Siddell for you in Police Marging of a thousand thrushes. Now a bayonets, then with grenades, and with

enemy now, and I ask you to leave your all our efforts. Well, they deserved it. bones on this field of battle with me." At the suggestion of an officer of the bayonet," "Officers will look for the so that others following them might walk this book. It was given to enemy's leaders," "Do not expect to re-over their bodies into the defences. poured snot and snell from every available rifle and Maxim and light field gun.
Though the distance was short, and the night was dark, at this point the enemy's fire began to tell terribly. A man turned over, letting go one hand from his rifle,

so I kicked him gentley on the shouller water, to drink to the long parting-a to see if he had fallen asleep—he was parting after which they might never dead. I heard a gnashing of teeth behind me—a poor fellow was discharging some wine, and himself poured just a blood from his mouth. Yet not a sound, drop into each man's glass, shaking not a cry of pain, not even a muttered hands with each. Holding his glass They remembered their orders. aloft, he said: "Gentlemen, I have not To the last desperate trench of battle's Reaching a point where we were just much to say to you to night. You know able to see the abatis, we charged with an earth-quaking hurrah, and we rushed taking, in which success is not certain. We-some few dozen of us-entered You know also the chances against your the defence from the enemy's right flank. returning alive to tell the tale. I Here there were no entanglements or only wish you, gentlemen, godspeed. Go, abatis. I jumped over the trench and gentlemen; do your best. I do not comover the breatwork into the interior. A mand it of you, comrades, but only few of the enemy's lookout men were cherish the hope that your resolution and there, but I threw them down into a your determination may bear the fruit ditch with my hands. I had not had my of success. Farewell, farewell. Long sword drawn yet. It was like the affair live the Emperor! Long live the Emat Haikotai, when our Major Machino peror! Long live the Emperor!"
was killed. The enemy, like us, then concentrated all his available force upon pitifully implored me to take them, but the defence of the front. The only difon my refusal, begged me to do their defence lay in that we 230 were forced to engage Mischenko's full cavalry briand to engage Mischenko's full cavalry brians of citizen soldiers, men pursuing gade, but here the Russians were out- some peaceful avocation in som flanked, by a force considerably inferior corner of Japan, living and dving unto their own. I was just turning a cor-ner of a heap of kao-liang stalks, shout-creature, contented and happy to be a ing, "Come on, fellows, come on," when simple peasant or an artisan in the pipsame one ran straight into me, almost, throwing me into the stack. He is a six-footer, so he is no Japanese. I give the stack of my through the stack of my the stack of my through the stack

him a straight cut with the flat of my ity almost too great, to lead men such sword, and call upon him to disarm; as these to dangers and destruction, men then tell him to hide himself till the

fight is over and then come out and surrender. Well, he did it. Already I could make out such Japanese words from the direction of the front as "Banzai! You, Russki, surrender, or you look out." As the least them for my calk of them for my calk of them.

bye, Tori; meet you at Shokonsha" (the shrine of those fallen for the nation and sians began to stream towards the spot At midnight men threw off the great rinter coats, and white distinguishing bands were put on the left sleeves in readiness to move. With drawn swords the officers lead, with fixed bayonets the and throwing yourse!f down upon the men follow, in our usual formation. intervals, then the main body in column of sixes with a grenade man at every few paces in the ranks. And with a tremendous yell we stormed into the earthwork. What followed I cannot bear to recite. How many of us returned? A few, a very few. And the works? Intact still? As we receded came the enemy's counter-attack-the officer in command of this section knows his business well. But there is nothing so ridiculously easy as to repel a Russian counter-attack.

keep them for my sake, Oka!"

