year to date, 325,789 tons.
