The game will be played on the Victoria grounds and is creating considerable interest among the fans. J. McAllister will officiate as umpire.

CHESTER MARTIN DOING GOOD WORK AT OXFORD
Has Taken His Degree With Honors and is Now Studying for Special Prizes.

Word has been received from Oxford that Chester B. Martin, New Brunswick's first Rhodes scholar, has now completed the three years' term and taken honors in the final school. When Mr. Martin entered Oxford it was his intention to take the history course, including modern history, economics and jurisprudence. He has, however, slightly modified his plan and added to his studies other work, and entered in his second year for the Gladstone memorial prize, which he won. After winning that much coveted honor, he was called upon by the Colonial Club of Oxford to read a paper. This he did, and received great praise for his effort. An invitation was extended him to the banquet given Lord Milner at the Hotel Cecil in London, where he met many of the leaders in British politics. During the long vacation last year Mr. Martin spent most of his time in France prosecuting his studies, and later had a very pleasant visit in Ireland with Prof. Stokely, formerly of the U. N. B. staff, with whom he visited many points of interest.

While the college closed during the latter part of June Mr. Martin is still hard at work, having decided to enter for several of the larger prizes, and has, of course, received his B. A. with honors, but is going in for a higher degree. His future is not yet definitely decided, but Mr. Martin may come home for a brief visit. He is not of the U. N. B. staff with whom he yet does with Oxford. This he worked harder than in the two months since the college closed. On the whole, he has taken a very full course and has done excellent work.

THE ARTILLERY BAND'S EXCURSION TO BOSTON

Arrangements have been about completed for the Artillery Band's excursion to Boston. The band will leave here at 7 o'clock Saturday evening next on board the Yale. A large number of people are expected to accompany the musicians to the Hub. On Labor Day the band will give a concert in one of the Boston theatres. Concerts will also be given on two of the beaches near Boston. Master William F. McNeill expects to have a band of thirty-eight pieces for the excursion. Capt. Stanley B. Smith and Major Beverly R. Armstrong will also go along.

SHEFFIELD ST. PRISONERS ALL PLEADED NOT GUILTY
And Were Remanded for Trial—Hearing in Suit Against the Elaine Was Continued Today.

County Court opened at 10 o'clock this morning. The three prisoners, John Francis, Mary Brady, alias Mamie Ferrish and Mary Delghan were brought into court. They elected to be tried by a jury. The charges were read over to the prisoners by Clerk Ferguson.

Mary Brady, alias Mamie Ferrish, charged with having stolen a pocket book containing \$400 from Wm. Lounsbury, pleaded not guilty.

John Francis, charged with having received \$400, knowing the money to have been stolen, pleaded not guilty.

Mary Delghan, charged with perjury, committed at the trial of Mamie Ferrish, pleaded not guilty.

The prisoners were then remanded to jail until Tuesday morning at 10 o'clock when their trials will commence.

The case of The Vaughan Electric Co. vs. The Hampstead Steamship Co. was then resumed. The case for the defence was opened.

L. A. Curry, K. C., first went on the stand. He stated that he is a director of the defendant company.

The company owns two steamers, the Elaine and Hampstead. He has made frequent trips up the river on board the Elaine. He has never known the electric lights to go wrong when he was on board. Captain Meade, formerly manager of the company, had informed the witness that some work had to be done to the lights by electricians. The witness stated that he received a call from Mr. Vaughan, who spoke to him concerning some repairs to be made to the electrical plant on the Elaine. The witness stated that he did not telephone to Mr. Vaughan asking him to call.

Mr. Vaughan made an examination of the Elaine and returned in a few days. The witness, together with G. R. Vincent and Captain Peatman, held a meeting with Mr. Vaughan, who stated that the wires in the steamer were old and should be replaced by electricians. The witness stated that at first estimated the cost at \$185. His statement might be more later on. His witness asked Mr. Vaughan if the price of the work would exceed \$200. Mr. Vaughan stated that he did not think the cost would exceed \$200. Mr. Curry asked if he could state positively that \$200 would be the outside figure. Mr. Vaughan agreed to do the work satisfactorily for a price not exceeding \$200. The witness asked Mr. Vaughan to put the contract in writing and he replied that he would call at witness' office in a few days to fix up the contract. The next Mr. Curry heard of Mr. Vaughan was when the bill for the job was rendered. The witness knew of occasions when Mr. Vaughan's workmen did not arrive at work until after 9 o'clock in the morning. The men were working by the day and according to the witness should have started work at seven in the morning. The witness engaged W. and F. Myers to do the work on the steamer and men from that company are now working at the steamer. When Mr. Vaughan's bill was rendered, the witness called him up and informed him that the agreement was that the work would be done for a price not exceeding \$200. Mr. Vaughan called the witness later and was told that the lights were not satisfactory. The witness told Mr. Vaughan to put the lights in shape, and as soon as that was done, he would give him a cheque for \$210.

Capt. Peatman of the Elaine was the next witness called. He remembered being in Mr. Curry's office when the discussion between the latter and Mr. Vaughan concerning the work took place. He heard Mr. Curry tell Mr. Vaughan that if the job would cost over \$200 he needn't go ahead with it. Examined by Mr. Teed, Capt. Peatman said that the cylinder in the engine broke down and on her arrival at Indianston on Monday she was laid up for repairs.

Charles Hanington, associate counsel with Mr. Teed, here asked the witness if the breakdown occurred on Sunday. L. A. Curry answered that the Elaine never runs on Sunday.

Mr. Teed asked Mr. Hanington if he thought Mr. Hanington was endeavoring to work up a case for the Lord's Day Alliance. Mr. Hanington replied that he would expect His Honor to back him up if that was his plan.

George B. Vincent was next called as a witness for the defence. He was appointed a director of the defendant company in 1904. He is now secretary-treasurer. He remembered the discussion with Mr. Vaughan in connection with the work.

Mr. Vincent was on the stand when court adjourned until this afternoon.

At this morning's session of conference of the Seventh Day Adventists, the officers for the coming year were elected as follows: President, Wm. Guthrie; Managing Committee, J. O. Miller, St. John; F. A. Tracey, Cambridge, N. S.; A. A. Livingston, Williamsdale, N. S.; and E. E. Gardner, Williamsdale, N. S.

The board appointed to manage the Williamsdale Academy is as follows: Ira J. Galt, D. W. Dimmick and managing board, Miss Alberta McLeod, of Halifax was re-elected secretary.
