C. P. R. STRIKE.

Comments of Toronto Papers—Western Men Want to Return to Work.

TORONTO, June 19.—The fact that although all the leading labor men in Toronto were invited to strike, only two, Armstrong and Gaudin, attended, and that Armstrong attacked the strike on the ground that it was illegal and contrary to principles of trade unionism for men employed by C. P. R. to strike, seeing that the C. P. R. has all along been paying its workmen higher wages than the Grand Trunk and Intercolonial, is much commented on by strikers this morning.

The Globe has been suggesting that the chance of an opportunity should not be given to let the advances and new conditions conceded by the company become effective.

CALGARY, June 20.—The striking C. P. R. men here have sent a message to the grievance committee at Montreal to accept the company's terms. The feeling is that the company has acted fairly with the men and operates the Intercolonial in a position to act as an arbitrator on a demand that still higher wages should be paid by the Canadian Pacific.

DISMAL OUTLOOK.

The Weather Has Greatly Damaged Crops in Europe.

LONDON, June 20.—June, which began in western and southern Europe with premature, August-like heat, has become in the past week abnormally cold. Great Britain, France, Germany, Austria and Italy alike have suffered. Some nights have been absolutely frosty and the thermometer at Greenwich on Tuesday registered 33 degrees. There were similar temperatures in parts of France and Italy, while now, Austria and Italy alike have suffered. The weather has had the worst effect on the crops everywhere. It is stated that the wheat crop in France has been ruined. The almost unbroken drought in England during the month has destroyed the hay crop, and seriously checked others. The temperature rose slightly on Wednesday and there was some rain.

TWO LYNCHING BEES.

LA GRANGE, N. C., June 19.—D. A. Jones, the negro preacher, who it is alleged, attempted to rape Mrs. Kead Davis near La Grange yesterday, was taken from the guard house here last night and lynched.

SHREVEPORT, La., June 19.—Frank, better known as "Prophet" Smith and F. D. Bell, held in connection for complicity in the murder of John Grey Foster, were taken out by a mob tonight and strung up to a tree. They were left dangling side by side. The lynching occurred on the Arkansas road, about one mile and a half from the jail. Both negroes made statements before death denying their guilt.

PHILIPPINE AFFAIRS.

MANILA, June 20.—It is estimated that 40 insurgents were killed or wounded during the recent engagements which have occurred in Albay province, many insurgents returning to their homes. General Gallies, who was at Pagsanjan, Laguna province, yesterday, is now at Cavite, not far from Pagsanjan. Charges of theft and the sale of public property are made against a number of the witnesses in the commissary cases. Provost General Davis has submitted a plan for the municipal government of Manila. The United States Philippine commission is modifying it.

KNIGHTS OF PYTHIAS.

CHICAGO, June 20.—Members of the supreme lodge of the Knights of Pythias from all parts of the United States and Canada, will gather in Chicago on July 9 to attend a special session, the first assemblage of the kind called since the organization of the order. The session will be behind closed doors at the Lexington hotel, and will probably continue for a week or more. The object is to adjust the investment of the endowment funds and provide for the growing needs of the insurance branch of the organization.

TOO MUCH CURIOSITY.

BERLIN, June 20.—Some alarm was caused by an incident at Berchunbochum, Westphalia, yesterday. While the Crown Prince Frederick Wilhelm was on his way from Minden to Bonn a drunken individual approached his carriage and made a blow with a stick at the window at which the crown prince was seated. The individual, who described himself as a clerk, was arrested. He said he merely desired to see the crown prince more clearly.

GEN. BARTLETT A VICTIM.

NEW YORK, June 20.—The body of General Charles G. Bartlett, one of the victims of the sinking of the ferryboat Northfield, of the Staten Island line, was found today in the East river. The body was badly decomposed. A gold watch, which had stopped at 6:20 o'clock, was found on the body.

A PRO-BOER MEETING.

Ten Thousand Londoners Protest Against It—Balfour's Strong Words.

LONDON, June 19.—A pro-Boer meeting, held in Queen's hall tonight, adopted the usual resolutions, but one favoring Boer independence was not entertained. Henry Labouchere presided, and besides J. W. Sauer (ex-commissioner of public works of Cape Colony), many prominent pro-Boers, including John Dillon, leader of the Nationalist party, David Lloyd, George Welsh, Nationalist, James Keir, Hardly Socialist, and Sir Whirrid Lawson, were present.

Fully 10,000 people opposed to the meeting gathered outside in Regent street and blocked traffic and several men mounted the parapet of the Langham hotel and waving Union Jacks, proposed resolutions against the pro-Boer agitation.

LONDON, June 19.—A. J. Balfour, first lord of the treasury, in a speech tonight, at a conservative banquet in London, made a strong protest against the action of the Bannerman party in countenancing the pro-Boer movement, thereby prolonging the war, and adding to the already great difficulties and sufferings.

"It is a scandalous and shocking thing," said Mr. Balfour, that such men should, before the whole world, accuse their fellow countrymen and soldiers of carrying on war by barbarous methods."

THE WEATHER.

TORONTO, June 20.—West and east, light winds, fair. Friday, light to moderate winds, mostly southerly.

WASHINGTON, June 20.—Eastern Texas and northern New York—Partly cloudy tonight and Friday; fresh easterly to southeasterly winds. Western New York—Local rains and thunder storms tonight and probably Friday, light to fresh southerly to southeasterly winds.

THE BROTHERHOOD OF ST. ANDREW.

(Halfax Recorder.)