The next day, the 7th, went on much the same, but with a slight indication of wavering in the Russian ranks. On the 8th they commenced their favorite move, so taking the opportunity we rushed, cap-turing the position with much slaughter and a large number of prisoners. This was the final signal for the rout of Kouropatkin's Mukden army. That night we slept as best we could and where we stood. On the 9th we cleared the enemy out of Taisekikio (three miles northwest of Mukden), thence advanced to Teisan kashi, and there we bivouacked in battle

What an ugly goddess is the goddess of war! Among the wounded Russians upon the field was a boy of barely sixthrough both legs. He held a rosary in his hand, praying. Poor mite, the pity of it! Pointing to the red cross the arm of a bearer I called our in Chinese, "Surgeon, my brave little fellow. No answer. Then, in Russian, "Doctor." And told him he was safe. This in German-that was about my stock of languages. He was a l'ole, I bel'eve, as he spoke German. He was so thirste that my bottle was not enough for him, so another half of the bearer's bottle was given to him, too, and he had some biscuits. I had a strong yearning to ask attendants will be here soon and take you away. And soon you will be able to go home to your parents." Covering him up with blankets and coats taken chemy's leaders," To not expect to return alive," and so on, and so on.

At 2 a.m. the attack began. At 300 metres we stopped and made the final dispositions, then approached within 100 metres of the Russian lines. The enemy poured shot and shell from every available fold any able rife and Maxim and light field any and to remed any in the field and many offered themselves to a word turned away to find another suffather when I was leaving home for the

A VICTORIA SUNSET

from Beacon Hill: might be willing to take over for military purposes."

Canada is to hold the property as long as it is used for military purposes only. The small arms, amunition and supplies are ordered to be sold to Canada at cost.

The biggest rope ever used for haulage purposes has just been made for a district subway in Glasgow. It is seven miles long, and weighs nearly 60 tons. It has been and weighs nearly 60 tons. It has been and eight of patent crucible steels and many local patent crucible steels and many wealthy families in proportion to the whole por lation, or so many whose life business is liaterature or art. And obviously there is much to attract the printer and to hold him here for life—but not everything. No doubt his market is in aggressive commercial cities but not everything. No doubt his market is in aggressive commercial cities to the outer own. Last evening, catching a prophecy of sanset splendor, I hurried to Back in like Theodore Watts-Dunton's gypsyheroine for one unjointed and unspliced length and sent fact the changing colors of cloud and mountain and sea, and far away mist. Ruskin gives vivid details, but the new day, cool and sweet and shining. The mist acroess the strait was gone, leaven he uses too many words. Walter Pater was the man to see the sights and hear the sound from Beacon Hill last higher up a huge dull grey cloud from Olympics stood fast, their snows white against the evening blue, and their bases in like Theodore Watts-Dunton's gypsyheroine for the whole Olympics stood fast, their snows white against the evening blue, and their bases higher up a huge dull grey cloud from Olympics stood fast, their snows white against the evening blue, and their bases higher up a huge dull grey cloud from Olympics stood fast, their snows white against the evening blue, and their bases higher up a huge dull grey cloud from Olympics stood fast, their snows white against the evening blue, and their bases higher up a huge dull grey cloud from the outer ocean poured itself in long drifts over the breast of

A writer in the Winnipeg Free Press Watts-Dunton, Rossetti and some fine violet and then to cold grey blue, while thus describes a local sunset as seen English ladies. Exciamations of delight the soft rose color lay for a little on the fell thick and fact, but she stood silent. long Olympian summits. Above in the Victoria, Aug. 21.—I came to Victoria "You don't seem to enjoy it, Sinfi," said zenith where the blue is deepest, a flamefor two weeks, and have stayed a month; the artist. "Enjoy it," replied the Rom- suffised thistle down cloud dissolved for two weeks, and have stayed a month; and I hope I shall not bore the reader if any girl, taking a short black pipe out of laker, and I go on writing about Victoria. Fortunher mouth, "You enjiy talkin' about it. other cloud, white and opaque. Behind hesitation on the part of the Imperial ate folk who are masters of a full treasury authorities about giving effect to the resolution of the British government to transfer the Halifax defences to Canada. However a dispatch has been resolution of the British government to transfer the Halifax defences to Canada.
