DEAD WOMAN IDENTIFIED.

Body Found in Trunk Was That of a Person Who Was Seeking Divorce.

CLEVELAND, Ohio, Sept. 15. - The body of a young woman which was found yesterday crowded into a trunk and which was picked up in the water under a coal dock on the lake front, has been identified as that of Mrs. Inez Smith of this city. The woman disappeared on Sept. 6th. That she was murdered and her body placed in the trunk and thrown into the river the police say is certain. Some time ago the woman applied for a divorce, alleging that her husband. Samuel Smith, had another wife living whom he married in 1898. Before her marriage to Samuel Smith the murdered woman's name was Inez Hall and she lived in Zanesville, Ohio. The Smiths had lived in Cleveland about five years. but recently had not been living together. The police have arrested Eugene Minor and Certrude Smith. It believed by the police that they know something of the case. A despatch from Zanesville last night stated that Samuel L. Smith, a colored waiter, and Inez Hall, a white chambermaid, employed at the Clarendon Hotel in that city, were married there in July, 1889. The mother of the dead woman lives in Cambridge, Ohio.