C. Hubert Carleton, late general secretary of the Brotherhood of St. Andrew in England, gave a very stirring address on Monday evening at the Church of England Institute. Mr. Carleton is one who exemplifies by his life the great practicality of Christianity. He told how the movement was started from a Bible class conducted by Mr. Houlding, a Chicago banker. The class was composed mostly of young clerks and in their efforts to influence their brothers, went back over 20 centuries of Christianity to the method pursued by the first disciples and called the society after St. Andrew, but did not dream of the world wide organization which the brotherhood has now become, with chapters in nearly all parts of the world, including Cape Colony, China, India, Japan and the Klondike.

Although great numbers have never been sought, it has been the largest male society in the Church of England, and stands for personal religion and responsibility. Mr. Carleton is, we understand, a graduate of Oxford University, and is spending a few weeks in the Maritime Provinces in connection with the Brotherhood of St. Andrew, before entering his chosen calling and settling down again in Canada.

SCOTCH "GET THERE" QUALITIES.

(Labouchere in London Truth.)

I was talking to a Russian—a cosmopolitan in his direct knowledge of all the lands and peoples on the face of the globe—about the yellow question and race competition. He said if the English business houses only employ Scotch travellers of low fixed salaries and high percentages on orders obtained, often watched Scotch agents at work in China. They were not good linguists. But they always knew enough to make themselves understood and to be able to understand rebuffs and turn a deaf ear to them. Jews could do nothing where Scots did well. They had more patience than Americans, and were just as shrewd. An American got tired or restless and went off. A Scot stood his ground and succeeded.

THE EASE WITH WHICH MEN DIE.

(Dr. Andrews, of Philadelphia, who has seen 3,000 deaths.)

I have found that persons of clean life, of honorable, upright, religious character, not only do not display any indifference to the approach of death as those of grosser life do, but welcome it as a relief from care and toil. There is something about the approach of death that reconciles men to it. The senses are dulled, the perceptive faculties are blunted, and the end comes quietly, painlessly, like a gentle sleep. In this condition—I mean on the approach of death—those who retain their faculties to any degree become more or less phlegmatic. They know that death is inevitable, that it is only a question of hours, and they accept the verdict without any demonstration and in a philosophical way. In all my experience I have never found a case in which a dying man or woman complained against the inevitable, attempted to fight its approach or even feared death. It is only in good health that we fear death. When we become ill, when we have sustained some injury of the very serious nature, the fear of death seems to disappear.

PUBLIC OWNERSHIP.

Here's a Platform for the Fabian League to Consider.

KANSAS CITY, Mo., June 19.—The allied third party conference by reformers from the ranks of the old parties, and with principals said by some to have been adopted with a view to fitting the views of Wm. J. Bryan, was called by Lee Merrivether, of St. Louis, who with 22 other St. Louis leaders in the public ownership party of that city, came to Kansas City yesterday after a visit to Mr. Bryan at Lincoln.

At the conference there were populists of all persuasions, public ownership was advocated and free silver republicans, socialists, single taxers and Bryanites were in attendance. It was stated that it was proposed to form a third party in Missouri, which should finally be taken up by the dissatisfied in the old parties from other states. A committee on organization today submitted the following as the new party's principles and they were adopted:

Public ownership of railroads, telegraphs, etc.
While awaiting the legislation necessary to secure public ownership, rigid control of freight and passenger rates and severe penalties for rebates and other discriminations by railroads.
Taxation of railroads and other public utility corporations in the same proportion as the value of farm and other property.
Direct legislation by the initiative and referendum to the end that the people may initiate good legislation and veto bad legislation.
A gradual income tax to the end that wealth which receives government protection shall bear its just share of the cost of the government.

Whatsoever is used as money shall be full legal tender, issued by the general government in sufficient volume for business purposes and that volume fixed in proportion to population.
Just election laws throughout the state.
Home rule for cities and abolition of the present system of using the police as a standing army to carry primary elections in the interest of dishonest politicians representing still more dishonest special privilege corporations.
Election of United States senators by popular vote.
The meeting organized by electing J. S. Cook, fusion populist, chairman; J. H. Ellis, middle-of-the-road, populist, vice-president; and F. S. Kowalski, public ownership member, sec'y. The committee besides deciding on the name for the movement, decided to call a state convention for some time next fall.

MACHINISTS' STRIKE.

KNOXVILLE, Tenn., June 20.—General Superintendent J. A. Dodson, of the Southern railway, western district, has made this statement relative to the machinists' strike: "None of the machinists who went out on a strike three weeks ago has been or will be taken back into the shops of the Southern Railway company. The proportion of men we have put to work in their places varies in different shops. At some places more than half the positions have been filled."

CHINESE AFFAIRS.

TIEN TSIN, June 20.—Chinese troops with the permission of the allied forces, are occupying several small places in Yang, vacated by the English troops. General Lorne Campbell says the delinquents in the recent difficulties between soldiers of the allies will be severely punished. Similar troubles are not likely to occur again. General Vopron, the French commander, has heartily co-operated with the British commander and is determined so far as the French are concerned that order shall be maintained.

TOM BURNS WAS SHOT.

TUCSON, Ariz., June 20.—Tom Burns was shot and killed by a cowboy named Wallace at Mammoth. Burns and Wallace had been riding together on the range and had trouble. "Is it quiet out in the country where you live, Simpson?"
Quiet? Why, when I get home at night our cow comes around and sits down by the porch to hear what I have to tell.—Chicago Record-Herald.
